19. Public and Student Comment

19.01 Public and Students may comment on any agenda or non-agenda item (proposed 8:25 duration 10 min or more)

Corey Cavallero – thank you to the Board members, is the new OTA President – came to say hello and looking forward to working with the Board of Education

Cheryl Spada – VP of Woodstock Primary School PTA gave the PTA's response to "Save Wonderworks" – playground has reached its life expectancy, playground needs to allow for handicap children, needs to be more visible for supervision. It is not about structure, but about the children. All their meetings are open to the public and provide child care to allow for involvement

Becky Konjas: Woodstock playground has unsafe blind spots, not enough visibility and arsenic wood that make the playground needing to be replaced instead of rehabilitated. Information was in 2 newsletters. It is sad that this group is threatening legal action about a playground. Will create legal costs that take from the children's programs. It is not ADA compliant or up to safety standards for visibility. Hold onto memories, but keep focus on children who play there 5 days a week

Catherine Magarelli – representing Supervisor Jeremy Wilber and the Town Board of Woodstock. They are not taking a position for or against – offer assistance. Personal Opinion: sometimes need to leave nostalgia and build something better for the children

Laurel Olexa – working with a group of people to raise money for a wheel chair accessible swing for playgrounds. Did one in Saugerties and Kingston – makes playground ADA accessible, would like to help Woodstock and Phoenicia

Marcia Panza – nurse at Woodstock – can attest to splinters and other injuries from the playground. Density of playground is unsafe – goal is to fit the space to have it be aesthetically pleasing and be visible

The Board took a Break at approximately 8:20

20.08 Second Reading and Adoption of Policy 1410 - Policies (proposed 9:00)

Recommended Action: The Board of Education hereby adopts policy 1410 as written.

2015 1410 By-Laws **SUBJECT: POLICY**

The Board of Education shall reserve to itself the function of providing guides for the discretionary action of those to whom it delegates authority. The Superintendent shall act as an advisor to the Board in the adoption and approval of written Board policies. The Board shall seek input from the

staff and community where appropriate. These guides for discretionary action shall constitute the policies governing the operation of the School System.

The formulation and adoption of these written policies shall constitute the basic method by which the Board of Education shall exercise its leadership in the operation of the School System. The study and evaluation of reports concerning the execution of its written policies shall constitute the basic method by which the Board of Education shall exercise its control over the operation of the School System. The Board may appoint a policy committee; however, such committee does not absolve the Board of its responsibility in the formulation and adoption of policy.

The adoption of a written policy shall occur only after the proposal has been moved, discussed and voted on affirmatively at two (2) separate meetings of the Board of Education (i.e., the "first reading" and the "second reading"). The policy draft may be amended at the second meeting. By a majority vote, the Board may waive the "second reading" and complete the adoption of the proposed policy at its "first reading" for policies of a timely matter."

The formal adoption of written Board policy shall be recorded in the official minutes of the Board. Such written Board policy shall govern the conduct and affairs of the District and shall be binding upon the members of the educational community in the District.

It shall be the Board's responsibility to keep its written policies up-to-date so that they may be used consistently as a basis for Board action and administrative decision.

The Superintendent shall promptly inform the Board of all policies that are out-of-date due to changes in the law or for other reasons appear to need revision.

Communication of Policy

The Board of Education Policy Manual is a public document containing decisions and guidelines that are important to the entire District and community. Staff and community members are encouraged to be familiar with the contents of the manual. To this end, copies of the manual will be available in each of the school buildings as well as in the Central Office and on the District website. Additionally, information on new and updated policies will be sent to staff and to the media for public knowledge.

Updating of Existing Policy

The Board shall evaluate the effect of its policies and the manner in which they have been implemented by the administration on a special basis. In such evaluation, the Board may call upon staff, students and community.

The Board directs the Superintendent to bring to its attention any policy areas in need of revision or new development.

At the last meeting of the Board of Education in July of each year, newly elected Board members will be given an updated policy manual prepared by the District Clerk. Other members of the Board of Education will be given updates from time to time.

Developing New Policies

In formulating new policies, the Board shall refer to policy 1411.

10.02 Planning for Wifi Task Force (proposed 8:35 duration 10 min)

7:25

Task:

To gather and organize:

1. Research pertaining to the health implications of Wi-Fi
 2. Information regarding the educational and fiscal implications of current Wi-Fi use at Onteora
- Interested Task Force should contact District Clerk
 - Staff, parent, community members
 - Ask PTAs to have parents come

- Task Force should not be stacked by people who have an opinion one way or another
- Objective unbiased way to let the data speak for itself
- Would be good to have Task Force populated with unbiased people to hear experts and then make a decision
- Much discussion of elementary schools, discussion on whether the charge should include delineation between young children and older children
 - Is Primary school the most important?
- Interim Superintendent Victoria McLaren sent an email about the fact that administrators began conversation about removing Wifi from the primary schools
- Perhaps include in task the strength of Wifi in the schools since that is of most concern
 - Our network specialist said it is not 12 times stronger – does not go through the walls, that is why need so many connections
- Include true experts on task force, perhaps university professors, to help digest research
- Elementary schools do not have same routers as MS/HS
- Every room in MS/HS has a unit in the room
- All constituent groups involved and send to PTA
- Discussed expectation of Board from time point of view, how often meeting – all takes time – volunteers have busy life
- People interested in this are also on the Technology Committee
- Interim Superintendent Victoria McLaren to discuss the effect on the education of temporarily disabling Wifi in primary and intermediate schools with administrators on 9/9/15 while the Task Force works
- Let the Task Force choose meeting dates when they understand how much data and the task at hand
- Hope to have multiple points of view on the Task Force

5. Board District News

5.01 The Board will announce District news (proposed 7:00 duration 10 min)

Phoenicia playground build was amazing

- Trustee Storey and Trustee Kurnit helped at Phoenicia playground build
 - Impressed with how everything was laid out and went really well
 - Hoping to see people here on Friday for Woodstock build

6. Superintendent District News

6.01 The Superintendent announce District news (proposed 7:10)

Interim Superintendent Victoria McLaren reported:

- Thanked all volunteers and Onteora Building and Grounds Staff who worked on the Phoenicia playground build
- Teachers at Bennett opened up their classrooms to parents last Friday evening before their picnic
 - This gave parents the opportunity to meet their child teacher(s) and see the classrooms before our open house.
- The HS had a very smooth opening
- Currently have 107 9th graders, 104 10th graders, 108 11th graders and 99 12th graders
- Individual assemblies were held for each grade level to review the student-parent handbook, the code of conduct, electronic device/technology expectations, and information about the Dignity for All Students Act
- The HS/HS Open House is scheduled for 9/17/15 from 6 pm to 8:30 pm
- Petitions for Junior and Senior Class officers are due 9/16/15
- Student Government will be meeting in the near future and the elected president is the BOE Student representative
 - This may change
- Information will be available soon on the athletic department's website about Homecoming, which is 9/26/15

7. Public/Student Comment

7.01 The public and students may comment on any agenda or non agenda item. Please limit comments to 3 minutes (proposed 7:15 duration 10 min or more)

7:15

Nancy Schauffler – Read statement about recess from Karin Reininger- teacher at Peekskill – children need to play – balance work with play

Cybele Nielsen – Put yourself in the children's place- working 7 hours without a

break. Make recess a sanctified 30 minutes

Linda Sella – The playground build was a very special 2 day event – Thank you to the Board and Superintendent for helping at the Build. Read a thank you statement from the PTA

Posie Strenz – Thank you to the Board for your service. Recess should be considered an intrinsic part of day for students. Counter-productive to use recess for other things, such as orchestra, etc.

Steve Finlay – concerned parent because of Wi-Fi. Civil engineering background. Read article called “Studies suggest Wi-Fi Exposure More Dangerous to Kids Than Formerly Thought” from 1/13/15 Forbes magazine

Weston Belock – Spoke to Health & Wellness Committee and supplied information about the health impacts of Wi-Fi to children. Change to wire technology

Raji Nevin – Read letter from pediatric neurologist about the health effects of Wi-Fi

Christina Kravig – Disagree with the use of recess as disciplinary measure and the use of taking time away from core subjects for band. Support Wi-Fi being turned off

Corine Mol – Support the idea of recess being not being taken away for any reason. Adequate exercise keeps you healthier. Find other strategies besides missing recess when children misbehave

Leslie Sawhill – Having daily outdoor play nurtures the spirit. Students feel loss of recess hours later. Child lost recess, now 18, remembers losing it and how it felt

Lorelei Voelker – Recess should not be taken away for any reason. In favor of Wi-Fi being taken out

Steve Romaine – FCC only has standard for a full grown male, not cumulative exposure – only 6 minutes not tested for children. Children are being exposed in schools involuntarily

Tony Fletcher – Let kids be kids and play. Need the time in the day. Will give research information to Board. Letter from 5th grade Onteora teacher specifically says will take recess for homework. Board’s homework policy is different than what is stated in Bennett’s handbook. Need to find the time to address homework, band, chorus and extra help. Do not make recess expendable.

