**ADDENDUM TO THE SPECIFICATIONS AND BID SUBMISSION FORMS FOR STUDENT
TRANSPORTATION
BID DUE MARCH 28, 2019**

ADDENDUM No. 3

March 20, 2019

Pursuant to the terms of the Transportation Specifications issued by the Onteora Central School District with a Bid opening date of March 28, 2019, this Addendum will clarify or modify certain identified aspects of the Specifications. This Addendum is made a part of the contract and is enforceable under the same terms and conditions as the original Specifications.

Whenever a page number, section or appendix is referred to in the following modifications/clarifications, the page, section or appendix refers to the Transportation Specifications as issued by the Onteora Central School District as described above. In locations where paragraph numbers are identified, they are identified utilizing the paragraph symbol (¶) and the paragraph number refers to the full paragraphs on the designated page (not carry-over paragraphs from the previous page).

The following addendum is added to the Bid specifications:

The following question was asked:

- Ques. 1: Our attorney reviewing the specification has asked for a copy of the contract that is referenced in Section 8.15 (page 80). Could you email that document? Is it the standard NY SED form?

Ans. 1: The contract referenced is the standard New York State Education Department form. A copy of the contracts is available through the website of the New York State Education Department, Pupil Transportation, on a page entitled Contracts / Business.

- Ques. 2: Vans are listed as 18-24 passenger. I'm assuming those to be Type A school bus vans. Are they required to be Single Rear Wheel vehicles that can operate on parkways? Or can they be Dual Rear Wheel vehicles?

Ans. 2: Yes, the 18/24-passenger vans are the Type A school bus vans. Presently, the School district has available through the existing Contractor a mixture of single rear wheel vehicles and dual rear wheel vehicles. The seven 30-passenger vehicles shown on the 2018-2019 Transportation Program Profile distributed at the pre-Bid meeting and shown on the School District's website with the transportation Bid information are dual rear wheel vehicles.