8. Presentation

8.01 Summer Academy Presentation by Cindy Bishop, Summer School Principal (proposed 7:20 duration 30 min)

Cindy Bishop was not present to give her presentation due to illness

9. Discussion & Possible Action

9.01 Report about Wi-Fi from the Administrators (proposed 7:50 duration 30 min) 8:10

Interim Superintendent Victoria McLaren reported on feedback received from the administrators regarding educational implications of immediately disabling Wi-Fi

- Wireless technology used for: Smartboards, small group instruction, service providers use laptops to travel between buildings, music teachers use on stage, PE uses for teaching content on large TV screen
- Speech, ENL, TOD use for small group instruction as they have no physical capacity for desktop computer
 - Will need to
 - Replace computers in the classrooms
 - Provide for teachers that do not have desktops now

- Review Smartboard set– many run from laptops with no hard wires

Discussion:

- Laptops can be plugged in, Smart Boards are attached to that laptop
- Adapt to technology in buildings that are safe – not wired
- Trustee McGillicuddy read a statement asking the Board to use the precautionary principle and remove Wi-Fi from the schools immediately due to the possible health risks to the children
- There will be disruption in instruction if Wi-Fi is shut off while the Task Force is working on recommendation
 - Sometimes things take time when a decision needs to be made
 - For example the playgrounds were first discussed 4 years ago
 - Some teachers have designed instruction around Wi-Fi, which was encouraged up to now, due to the way of the world
- Drill down the information as pertains to primary level
 - What specific impacts of Wi-Fi and what are the work-arounds
- The desktops in the classrooms are very old, so there are issues with pulling Wi-Fi right now
 - State run Smart Schools initiative is for technology - coordinate with Wi-Fi discussion
- How many of special needs students require Wi-Fi devices in their IEPs?
 - Where they are and what they are in the district?
- Get readings in the buildings of levels of exposure, especially in the classroom where students are sitting
 - If sitting near Wi-Fi are getting higher levels of exposure
- Put on next agenda – to discuss turning off Wi-Fi while task force works

9.02 Stipulation of Settlement (proposed 8:20)

Recommended Action: WHEREAS, the parents of Student No. 09152015 have communicated certain claims to the District with regard to Student No. 09152015 special education services; and

WHEREAS, the parents and the District are desirous of settling these claims prior to the commencement of an Impartial Due Process Hearing;

NOW, THEREFORE, BE IT RESOLVED, that all claims for tuition, tutoring, services, evaluations, compensatory education, attorney or expert fees, or damages for the student for the 2014-15 school year, as defined in the Stipulation of Settlement, be resolved by payment in an amount of \$2,500.00 by the District in accordance with the terms and conditions of a Stipulation of Settlement to be entered into between the Board and the parents, in a form satisfactory to the District's attorney; and BE IT FURTHER RESOLVED, that the Superintendent of Schools be authorized to execute all documents in furtherance of this resolution.

10.01 The Board took a break at 8:45

11. Discussion

11.01 Discussion on 2015-2016 Board Goals (proposed 8:35 duration 30 min)

The Board crafted the following goals:

Educational Vision, Values and Ethics Leadership

1. Conduct a successful Superintendent Search.

2. Promote and maintain a stimulating, healthy and safe environment conducive to learning that improves the educational experience for all students.

Budget and Finance

3. Maintain a long term fiscal plan that protects and maximizes the district assets through continuous review of programs and practices in a cost effective manner, and provide the funding to support the aforementioned.

Community & Culture

4. Foster an open, collaborative and responsive relationship with the Community . Improve the district-wide school culture through clear communication of Board priorities, and appreciation for staff initiatives and student achievement.

12. Independent Contract Retainers

12.01 ICR- Savatgy- PH (proposed 9:05)

Recommended Action: BE IT HEREBY RESOLVED on recommendation by the Superintendent of Schools that the Board of Education of the Onteora Central School District approve the Independent Contractor Retainer between the Onteora Central School District and Matthew Savatgy as a Nature Trail Scientist in Residence at the Phoenicia Elementary School from September 28, 2015 to June 1, 2016 for the amount of \$1,500.00 per residency to a maximum of \$1,500.00, and authorizes the Superintendent to sign such an agreement.

- Schedule with principals for end of October, beginning of November

Review of NYSSBA resolutions will be at next meeting

- Will take 2 meetings

16. Request For Information

16.01 The Board will request information (proposed 9:25)

Trustee Osmond asked possible to drill down information as pertains to primary level (from Wi-Fi discussion)

- What specific impacts of Wi-Fi and what are the work-arounds
- May be difficult to get in-depth data in 2 weeks, will start on the task
 - Concern is more for good data than speed, will give update as soon as possible

Trustee Storey asked how many of special needs students require Wi-Fi devices in their IEPs? (from Wi-Fi discussion)

- Where they are and what they are in the district?

Trustee McGillicuddy asked to get the readings in the buildings of levels of exposure, especially in the classroom where students are sitting, if sitting near Wi-Fi are getting higher levels of exposure (from Wi-Fi discussion)

Trustee Kurnit asked:

- How the ESL coordinator position is being used
- Status of the search for the Athletic Director, Asst PPS Director, Asst Superintendent for Curriculum and Instruction

Trustee McGillicuddy asked status of Wi-Fi task force, how many members, and a meeting date

17. Public Comment

17.01 The public will comment on any agenda or non-agenda item. Please limit comments to 3 minutes (proposed 9:30)

Raji Nevin – Children spend most of their time at school and home, exposure is cumulative, it's about the children's health not the teachers' inconvenience

Steve Romine – There is nothing definitive about lead but it is a class 2b carcinogen – potential to cause cancer and was taken out of the schools, DTD to possibly cause cancer. EMF radiation is a class 2b carcinogen that can go through walls

Chris Finlay – This is about the physical and emotional safety of students and teachers – no Wi-Fi in any elementary school in France, change topic to safety instead of inconvenience to teachers. Happy to hear conversation about how to disconnect

18. Adjournment

- UCSBA Roundtable is always helpful to hear from other districts in our county
 - Discussed Governor's Task Force on Common Core
- Helped at the Phoenicia and Woodstock playground builds - great projects
 - There was a tremendous amount of work that our staff had to put in to get the building sites ready
 - Round of applause for Buildings and Grounds Staff

Trustee Storey reported:

- Buildings and Grounds did a fantastic job at both playground builds
- Open House at MS/HS – standing room only at some places
 - Wonderful event, well put together program
- Bennett Open House – parents are very thankful for everything the teachers and staff do

Trustee Schnell reported:

- Echo playground build comments
- NYSSBA Board Officers Academy– interesting to hear other districts around the state and the Board problems they have
 - Thanked Board for being a cohesive group
- UCSBA – Ann McGillicuddy is the Co-chair of Legislature Action Committee – asked if another Board member would join - 4 meetings a year
- Thank you to the Kingston Tigers for helping at both playground builds

6. Superintendent District News

6.01 The Superintendent announce District news (proposed 6:50)

6:55

Interim Superintendent Victoria McLaren reported:

- Capital Project has been approved by NYSED, will bid out as a 1 summer job, with an option of 2 summers, since there is so much work
 - Base bid will be 1 year, alternate bid will be 2 year to show which is a better price

Woodstock:

- Woodstock playground build was very successful
 - Over 160 people volunteered on Saturday for the community build
 - Including teachers, PTA members, community members, former students, school maintenance staff, Board of Education members, facilities committee members, Interim School Superintendent and the Kingston Tiger football team
 - PE teacher Sonja Rothe reviewed the proper usage of the equipment prior to the students first time out at recess
 - The kids love the new playground!
- Woodstock Open House was very well attended
 - The teachers did an excellent job welcoming their students' parents
 - The teacher gave the parents a chance to hear what their child would be learning this year
- PTA Welcome Back Picnic; The PTA organized a wonderful event - PTA President Amy Grant and the rest of the PTA officers deserve a tremendous amount of kudos

Middle School

- MS Science teacher Kathleen VanBaren was selected by The STEM Leadership Center as one of the ten science teachers for the 2015/2016 STEM Teaching Fellowship, a competitive program that provides professional training experiences to outstanding New York State certified science teachers
 - The fellows have undergone a rigorous selection process by a panel of their peers and STEM professionals. The 2015/16 fellows represent both middle and high schools from Dutchess, Nassau, Ulster, Rockland, and Westchester Counties and the Bronx
- Feedback from the MS/HS Open House last week was positive
 - Parents expressed their appreciation for the school, as well as for the BOE, for continuing to support the many electives and advanced placement courses that are offered at the secondary level
- The MS/HS conducted their first lockdown drill on 9/24/15 in collaboration with the New York State Police, Ulster County Sheriff's Office, and Olive Police Department
 - The drill went smoothly and feedback was positive

 - Representatives from over 40 institutions will be on hand
- This Friday, the high school will be hosting Woodstock Film Festival's Career Day
 - Will begin with a 9:00 am screening of The Student Body followed by a Q&A session with the filmmaker
 - After lunch will be roundtable discussions with a variety of industry professionals
 - In addition to the 30 Onteora students who have already signed up to attend, we expect students for other area high schools to participate
- The first meeting of the Wi-Fi Task Force has been scheduled for 10/14/15 at 6:15
 - 15 people have signed up for the Task Force
- We are in the process of collecting data from the primary buildings
 - The inquiry is centered around how they currently utilize the Wi-Fi and what alternate methods they would use if the Wi-Fi were to be disabled
 - Trying to ascertain what additional resources they would need to have in place to continue to support the student
- Yesterday, Governor Cuomo announced formation of his Common Core Task Force called, "Task Force to Perform Comprehensive Review of Learning Standards, Instructional Guidance and Curricula, and Tests to Improve Implementation and Reduce Testing Anxiety"
 - Comprised of 15 members - diverse and highly-qualified group of education officials, teachers, parents, and state representatives from across New York that is charged with comprehensively reviewing and making recommendations to overhaul the current Common Core system and the way we test our students

Discussion:

- Capital Project bidding will show if it will be a 1 or 2 summer project

Student Representative Report

Student Representative Asa Spurlock reported:

- Does not have briefing from clubs and extra-curricular activities, will for the next meeting
- Pep Rally was one of the best for students and teachers – coordinated by PBIS team

9. Presentation

9.01 Presentation on Smart Schools Bond Act (proposed 7:05 duration 30 min)
7:15

Interim Superintendent Victoria McLaren presented to let the Board know about the SSBA

- Passed as part of the State Budget last year
- Authorized the issuance of \$2 billion of general obligation bonds for the following: (Onteora's allocation is \$870,557)
 - To acquire learning technology equipment or facilities, install high-speed broadband or wireless internet connectivity for schools and communities; Construct, enhance, and modernize educational facilities
 - Install high-tech security features in school buildings
 - Cannot spend on recurring operating expenses (e.g., cost of email/internet/phone), expenses incurred prior to the date of the approval of the plan, Leased equipment, Program costs related to staffing, Professional development
- Does not supersede any capital project, would still have to go through process with NYSED
- Instructional Technology Plan is being called a survey
- Process
 - Collecting data related to where we are now and where we need to go
 - Plan submitted to BOCES, then to Board, then posted on website 30 days
 - Public hearing as part of a Board meeting – notice 2 weeks prior
 - After all comments, final plan to Board, then submitted to NYSED and put on website
 - After approval of plan, if something changes can amend plan and it will be re-approved
 - Money is bonded by state, no deadline
 - Smart Schools review board will meet quarterly and review every districts plan, once approved, purchase out of Fund Balance and submit for reimbursement
 - Funds will be reimbursed within 90 days of reimbursement is approval, but not sure how long the review process will take
- Do not have to take all money at once

Discussion:

- Frustration with State on guidelines on how funds can be used- can't lease

technology

- Technology committee to keep that in mind
- Review of all technology that we have – included all routers, modems, etc.
- Discuss Director of Technology at a future agenda
- Not had a refresh schedule for computers – age of desktops in elementary buildings is concerning
- Discussion of desktops vs. laptops – economically, technologically
 - Desktops are easier to upgrade and add peripherals
 - Most teachers prefer desktops
 - Most desktops are 7 years old, outdated
- All items looking to include in grant are wired

10.03 Discuss Revising the Shared Decision Making Document (proposed 8:00 duration 20 min) 8:20

- Current document is from 2002 – 13 years old
- Need a current document
 - Discussion on using the current SDM committee and suspending the task now underway in order to revise the document
 - Utilize the timeline from attorney – minimum of 6 month process
 - Option for the current members to stay when changing task
- First meeting of SDM for Later Start Times decided that they would stay until end of this school year (6/30/15) to work on Later Start Times

- Majority of Board agrees that there is a need for more time to discuss how to move forward
 - Important to have a current document to move forward efficiently and effectively rather than use such an outdated document that does not take into account all the stakeholder groups in the District
- Put on next agenda to decide on the charge for the shared decision making team

11. 5 Minute Break

11.01 The Board will take a break at 8:20

The Board took a break at 8:30

12. Policies

12.01 First Reading of Policy 6150 Alcohol, Drugs and Other Substances (School Personnel) (proposed 8:25)

8:40

- Drug screenings have not produced findings and pre-employment physicals are not legal
- This does not eliminate random drug screening for employees that operate machinery or drive for the District

~~2006~~ 6150 Personnel **SUBJECT: ALCOHOL, DRUGS AND OTHER SUBSTANCES (SCHOOL PERSONNEL)**
Philosophy

The Onteora Board of Education, recognizing that students are often influenced by teachers and other members of a school's staff, impresses upon staff members the importance of maintaining a high level of professionalism appropriate to their position, which, in turn, shall set a positive example for students. The Board of Education also recognizes that illicit drug and alcohol use exists in our community. We acknowledge our responsibility for the education of all students and must stand accountable for that education. The District will continue to assume a significant role in initiating and maintaining effective alcohol and other drug prevention, intervention and treatment programs. This goal can be accomplished only through coordinated collaborative efforts utilizing the resources of the school and the community. With this philosophy in mind, this policy will describe the program elements the District will use to promote healthy lifestyles for staff and to inhibit the illicit use of alcohol and other drugs.

Policy

~~A formal~~ This policy for handling illicit drug and alcohol use has been developed for the protection of the total school community. This policy shall not limit the School District from other additional or legal action which may be deemed necessary and appropriate to protect the integrity of the School System. The Onteora Central School District:

- a) Strongly disapproves of any illicit drug and alcohol use;
- b) Maintains safe and reasonable facilities for learning and teaching free from substance use. Provides staff development on alcohol, tobacco, and illicit drug use and related issues to support the application of prevention concepts in the home, school and community;
- c) Offers community education about the issues of alcohol, tobacco, and other illicit drug use as a basis for providing a consistent message to District youth;
- d) Provides for alternatives to alcohol, tobacco, and illicit drug use. These activities are planned collaboratively by students, school staff, parents/guardian, community members, and agencies;
- e) Recommends intervention referral for any employee on a per need basis. Maintains facilities to provide employees with assistance and after care information from our Employee Assistance Program (EAP) and Personnel Departments. The confidential nature of the medical records of employees with alcohol/chemical dependency shall be preserved in the same manner as all other medical records;
- f) Prohibits the unlawful use, possession, sale, manufacturing or distribution of alcohol and/or illicit drugs in school, on school property, at any school sanctioned event, or in a School District-owned or contracted vehicle;
- g) Requires the designated administrator/supervisor call the police and institute disciplinary action for any employee in possession of, using, selling, manufacturing, or distributing an illicit drug or alcohol or drug paraphernalia in school, on school property, at any school sanctioned event, or in a School District-owned or contracted vehicle;
- h) Recommends that violations of this policy will subject the employee to appropriate disciplinary action, up to and including termination of employment, pursuant to any applicable state or federal laws or regulations, and formal agreements between the Board and respective unions;
- i) Distributes this policy and any future revisions to all District staff;
- j) ~~Requires all new staff to have a full medical examination prior to employment. Additionally, all new staff will be required to submit to a drug-screening test prior to employment, at a site designated by the District and at the District's expense. All medical information obtained through such medical examinations will be confidential;~~

kj) Evaluates effectiveness of the established policy and procedures and will review it as necessary. Education Law Sections 913, 1711(5)(e), and 3020-a; Civil Service Law Section 75; Drug-Free Schools and Communities Act; Amendment of 1989; (Public Law 101-226); 20 United States Code (USC) Section 3171 et seq.

12.02 First Reading of Policy 7212 Promotion, Retention and Acceleration of Students (proposed 8:30) – New Policy

- Policy defines the “what”, regulations define the “how”
- Discussion on if Policy 1411 was followed to create a new policy

2015 7212 Student Progress **SUBJECT: PROMOTION, RETENTION, and ACCELERATION OF STUDENTS**

The Ontario CSD will ensure that each child experiences both challenge and success from school activities. To this end, the District will make every effort to place each student in the most appropriate learning level for a successful educational experience. The concept of grade placement is based upon the premise that each teacher will provide appropriate opportunities for students at all stages of physical, emotional and academic growth. Academic growth does not take place at the same pace, and promotion, retention and acceleration are added methods to meet the needs of individual students.

Promotion, retention, and acceleration of a student will be based on the following general considerations:

1. Academic achievement;
 2. Age of the student (Grades K-8);
 3. Teacher and principal recommendations in consultation with the parents/guardians; and
 4. Where the decision for retention is in question, the Principal will have the final authority;
- The Administration will develop regulations to establish guidelines and procedures for decisions regarding promotion, retention and acceleration.

In order to inform parents/guardians about the District's approach to promotion and retention, this policy will be posted on the district website and included in student and/or parent handbooks.

12.03 First Reading of Policy 5621 Accounting of Fixed Assets (proposed 8:35)

- Came to our attention through the Comptroller's Audit
 - Not feasible to do an inventory annually

~~2009~~2015 5621 Non-Instructional/Business Operations **SUBJECT: ACCOUNTING OF FIXED ASSETS**

The School Business Official shall be responsible for accounting for general fixed assets according to the procedures outlined by the Uniform System of Accounts for School Districts. These accounts will serve to:

- a) Maintain a physical inventory of assets;
- b) Establish accountability;
- c) Determine replacement costs; and
- d) Provide appropriate insurance coverage.

All fixed assets carrying a minimum value established by the Board that have a useful life of one (1) year or more and physical characteristics which are not appreciably affected by use or consumption shall be inventoried and recorded on an annual basis. Fixed assets shall include land, buildings, equipment and materials. Equipment shall be viewed as stand alone items, not components of a larger item, having a purchase price of five thousand dollars (\$5,000) or greater and not considered to be an ordinary contingent expense.

Assets shall be recorded at initial cost or, if not available, at estimated initial cost; gifts of fixed assets shall be recorded at estimated fair value at the time of the gift. A property record will be maintained for each asset and will contain, where possible, the following information:

- a) Date of acquisition;
- b) Description;
- c) Cost or value;
- d) Location;
- e) Responsible official;
- f) Estimated useful life;
- g) Date and method of disposition.

The School Business Official shall arrange for the ~~annual~~-periodic inventory and appraisal of School District property, equipment and material. Any discrepancies between an inventory and the District's property records on file should be traced and explained.

13. Independent Contract Retainers

13.01 ICR- Savatgy (proposed 8:40)

10. Presentation

10.01 External Auditor, Mike Rossi will present the 2014-2015 Audit (proposed 7:50 duration 25 min)

7:45

- Reviewed with Audit committee, as required

Highlights:

- Opinion said that they fairly, unqualified opinion, highest opinion available
- Change in accounting principle must adopt GASB 68 for ERS and TRS systems
- TRS is overfunded, ERS underfunded
- Management discussion and analysis – required under GASB 34 – gives reader a chance to understand financial statement in a few pages and graphs
- Statement of net position is most important – required under GASB 34, however, is not the way the district keeps books – is full accrual accounting
 - Health insurance is not on our books
 - Asset for TRS is not in our books
- Balance Sheet of District as of 6/30/15
 - Reserves and assigned and unassigned funds
- Opinion on internal controls on financial reporting – clean opinions
 - No problems on journal entries in books
- Opinion on compliance with federal grant – more than \$500,000 in federal aid must have single audit
 - Onteora has \$1 million, so will have single audit

- Independent Auditor Report over ECA – cash basis opinion

Discussion:

- School Lunch Fund supported program with \$365,000 from general fund still a \$6,500 loss
 - Tax cap and stagnant revenues no ability to get other revenues
 - If continue to support school lunch, will have to take from school programs
 - Revenue and expenditures are getting tighter
 - Should try to be self-supporting
 - All districts struggle with school lunch fund because of regulations on food, participation is down
 - When budget is prepared –pay special attention to school lunch fund
- GASB 34 is not as much for NYS, but it brings an issue to light about retirement
 - NYS pensions are over-funded
 - ERS liability slighted under-funded
 - Nothing can be done for either

10.02 Presentation on Summer Skills Academy (proposed 8:15 duration 25 min)
8:05

Summer School Principal, Cindy Bishop presented

- Primary Planning Committee Sub-committee on improving English as a New Language instruction at primary level
 - Tried to apply for grant for summer program for English Language Learners, but needed to have a summer program for the ELLs
 - Members were: Amy Gustafson, Dominique Fields, Pam Olsen, Rob Kurnit, Cass Reep, Diana Johnson, Patty Rosenbloom, Robin Panico, Robin Osswald
 - Observed by BOCES during the summer for the grant
- All reading and writing material based on 3 weekly themes
 - The Natural World: Exploring the world around us through hiking, observing, collecting, reading and writing
 - Foods and Celebration: Explore foods local to our region as well as foods from the cultures represented by our students and teachers
 - Oral Traditions: Native American storytelling, singing and dancing, as well as learning about ourselves and each other through artistic expression
- Literacy instruction followed Multisensory method and Teachers College
- Emerging readers and writers were paired with teachers and secondary students
- Math topics were chosen by teacher recommendations
- AIS reading teacher worked with primary level students, ESL teacher did pull out instruction, Intensive Multi-Sensory Reading Instruction (IMLI), Special Education teacher pushed in and did co-teaching
- Non-instructional support: transportation busses dropped children at their camps after the program, provided healthy snacks, 15 min of recess and a daily nurse
- Matt Savatgy worked with the students on Bennett Nature trail and Esopus Creek – exploring the water and its creatures and plants

- Science, reading, math
- Dennis Yeary did Native American drumming, singing and dancing
- Nissa Gustafson did creation of beautiful hand puppets that represented each child as an individual to accompany their written project entitled "My Story"
- Leanna Nieves prepared local and cultural foods with the students to enrich our cultural experience
- Parents were invited to join us on Fridays between 11:00-12:00 and joined in other activities
 - Final day parents saw children present their stories with their hand puppets
- Fluctuations in daily attendance – days when local camps had day trips attendance was lower
 - Called families when students didn't attend
- Program cost was \$64,636.20
- Reported students achievements back to teachers for review
- Translated parent letter about Summer Academy into Spanish, French and Mandarin
- Did a parent night to explain program and translated Powerpoint Presentation into Spanish and sent home to those who did not attend
 - Between 84 and 57 students attended daily
- Students had regression after 3 weeks of summer, regained their regression
 - Teachers commented that students who attended academy were ready for school
- Future recommendations
 - Expand to 4 weeks
 - Explore web based pre and post assessments to provide true individual student progress
 - Combining classes in 4-6 and primary classes smaller
 - Continue to provide intensive intervention: AIS, ESL, IMLI, and Special Education

Discussion:

- Assessment of regression
 - No pre and post testing but had their levels from June, teachers made assumptions that they would come in at that level some students had dropped in their level
 - Weren't able to successfully read independently at their level from June
 - All anecdotal data – gave teachers info of where students were in June
 - Program would be stronger with pre and post tests
- 9 classes, 13 teachers
- Budgeted for teachers' salaries and transportation
 - Other items wasn't a huge amount
 - Grant was \$3,000 – wrote grant to cover 1 teacher's salary with planning time, used some money for independent contractors
- Keep program going and enhance it
 - By end of school year sub-committee changed direction for this year
 - Developed a template for a program for anyone to step in and administer program

- Other District's programs are 3 or 4 weeks, in the past the summer program was 4 weeks

~~2006~~ 2015 6150 Personnel **SUBJECT: ALCOHOL, DRUGS AND OTHER SUBSTANCES (SCHOOL PERSONNEL)**

Philosophy

The Onteora Board of Education, recognizing that students are often influenced by teachers and other members of a school's staff, impresses upon staff members the importance of maintaining a high level of professionalism appropriate to their position, which, in turn, shall set a positive example for students. The Board of Education also recognizes that illicit drug and alcohol use exists in our community. We acknowledge our responsibility for the education of all students and must stand accountable for that education. The District will continue to assume a significant role in initiating and maintaining effective alcohol and other drug prevention, intervention and treatment programs. This goal can be accomplished only through coordinated collaborative efforts utilizing the resources of the school and the community. With this philosophy in mind, this policy will describe the program elements the District will use to promote healthy lifestyles for staff and to inhibit the illicit use of alcohol and other drugs.

Policy

~~A formal~~ This policy for handling illicit drug and alcohol use has been developed for the protection of the total school community. This policy shall not limit the School District from other additional or legal action which may be deemed necessary and appropriate to protect the integrity of the School System. The Onteora Central School District:

- a) Strongly disapproves of any illicit drug and alcohol use;
- b) Maintains safe and reasonable facilities for learning and teaching free from substance use. Provides staff development on alcohol, tobacco, and illicit drug use and related issues to support the application of prevention concepts in the home, school and community;

- c) Offers community education about the issues of alcohol, tobacco, and other illicit drug use as a basis for providing a consistent message to District youth;
- d) Provides for alternatives to alcohol, tobacco, and illicit drug use. These activities are planned collaboratively by students, school staff, parents/guardian, community members, and agencies;
- e) Recommends intervention referral for any employee on a per need basis. Maintains facilities to provide employees with assistance and after care information from our Employee Assistance Program (EAP) and Personnel Departments. The confidential nature of the medical records of employees with alcohol/chemical dependency shall be preserved in the same manner as all other medical records;
- f) Prohibits the unlawful use, possession, sale, manufacturing or distribution of alcohol and/or illicit drugs in school, on school property, at any school sanctioned event, or in a School District-owned or contracted vehicle;
- g) Requires the designated administrator/supervisor call the police and institute disciplinary action for any employee in possession of, using, selling, manufacturing, or distributing an illicit drug or alcohol or drug paraphernalia in school, on school property, at any school sanctioned event, or in a School District-owned or contracted vehicle;
- h) Recommends that violations of this policy will subject the employee to appropriate disciplinary action, up to and including termination of employment, pursuant to any applicable state or federal laws or regulations, and formal agreements between the Board and respective unions;
- i) Distributes this policy and any future revisions to all District staff;
- j) ~~Requires all new staff to have a full medical examination prior to employment. Additionally, all new staff will be required to submit to a drug screening test prior to employment, at a site designated by the District and at the District's expense. All medical information obtained through such medical examinations will be confidential;~~
- k) Evaluates effectiveness of the established policy and procedures and will review it as necessary.

14.02 Second Reading and Adoption of Policy 7212 Promotion, Retention and Acceleration of Students (proposed 9:35)

Recommended Action: The Board of Education hereby adopts Policy 7212 as written
Motioned: Trustee Davis
Seconded: Trustee Storey
Result: Unanimous
Yea: Trustee Schnell, Trustee Kurnit, Trustee Osmond, Trustee Storey, Trustee Davis, Trustee McGillicuddy

2015 7212 Student Progress SUBJECT: PROMOTION, RETENTION, and ACCELERATION OF STUDENTS

The Ontario CSD will ensure that each child experiences both challenge and success from school activities. To this end, the District will make every effort to place each student in the most appropriate learning level for a successful educational experience. The concept of grade placement is based upon the premise that each teacher will provide appropriate opportunities for students at all stages of physical, emotional and academic growth. Academic growth does not take place at the same pace, and promotion, retention and acceleration are added methods to meet the needs of individual students.

Promotion, retention, and acceleration of a student will be based on the following general considerations:

1. Academic achievement;
2. Age of the student;
3. Teacher and principal recommendations in consultation with the parents/guardians; and
4. Where the decision for retention is in question, the Principal will have the final authority;

The Administration will develop regulations to establish guidelines and procedures for decisions regarding promotion, retention and acceleration.

In order to inform parents/guardians about the District's approach to promotion and retention, this policy will be posted on the district website and included in student and/or parent handbooks.

Result: Unanimous

Yea: Trustee Schnell, Trustee Kurnit, Trustee Osmond, Trustee Storey, Trustee Davis, Trustee McGillicuddy

20092015 5621 Non-Instructional/Business Operations SUBJECT: ACCOUNTING OF FIXED ASSETS
The School Business Official shall be responsible for accounting for general fixed assets according to the procedures outlined by the Uniform System of Accounts for School Districts. These accounts will serve to:

- a) Maintain a physical inventory of assets;
- b) Establish accountability;
- c) Determine replacement costs; and
- d) Provide appropriate insurance coverage.

All fixed assets carrying a minimum value established by the Board that have a useful life of one (1) year or more and physical characteristics which are not appreciably affected by use or consumption shall be inventoried and recorded on an annual basis. Fixed assets shall include land, buildings, equipment and materials. Equipment shall be viewed as stand alone items, not components of a larger item, having a purchase price of five thousand dollars (\$5,000) or greater and not considered to be an ordinary contingent expense.

Assets shall be recorded at initial cost or, if not available, at estimated initial cost; gifts of fixed assets shall be recorded at estimated fair value at the time of the gift. A property record will be maintained for each asset and will contain, where possible, the following information:

- a) Date of acquisition;
- b) Description;
- c) Cost or value;
- d) Location;
- e) Responsible official;
- f) Estimated useful life;
- g) Date and method of disposition.

The School Business Official shall arrange for the annual-periodic inventory and appraisal of School District property, equipment and material. Any discrepancies between an inventory and the District's property records on file should be traced and explained.

8. Public/Student Comment

- 8.01 The public and students may comment on any agenda or non agenda item. Please limit comments to 3 minutes (proposed 6:35 duration 10 min or more)

6:35

Jay Wenk – How prepared are we to prevent school violence? What actions are taken by school board to keep school community safe? Do police check schools?

Steve Romine – Wireless industry strategy is that we cannot prove the harm of Wi-Fi, don't know how asbestos and tobacco cause cancer

Raji Nevin – Take Wi-Fi out of the schools – don't eliminate technology, use safely

Chris Finlay – Doctors were trusted, when tobacco was declared unsafe used physicians in advertisements to assure cigarettes was safe

Christina Charles – Going to hardwire is easy and convenient, students are suffering headaches, nose bleeds everyday

Sascha Charles – 5th grade student who is experiencing headaches only in school, but not at home, listen to research that says Wi-Fi is dangerous to developing brains

Dr. Stuart Morra – 1988 Ph.D in Electromagnetics, power frequency and leukemia; Chances of getting cancer is 16-20 times more if you smoke WHO, IARC- lists all cancer- producing lists such as cell phones, power lines, coffee as possible carcinogens; measured Wi-Fi in his home got very low readings

Peter Tomita – Life long IT engineer for military and has designed infrastructure for 20 years; listened to arguments and it is disturbing comparing Wi-Fi to cigarettes; have a responsibility to teach STEM

Stephanie Gindele – Don't hear people monitoring or measuring what happens with our students' bodies – need to take that into consideration; nothing can measure the exposure the children are getting, no safety guidelines with I-Pads

Marijo Mallon – Please join ranks of other conscious countries and eliminate what can damage our children

Achaia Gindele – student - she and her friends have experienced headaches and chest pains in school, most have wireless devices, but don't use wireless in school, laptops didn't work because when everyone is on works too slow

Roy Bruckner – Agree with all the parents that are concerned with Wi-Fi, being on the precautionary side is a good idea, look into it, grab wires and plug into computers is a little inconvenient, not getting the whole truth about Wi-Fi

9. Presentation/Discussion

- 9.01 Dr. Charles Khoury will present on the BOCES Program (proposed 6:40 duration 30 min)

7:15

Introduced Ulster BOCES Board Member representing Onteora Bob Curran and BOCES Board President Patrick Rausch

Patrick Rausch presented:

- Thanked Onteora for participation in BOCES
- Dr. Khoury is data driven –spent a lot of time with staff to see which programs work

- Investigated cost reductions, put a lot of time into it
- He is also working at Sullivan BOCES
- If community has any programs thinking about offering, get to Dr. Khoury's staff

Dr. Khoury presented an overview of the BOCES programs and services and how works with Onteora Central School District

- Financial participation of Onteora with BOCES over the last 5 years
 - Ranged in \$3 - \$3.5 million range consistently
 - 15-16 number is lowest number because it is not complete until end of the year
 - Today just over \$3 million
- Not all services are eligible for BOCES aid – Special Education, English Language Learners, Transportation are aided separately – get State money directly to District
- 14-15 amount – eligible for BOCES aid is \$2.1 million (cost a little over \$1 million between BOCES aid and refund)
 - Traditionally 36% aid from BOCES
 - Receive aid in next budget year, from 2014 will receive \$524,000
- Continue to grow Career and Tech Programs – 11th and 12th graders half day
 - Innovations lab, advanced manufacturing lab, 27% of county's 11th and 12th graders attends CTE
 - 52 students in CTE- highest in cosmetology, also in auto tech, fashion design and hospitality
- New Visions Program for 12th graders– basically honors programs – has 5 students from Onteora, 2 in Advanced Robotics and Engineering, 2 in Education and 1 in Health
 - In addition, 14 students in Special Education programs, 1 student in P-Tech program
 - Any Board member is invited to go visit and see programs in operation
- Challenges that districts face is 0-1% tax cap because CPI is a slightly negative number
 - Will try to keep BOCES cost in that range
- This year will take last half of post-retirement fund migration from CTE Tuition to Administrative \$700-\$800 reduction per student
- Technology program gets a unit plus of coding
 - Coding needs more proficient programmers

Discussion:

- Status of Alternative Regular Ed program's 1 year moratorium
 - Will not be bringing it back for next year
 - New director of Special Education – numbers are growing
 - Closed program because not comfortable with the way program was operationalized
 - Many students in there should have been classified, but because of cost of Special Ed, students were put there (cost is double)
 - Was a tense environment – concerned with safety of students and staff

- When opens, needs to be the right program - engage with county officials – not just school based problems so will engage with community and county wide agencies
- Hospitality includes culinary
- Carpentry program – in discussion with another district that has a full lab and teacher – so it will be located in component district
 - Lease space in component district – pay a portion of principal and nurse salaries
- Had to migrate cost of post-retirement benefits from Co-Sers to Administrative budget
 - Ulster BOCES created reserve for post-retirement cost but there is no legal authority to create reserve so need to return money to districts
 - Will be done in 4 years
- Separate items - Aid from state, refund from BOCES
 - Refund for 14-15 school year will be returned in January
- BOCES only purchases what they need, there is a perception that BOCES has a lot of money
 - P-Tech program actual cost is \$13,000 but districts pay \$17,000
 - Will give money back to district
 - Expensive program, so is deterrent to districts
- There is a Co-Ser for on-line learning, some Onteora students participate
- Future Board meeting – discuss visiting BOCES programs

9.02 Dr. Charles Khoury will discuss the Superintendent Search process with the Board
(proposed 7:10 duration 30 min)

7:40

- Timeline of activities is a work in progress
 - Review timeline and make any changes by next Board meeting
- Picked out dates to keep in line with Board meeting schedule
- Look at online survey to get public input on Superintendent
 - To see if anything needs to be added
 - Will be open for 2 weeks and advertised extensively so community participation encouraged
 - Close it on 11/24/15
- Shortly after next Board meeting, open on-line survey
- Week after that conduct meetings with constituent groups
- Prior to 12/9/15 BOE meeting give findings of online survey and discuss qualifications that should be advertised
- Wait until after the holiday and approve ad at the 1/5/16 BOE meeting
- Then open application period in early January
 - Print ad in various newspapers and publications
 - Preliminary interviews on 1/11/16 and ongoing
- Early March present list of candidates to Board with any information gathered from candidates
- Week of 3/7/16 – 3/15/16 initial interviews by BOE
- Final interviews including any other constituent groups
- Board visit to finalist district
- Position offered by April – negotiations and appointment by 4/15/16 to give

current district notice to start on 7/1/16

- Online survey includes demographic information- get different groups of people and get feelings on qualifications and skill set of people
- Experience, rate most essential, to least essential and break out by demographics
- Board to review skill set will send word copy of skill sets
- Finalize survey at 11/10/15 BOE meeting
 - Put information on next agenda to fine tune and get feedback

11. Policies

11.01 First Reading of Policy 6140 Health Examinations (proposed 7:45)

- It is against the law to ask teachers for a health examinations before they start employment

2010 2015 6140 Personnel

SUBJECT: HEALTH EXAMINATIONS

~~All teachers initially appointed to probationary positions shall obtain a physical examination. When such examination is made by the school physician the cost of such examination shall be borne by the District. A teacher, however, may elect to have a health examination at his/her own expense by a physician of his/her own choice.~~

The Board reserves the right to request a health examination at any time during employment, at School District expense, in order to determine whether the employee can perform the essential functions of the position with or without reasonable accommodation.

~~Support staff personnel initially appointed to positions may be requested to obtain physical examinations at the expense of the School District. The physical examination is to be obtained from the school physician.~~

All bus drivers and substitute bus drivers shall have yearly physical examinations. Each bus driver initially employed by the School District shall have a physical examination within the four (4) weeks prior to the beginning of service. In no case shall the interval between physical examinations exceed a thirteen month period.

~~Annual or more frequent~~ examinations of any employee may be required, when, in the judgment of the school physician and the Superintendent, such procedure is deemed necessary.

The final acceptance or rejection of a medical report with reference to the health of an employee lies within the discretion of the Board. The decision of the physician designated by the Board as the determining physician shall take precedence over all other medical advice.

Education Law Section 913; Bus Drivers: 8 New York Code of Rules and Regulations Section 156.3(2); Rules and Regulations of the Commissioner of Motor Vehicles Section 5.09-b; Cafeteria Workers: State Sanitary Code

13.01 Wi-Fi - Disabling in Primary Schools (proposed 8:00)

8:05

Recommended Action: Resolved to temporarily disable Wi-Fi from the Primary Schools before the recommendation to the Board of Education is received from the Wi-Fi Task Force

Motioned: Trustee McGillicuddy

Seconded: Trustee Kurnit

- Advocate for temporary removal – opportunity to use technology in safer way
 - Use hard wires for a faster system
 - Wi-Fi is unique as it is invisible and is now labeled as a possible class 2 carcinogen
 - Use precautionary principle and remove Wi-Fi
- Reason formed a task force to do due diligence to get information and be bi-partisan
- Surveys from teachers show that shutting down Wi-Fi now would affect programs
- It would take time to re-wire schools and shut down Wi-Fi
 - Next summer would be able to change some computers
- Let task force do its job and report to the Board
- Multi-layered issue – open to the research presented and findings of task force concern is at primary schools
 - Similar conflict with GMO - antibiotics in food served in schools all over country – State forced foods to buy

- Has a lot of emotionality
- Set up Task Force and let them do their due diligence
- Children do use the devices - Phoenicia and Woodstock teachers use technology
- Desktops in classrooms are not fast enough and crash
- Look at whole picture
- I-pads can be wired
- Be more concerned about students and adults health instead of inconvenience of turning off Wi-Fi
 - Even if we turn off Wi-Fi, Task Force will still work, but will be protecting the children
- Phoenicia PTA letter read:

The Phoenicia PTA has been presented on more than one occasion with information regarding the possible health implications of children's daily exposure to WiFi in the classroom.

The information that we have reviewed has raised parents' concerns over it's safety and we have decided to support the Board of Education in adopting the Precautionary Principle regarding the technology.

It is our understanding that WiFi and all wireless devices emit non-thermal microwave radio frequency electromagnetic radiation, recently reclassified by the WHO/IARC as a Class 2B, possible human carcinogen. Parents are concerned that growing children will be most effected by possible disruptions to cell growth and brain function. There is concern over the possible effects on fertility, cardiac function and cancers.

We understand that the BOE is currently discussing taking action on the issue. We support the BOE in dismantling the WiFi in the classrooms at Phoenicia school and in moving forward, to continue to update the safer hard-wired computer access to classrooms.
- Letter to Board stated that district in MA turned off Wi-Fi, but they simply turn Wi-Fi off devices when not in use

Roll Call vote:

Trustee McGillicuddy – Y

Trustee Storey N

Trustee Schnell - N

Trustee Kurnit - N

Trustee Osmond – Abstain – does not feel ready to cast a vote

Trustee Davis - N

Not Present:

Motion failed

- Ask teachers to turn Wi-Fi off devices when not in use
 - Principals can look into how
- How to make sure that this is communicated to staff- I-pads given out without warnings
 - Falls to Superintendent and Communication committee
- Facilities committee has been asking people to shut down electronics when not in use

13.02 Wi-Fi The Board will discuss creating a projected end date for the Wi-Fi Task Force
8:30

Charge by the Board of Education:

Gather and organize

1. Research pertaining to the health implications of Wi-Fi
2. Information regarding the educational and fiscal implications of current Wi-Fi use at

Onteora

Make recommendation to Board - once committee is formed a date will be determined

- 3-5 months, at least by end of March
- Idea is to look at objectively, depending how often they meet, how effectively meetings are run and giving due diligence to the charge, 5 months is fine, but will be determined by how efficient meetings run
- Depends on how often they are meeting – should meet at least every 3 weeks - meetings can be canceled during winter months
- Facilitator not decided by whole Board- should have 1 or 2 chair people – decided by whole group
 - Facilitator's position is for the process and structure so Committee does not have to be in charge of the process, but be equal members of committee
- After minutes are approved at the next meeting should be posted on website
- March as a target is fine and by end of January have update from Task Force
- Not a public meeting, minutes will have been sent to the Task Force for review
- Complete work before end of school year
- SDM team had an alternate date if a meeting had to be cancelled because of weather
- End of March as projected end date – be sure have enough time to get into everything that has to be done
 - If need more time at end of March Board can extend deadline

13.03 Discussion on Board volunteers to observe one of the next Wi-Fi Task Force Meeting

8:40

Next meeting is 11/18/15 6:15 – 8:15

- Trustee McGillicuddy and Trustee Storey will observe the next Task Force meeting

RECESS FORUM

6:00 p.m.

MINUTES

TUESDAY, NOVEMBER 10, 2015

Middle School/High School

Rob Kurnit welcomed everyone to the forum

- Great deal of input at the beginning of this calendar year
 - Had Discussions about how recess was used
 - Health & Wellness Committee wrote a draft policy for recess
- Last forum was at 4pm and discussion was that it was not a good time for everyone
 - Not everyone can come in the afternoon
- Waited until Board meeting was in a building central to the District
- Hear from as many as we can - hold comments to 3 min or less
- If your comment was made, please don't repeat what has been said by others
- Sitting as a group of people having discussion
- Parents and PTA felt recess was not happening the way they wanted – other activities during recess and a lot of information about what is beneficial for students during the school day
 - Recommendations from the Federal government say that 20 minutes of recess should be required
- Discuss if it is equitable to have other activities during recess time

Discussion:

- Grandson that attends Woodstock just found out he was not performing
 - I want my child to stay in - why would that be taken away
- Do we really need a Board to do a policy?
- Teachers, parents – need to figure it out on a 1 on 1 basis
- More of a disciplinary thing – look at it that way
- Not comfortable in Board making policy
- Bennett Student Council feels strongly that kids should have the option to stay inside or go out
 - Kids stay inside for lots of things, have after school activities
 - Need to do homework, or too cold outside
 - When there is snow on the ground play is black top only
 - Most don't bring snow pants and want to stay inside so they don't have to play on the blacktop
 - If Board takes away the option, Student Council would not exist or students would miss class time or lunchtime
 - Recess is their only free time
- Worry about trust for teachers - if my son is kept in because he didn't do homework, will go to teacher
 - Seems to be visiting this again because some people didn't get their way
- Some students need structure, some don't

- Board has other things to worry about – leave it up to parents and teachers – don't parent for me
- Argument that children can get exercise after school – some have 1 hour on bus after school, not all kids have opportunity to play outside, some have to go to workplace, some have parents too busy to take to playdates
 - For example, should they not have library because go to library?
- Children are growing, need to blow off steam and have fun so they can return to school refreshed
- Argument I am hearing is that recess is necessary –don't take it away
 - Children should be able to volunteer to do other things
 - If discipline is needed, use recess
- Children choose to do chorus and band – that is their choice – recess is not defined as playing outside – choice to lose 1 recess a week is their personal choice – signed them up for activities during recess as a parent
 - If you mandate that every child must have recess is telling children that their choice doesn't matter
 - 3rd grade allowed to do chorus and know they will lose 1 recess a week
 - Need the choice – as they get to 6th grade
 - To make a mandate is taking choices away from them
- If mandated that children must have recess, will they lose their choice? Question parental responsibility – my child lost more than 100 days of recess from Kindergarten to 5th grade
 - Goes to school with homework done, plays sports, but between 9 am and recess does not get classwork done
 - Sometimes lost recess for a week or 2 more than once
 - NYS Dept. of Labor says must have 1 hour break if you work more than 7 hours
 - Teachers willing to spend their free time with students is great
 - Kids should have choice
- Doesn't want recess is to be mandated – if board creates policy– are we limiting the choices for kids?
- What is recess? Outside play or free time?
- Free time – taking away recess as punishment takes away the ability to go outside is shame – scars
 - Teachers talk about trust, that is all they have to take away
 - Teachers – what are they losing recess for?
 - How can we get social workers to help with problems?
 - All want same thing- to succeed
 - Taking away recess for impulsive behavior is not effective
 - Kids don't want to be impulsive and are shamed to stay in for recess
 - Maybe look at bigger picture – how to better manage homework time together. If same kids are kept in over and over and doesn't work- not an effective tool

- Chart showing the number of kids why kids are kept
 - Why 37 for 5th grade and 2 for 4th
 - Mostly looks like make up work
- All have great respect for teachers – look at school and structure and the way things are set up so there are changes
- My child needs to be responsible – when will work be made up?
- Maybe discuss the homework policy – need consequence for not doing homework
- Need to hold students accountable – they struggle every night to get homework done
 - Not negative that teachers want to help my child to have less of a struggle at home
 - Some are not capable of helping their child with homework
- More tools for teacher
- In elementary school grades 3-6, if you did not do homework, you would get a 0 or held in for recess and do the work
- Not all kids have chance to do homework at home
 - Maybe an unsafe environment or can't stay homework help – instead of staying in or punish them right away, kids should choose – not an immediate punishment - but have a day late and points off for day late
 - If homework is not in by end of week, then punish - give time to correct mistake
 - Accept a 0 or stay in for recess
- (Teacher) Our homework policy is give points off, if over a week late, 5th and 6th grade team meets
 - Part of the procedure
- Kids know at beginning of year know what procedure is
- No one 5th or 6th grade team gives 0
- Hopefully a parent would feel comfortable enough to go to teacher and discuss
 - How can punishment be effective?
 - Very individual – students that go out after school want to stay in to do homework with an adult present to help
- Everyone would look into it
- Trust teachers will have all students needs in mind what they need
- School Board wishes parents would go to teachers first and follow chain of command. Board of Education is involved because it got to that point and beyond
- Trying to get information
- 7th grade student – homework policy has taught her to be responsible
- Make a choice to participate in student council and jazz band instead of recess 3 or 4 days a week
- If children are made to go outside, they will not learn to be responsible
- MS/HS has a 42 min lunch and they can do anything they want – there are so many options

- If you didn't do homework, can go to a subject teacher
 - If homework is not done more days in a row, lunch detention or another punishment
 - Hopefully realize that you have to make responsible choices
 - Choice is better than mandating children to go outside because they need exercise – have PE 3 days a week
 - MS goes outside for PE every other day
- It is a long school day I choose to do homework tomorrow during recess
- Believe that free time should be choice – if want to go outside to play or stay in, everyone needs mental break from school - everyone is different
 - Some kids behavior might be linked to activity
 - In a perfect world – children can go outside and do chorus
- No one is in favor of withholding recess for punishment
 - Homework is work that should be done at home but not everyone has parent that can help at home
- NYSSBA seminar pointed to Finland as the best educational system in the world and they don't have homework
- Assigning homework creates unequal system for children
 - Not all can do homework or get parent help
 - Need a larger conversation on appropriate amounts of homework - especially for younger students
 - If all work can't be finished in the classroom, need to look at that
- Believe time should belong to students
- Valuable tool for teachers- son had problems in school- went outside to have son evaluated – being worried about being judged because son was not in school with friends, needed a different placement
 - This isn't going to do it - needs a 1 on 1 basis – if my student lost 100 days of recess, I would look at student and parents
 - Never have let it go that far
- Recess is a valuable tool for teachers – teacher are having tools taken away from them everyday – kids who do not have discipline can be out of control – recess controls discipline
- Kids are basic human beings – not humane to not let them run around.
- When people are saying its discipline to keep a child in but it may be to help them with their work - it's not discipline - it's teaching child responsibility, life lessons in school is a great thing
- Has to get homework done is a life lesson, not just discipline.
 - Teaching child to learn more than subjects - bigger than all subjects and for the rest of your life
- It is reinforcement – miss recess not because of homework – because of classwork time – needs time management - kept in for recess is working well for my child

- When teachers keep kids in for homework and grades –that they do care about students
 - Kids sacrifice a few minutes rather than not fail
- It is not sudden outbursts and you lose recess – there are many warnings – it is the children's choice
 - Disruptive kids disrupt kids that want to learn
- Need a deeper discussion of homework and value of homework
- Finland has a 15 minute break every hour
- Drifting off because can't stay focused that long
- Taking away free time makes it worse – there is a lot to learn from other societies
- Like the idea of kids having choice – would love to talk about capping homework and if homework is beneficial
- Taking breaks are helpful to focus throughout the day
- Other discussions can come out of this discussion – Finland does not test kids until 17
- Interesting to hear different viewpoints – homework policy for everyone to see
 - Need to talk about with teacher or principal - geared toward individual
- Common core math is hard to understand, - kids don't finish work because they don't get help on it and have other homework to get to
 - Parents don't understand and don't have siblings that know how to do it
- Can't talk about one group – all different for all students and families
- Report after report stresses how important physical activity is for brain function
- Kid that might be most disruptive in class needs the physical time during a long school day that is mostly sitting down - not natural
- Teachers have good intentions but shame has to be in that time frame.
- How important is this amount of homework?
- That students can't get it done day after day and miss recess is not good
 - Modify homework or do not have homework with length of school day we have
- Make responsible choices – kids don't always make right choices – not healthy to sit in front of computer if that's what they choose during recess
- Some kids have to have breaks
- TA in special education and regular education over the years, work in 5th grade now – organize students in the morning, work for 1 hour, break, 1 hour, special, 40 min, lunch, recess, a special in afternoon then home
- Institute stretch breaks, walk around loop if necessary – as a team we incorporate healthy situations for kids
- Modification of homework, never once had a student that stayed in excessively – always give children what they need
 - Modify homework, classwork, break, as child needs
- Schedules are not as rigid as you think – self contained or regular education- whatever a student needs they get

- Have a special needs child – needs change – every teacher dealt with is willing to make sacrifices and change plans – reduce homework, accommodate needs as they change
- He does miss recess, teacher is doing most appropriate thing at the time
- Teacher feels is best at the time - maybe parent can't explain it – I never complained that teacher kept him in for 15 min or the whole recess
- Teachers are very accommodating even without a 504 or IEP – teachers really care about them
- Maybe some teachers do overuse recess, but teachers will work with parents – need to work with teacher and come up with different solutions
- Current climate of education and how teachers are viewed – never been more mistrust, because of society – nothing more mistrusting than saying let's make a board policy
 - If kids need to miss recess, ok, great consequence for my child, trust my teacher- don't undermine teachers
- School is not supposed be torture, but to prepare kids for life – in life there are consequences – if people don't do what they should, have consequences
- In the study that past Board president gave said it is important for students to have 20 min everyday – have 30 min everyday – so have 10 min leeway
 - Students are not kept in for whole time – always have some time to have play
- Important thing is that the teachers have the ability to use that 30 min – and give time to play as a balance - if there is a policy, it is tying the teachers' hands

Board will discuss whether to have a more involved policy at a future Board meeting

8:15

- Athletics – new gym floor looks beautiful – was sanded and redone
- Modified season ended last week, of the 235 students in MS, 149 participated in modified sport – great enthusiasm for sports
- The added second day for Parent Teacher conferences was well received
- 11/20/15 MS Science Fair 1:00-2:30 in cafeteria and MS gym
 - 235 science projects

6. Presentation

6.01 Middle School Principal Jen O'Connor will present the Local Assistance Plan (proposed 8:20 duration 15 min)

8:20

- In July Interim Superintendent Victoria McLaren received a letter saying that the MS was deficient
 - Designation called LAP based upon 2013 ELA assessments
 - Today's 9th and 10th graders
- Reason is special education students did not do as well as general education students
 - 100 or more point gap and you are designated as a school needing a plan
- Diagnostic self-review document completed – fulfills requirement as a LAP school -additional resources, and actions to take for students with disabilities
- Appealed in August – submitted with 3 reasons:
 - The MS classification rate far exceeds the state norm of 11-15%
 - Grade 7 has a classification rate of 28%; the classification rate in grade 8 is 25%.

- The high number of partially completed tests which resulted in a score of 1 due to refusal to take second day of test
- The negative climate surrounding state testing and the resulting adverse performance and attitude
 - The appeal was denied
- A LAP team was created to complete the plan consisting of the following people:
 - MS principal
 - PPS director
 - MS and HS ELA teachers
 - MS and HS SPED teachers
 - BOCES Coordinator Special Education School Improvement Specialist

Tenants used to rate MS:

- 1st tenant School Leader Practices And Decisions
 - If developing or ineffective have to come up with a plan
 - Specific, Meaningful, Action oriented, Realistic, Timely (SMART) goals will be created for the building by the MS grade-level teams in the next month or 2 to increase student achievement
- 2nd tenant Curriculum Development and Support
 - In ELA, special education teachers will continue to work with regular education teachers on curricular maps to align general education and special education
 - Assign common reading and writing expectations for each grade level for the length of the school year
 - Horizontal (daily) and vertical (during 11/25/15 professional development day) team meetings will continue to insure alignment between general education and special education
 - Continue Rtl initiative to support at-risk students
 - Common expectations will be developed for all Academic Reinforcement classes (all special education have class teacher reinforce what is taught during the day) to support reading and writing expectations
 - Use EngageNY protocols in ELA classes – started when first came out will be more diligent now
- 3rd Tenant - Teacher Practices and Decisions
 - We use MAPs and common assessments throughout the school; however, more detail in data analysis will be utilized to create targeted plans for daily and unit planning
- 4th tenant: Student Social and Emotional Developmental Health
 - The MS will continue to incorporate the tenants and practices of PBIS.
- 5th tenant: Family and Community Engagement
 - The PPS Director will plan a series of family nights to provide training and support for those students who fall under the umbrella of PPS (January, March, May 2016)

Discussion:

- Rubric for LAP must have evidence

- They can verbalize what they do but do not have it in writing
- Diagnostic self- review – specify additional resources and professional development
 - All LAP school have to apply for \$20,000 grant – specify what money you need to meet goals
- 25% Special Education rate shows that we have a problem - how are we addressing problem
 - They use RTI and AIS, but still have high numbers
 - Another presentation to the Board
- SMART goals – have to be measurable and are about student achievement
 - Good that it is measurable – 7th and 8th grade assessment cannot be used because not enough students take the State tests
- Engage NY protocols are lesson plans – resources for teachers, keep current on rigor of work
- Data analysis is incorporated in school day – not enough professional development time
 - Grant money will be used for after school time
- Hoping District gets to a point where curriculum is high quality and vertically aligned

Recommended Action: The Board of Education hereby approves the Local Assistance Plan for the Middle School

Motioned: Trustee Davis

Seconded: Trustee Salem

Result: Unanimous

Yea: Trustee Schnell, Trustee Kurnit, Trustee Osmond, Trustee McGillicuddy, Trustee Storey, Trustee Davis, Trustee Salem

2010 2015 6140 Personnel **SUBJECT: HEALTH EXAMINATIONS**

~~All teachers initially appointed to probationary positions shall obtain a physical examination. When such examination is made by the school physician the cost of such examination shall be borne by the District. A teacher, however, may elect to have a health examination at his/her own expense by a physician of his/her own choice.~~

The Board reserves the right to request a health examination at any time during employment, at School District expense, in order to determine whether the employee can perform the essential functions of the position with or without reasonable accommodation.

~~Support staff personnel initially appointed to positions may be requested to obtain physical examinations at the expense of the School District. The physical examination is to be obtained from the school physician.~~

All bus drivers and substitute bus drivers shall have yearly physical examinations. Each bus driver initially employed by the School District shall have a physical examination within the four (4) weeks prior to the beginning of service. In no case shall the interval between physical examinations exceed a thirteen month period.

~~Annual or more frequent~~ Examinations of any employee may be required, when, in the judgment of the school physician and the Superintendent, such procedure is deemed necessary.

The final acceptance or rejection of a medical report with reference to the health of an employee lies within the discretion of the Board. The decision of the physician designated by the Board as the determining physician shall take precedence over all other medical advice.

Education Law Section 913; Bus Drivers: 8 New York Code of Rules and Regulations Section 156.3(2); Rules and Regulations of the Commissioner of Motor Vehicles Section 5.09-b

- Thanked principals and teachers for allowing the Board in to observe their classrooms
- Observed MS, HS and Phoenicia
 - Interesting to see the variety of classes at HS and quality of discussions
- Saw how hard the teachers and administrators work to give students the education they need
 - Thanked them for their hard work

Trustee Schnell reported:

- Went to WD and HS – interesting to see Teachers' College Reading and Writing Workshop as well as the math program

Trustee Salem reported:

- Went to HS, BN WD – always striking to see teachers doing job
 - Reinforces positive attitude toward them
- AP World class in HS being taught for the 1st time
 - Good we are developing new curriculum
- Community isn't aware of everything the HS has available to them
 - Design a way for HS students to interact with community
- WD – always great to see the school; a beautifully settled, quiet place
- BN was most striking – school has challenges that you don't see in other grades
 - Students' personality change from 4th-6th grade is huge

Trustee Davis reported:

- Toured MS, PH and BN
- MS- French and Spanish using the Smart Board in different ways
 - French class watched French movie – used stills from movie to study adjectives in French
- PH was a very thorough tour

9. Discussion

9.01 The Board will discuss the Nomination Form for the Superintendent Search Process (proposed 7:30 duration 30 min)
7:20
No Board member had comments – will move forward with this form

9.02 The Board will discuss the Recess Forum (proposed 8:00 duration 30 min)
7:25

- Trustee Kurnit welcomed everyone
- 53 people were present
- Good information, good comments
- This was the 2nd forum– sounded as though the same comments were made at both forums
- Overwhelming, people who spoke were opposed to the Board creating a recess policy
 - Takes the autonomy away from teachers and principals
- Trustee Kurnit did an excellent job facilitating
- A lot of different points of view, very civil discussion
- Noticed the misperception that the Board was going to create a policy that mandated that children go out at recess
 - Students there expressed that they would like a choice

- Exposes that the schedule does not allow children any other time to do chorus and other activities
- Need to have a discussion about homework at Board level
 - Many spoke about staying in to finish homework
- Presenter at NYSSBA made a point that HW creates inequity because not all students have someone at home to help and some students have other things they must do
 - Board and administration should discuss homework and if too much is assigned
- Students who spoke were very impressive
- Some students choose to stay in for recess instead of doing homework at home
- Teachers have said if a child is having trouble, stop trying and teacher will help
- In comments in survey –students want choice during recess
 - Many prefer to stay in
- Not in favor of policy for recess, a policy would be micro-managing teachers
 - Do on a case by case basis because every child is different
- Parents and teachers know their students and children well enough to deal with recess
- Current policy on homework says that teachers should coordinate scheduled homework
- Beginning of discussion – next meeting discussion and possible action
- One major concern is parents are surprised when students are kept in
 - Need to give parents notice about recess missed
- Interim Assistant Superintendent for Curriculum & Instruction Marystephanie Corsones reported that she discussed recess notice with elementary principals and appropriate protocol for notifying parents – reached consensus:
 - If child missed a full recess period of 30 min, parents notified
 - If teachers is helping student – wouldn't warrant parent notification because it is a portion of recess
- Leave discretion of recess to teachers and principals – deal with “frequent flyers’ with teachers on a 1 to 1 basis
- Board to look at sentence in the Homework policy – “District recognizes that homework is an important vehicle in parent- teacher communication”
- If student is kept in several days in a row for 15 min, will parents be informed?
 - Look for patterns of children staying in involuntarily
- Interim Assistant Superintendent for Curriculum & Instruction Marystephanie Corsones to verify how records are kept on students being kept in

10. **Break**

- 10.01 The Board will take a 5 minute break at 8:30
Consensus to skip the break

11. Discussion (cont'd)

- 11.01 The Board will discuss the 2016-2017 Budget Calendar (proposed 8:35 duration 10 min)
7:45
Interim Superintendent Victoria McLaren reviewed Budget calendar:

- Same format that has been used for last few years, updated every year to put in current board dates and deadlines
- Looking like it will be a 0% increase in levy
- Holding the budget similar to what it was this year
- If Foundation Aid restored, will have more money
- December start to talk about parameters, January will get feedback from principals and Supervisors to go over budget requests and look at enrollment projections
- Board presentations from February and until board adopts budget
- Adopt budget on 4/5/16 adopt, latest date to adopt is 4/23/16
- Budget Hearing 5/3/16, Budget Vote is 5/17/16

Trustee McGillicuddy was not here to report
- 14.05 Wi-Fi Task Force Report from Board Member Observers
 - Last Board meeting decided to have Board members observe meeting: Trustee Schnell, Trustee McGillicuddy, Trustee Storey
 - Trustee Schnell
 - Attended as observers, not part of discussion, by end of the meeting, the Task Force was ready to move forward as a cohesive group
 - They put protocols in place and hope they will be able to follow them
 - Trustee Storey
 - Agree with the way the procedure was put through
 - Have reservations that this Task Force will be able to come to

conclusion because not everyone had open mind

- One side Wi-Fi completely shut off, other side keep it on
- People have resigned from the Task Force committee
- Reservation that we will get a consensus recommendation
- There have been 4 resignations
- When single issue task force are created, have people who come in with minds made up
 - As SDM Team is established maybe that will be a vehicle for these types of issues
 - Hard to get a group on single issue that are all on middle ground

4. Welcome

4.01 Phoenicia Principal Linda Sella will welcome the Board (proposed 7:05 duration 10 min)

7:25

- Holiday season is here and in full swing, had a successful Holiday Boutique, Hat and Mitten Tree, Holiday Craft Fair, other gatherings
 - Have received support from one end of district to another
- Dedicating the welcome to 2 outstanding co-teachers Jane Wolfrom and Amy Gustafson
- Jane Wolfrom and Amy Gustafson presented:
 - Integrated science/Teachers College reading/writing lesson on habitats and adaptation in collaboration with Mohonk Preserve
 - Pond keepers began as a cooperative program with BOCES and Mohonk Preserve – received a tank of macro invertebrates
 - Introduce kids to what the trout will meet when released
 - Children learned about locomotion, respiration, defense and what they eat
 - Students kept Pond Keepers journal describing what they saw and learned– worked collaboratively in groups discussing creature and hypothesizing about their creature
 - Discussed pollution – held mock town meeting as to why pond became polluted and what are the solutions
 - Culminating activity was a creature creation out of beads, etc to synthesize newly learned information
 - Time in science and social studies sometimes lacks due to Writers and Readers workshop time, learned at last Superintendent's Conference Day to incorporate social studies and science into TC units
 - Integrated pond study units into reading and writing, building skills for fiction reading and writing
 - Part of unit students research topic and write a book about it
 - Shared research on topic
 - Used journals to write books – table of contents, chapters on subtopics with glossary – still in progress
 - Focus on vocabulary is school wide goal based on data team findings
 - Concrete experience is best to build vocabulary and language for ESL, IEP and at-risk students
 - Extending experience into upcoming TC units – fictional and poetry

Discussion:

- 10 gallon tank was from Mohonk Preserve along with training
- Would be great to take to other school to have a program there
- Great project based learning that Board appreciates

5. Board District News

5.01 The Board will announce District news (proposed 7:15)

7:35

Trustee Davis reported:

- Modified Basketball game well attended
- Has been elected Town Justice by town of Olive

- Conflict of interest to be on Board and judge, will be resigning as of 12/31/15

Trustee McGillicuddy reported:

- Volunteered at Phoenicia Craft Fair
- Resigning from Board effective 12/31/15
 - Valued time as Board member and has learned a great deal
 - Appreciated serving the community
- Wi-Fi Task Force- asked Board to talk positively because it is a Board task force
 - May be difficult because different viewpoints, group is divided
 - Reason task force created because community members asked Board to look into issue
 - They are opinionated because they have been researching for over 3 years, need to keep an open mind

Trustee Storey reported:

- Commissioner Elia went to New Paltz on 12/8/15 and met with different constituent groups – administrators, teacher, parents, Board members
- Had gone throughout the state to discuss issues from all districts
- Alluded to Governor's Task Force
- Received feedback on common core from over 10,000 people- 70% are in favor of high standards
 - Modules should not be used as scripts, but used as guidance
- More local control of testing and assessments – bring back to teachers
- Spring test will be a little shorter, not drastically
 - They provide direction toward students that have IEPs
- Regular education students taking tests after allotted time, can continue
- Pushing to have tests done electronically so info can be returned quickly
- #1 questions during Q and A was New Paltz Board's paper
- Disappointing because there was less discussion of how things will get done
 - Will be announced in State of the State in January
- Changes in testing will be in coming years

Trustee Kurnit

- Will surely miss the 2 Board members leaving
- Round of applause for them

6. Superintendent District News

6.01 The Superintendent announce District news (proposed 7:20)
7:45

Interim Superintendent Victoria McLaren reported:

- Thank you to Board members leaving – Trustee McGillicuddy gave so much of her time to Board and Trustee Davis was an asset to the Board
- Commissioner Elia spoke but did not say anything definitive
- On Tuesday morning, District dismissed early due to wide spread power outage
 - Everything went very smoothly in an unfamiliar situation
 - More light in elementary, HS could be dark

- The administrators and supervisors took care of all of the details
- The Transportation department made sure that all students were delivered safely- buses circle back around to the drop off locations to give parents and daycare providers time to arrive home

High School

- The Second Quarter progress reports will be sent home prior to winter vacation
- All of the high school winter music concerts have been held
 - Videos of all of the concerts can be found on the high school's website
- Attended the High School band concert last night and as usual, was incredibly impressed by the talent of our students and our staff- finale was Sir Duke by Stevie Wonder
- On 12/10/15 the high school hosted a Poetry Out Loud competition
 - 14 students took part in the event, which requires participants to memorize and recite 2 poems
 - Kalo Talley and Jack Warren will advance to the regional competition, to be held on 2/1/16 at SUNY Oneonta
 - Honorable mentions were Megan Haaland, Autumn Ward, and Kira Daniels
- On 12/8/15 Art Club and Drawing and Design Class went on a field trip to a local motel renowned for its unusual design aesthetic
 - Roxbury Motel features themed rooms inspired by beloved films, cartoons, and television series
 - Owners Greg Henderson and Joseph Massa, have created rooms inspired by Fred Flintstone and The Wizard of Oz
- Student Black and White Darkroom Photo Show from all Ulster County High Schools will be shown at Woodstock Artists Association-Youth Exhibition Space, Tinker St. Woodstock 12/5- 1/3
 - This exhibit of black and white photographs was created in the darkroom without any digital manipulation.

Middle School

- National Junior Honor Society students have been collecting stuffed animals for distribution to local hospitals
 - The drive ends this Friday, but they have already collected almost 200 stuffed animals
- Jazarah Shim won the Patriot's Pen competition sponsored by the VFW in Brewster, NY
 - Her essay, "What Freedom Means to Me" was one of 76 entries submitted, received a certificate and a monetary prize
 - Essay is on the MS website

Interim Assistant Superintendent for Curriculum & Instruction Marystephanie Corsones will discuss the latest news on APPR

- Board of Regents met on Monday and Tuesday this week – issuing emergency regulations for teacher/principal evaluations
- Onteora was planning on applying for second waiver so for this school year, would be subject to current plan in place
- New regulation last April attached to budget require changes to evaluation

system— 2 components:

- Student performance and Teacher/Principal observation
- None of the 3-8 NYS ELA or Math assessments will be used as part of APPR
 - Using District Student Learning Objectives defined by assessments pre-approved by the State- regionally or district developed

Discussion:

- Student Learning Objectives (SLOs) – involves an assessment for student being on a learning path
 - A pre-test gives a base line of where a student is in skill development, then sets expected amount of growth
 - Target is assessed based on post- test performance
- Tests in spring State tests will not be used in APPR until the 2019-2020 school year
- Results of State tests will be released to guide instruction
- Don't see how State tests benefit students, since you don't see results while in current grade
- Area of interest – will be discussion in future months

7. Student Representative Report

7.01 Student Representative, Raegan Loheide will report to the Board (proposed 7:25)
Student Rep was not present to give report

8. Acknowledge Public Be Heard

8.01 The Board will acknowledge the public be heard comments from the last meeting
No comment was made last meeting

9. Public/Student Comment

9.01 The public and students may comment on any agenda or non agenda item. Please limit comments to 3 minutes (proposed 7:30 duration 10 min or more)
No comment was made

10. Presentation

10.01 Fall Sports Update by Interim Athletic Director Lou Cioffi (proposed 7:35 duration 10 min)

8:00

- Glad to be back in District, spent 2 months here last year was impressed with District – thanked Board for the opportunity
- Thanked Board, Director of Facilities Jared Mance, HS Principal Lance Edelman and MS Principal Jen O'Connor for addressing gym floor
- Total of 281 student athletes
- Varsity cross country – one runner qualified for State meet
 - All athletes improved during the season
- Boys soccer ended 7-3-1
- Varsity girls soccer qualified for sectionals – tough game in Marlboro, but played well
- Field Hockey team qualified in sectionals
- Golf team –1 student qualified for sectionals to be held in the spring
- Varsity girls tennis team – 1 student finished high in ranking

- 4 players qualified in sectional
- Modified football numbers were high – 45 participants started with 47
 - Compliment to coaches and program
 - May be a stepping stone for football program here
- Modified hockey, soccer - girls and boys had high participants
- Goals of modified program is to keep as many kids in program – want to teach sport at the MS level in hopes of getting students athletes involved
- Winter sports participation numbers: 161 participants, normal decrease from fall
- Scholar athletes – every Ontario varsity team qualified as scholar athlete team
 - Not many school districts that every varsity team got designation
 - Golf team did not because not enough participants

Discussion:

- Golf team does not have many participants because it goes in cycle
 - 4 of 5 will be back and there are younger student interested
 - Different now- students must pass test to move up to varsity
 - Girls have problem with arm hang test
 - Same in tennis and wrestling
 - Have to be pretty good in golf because no JV golf
- Football numbers became low because younger students were on the varsity team and they were playing both offense and defense
 - They will try a JV team next year and grades 7-8 modified instead of 7-9
 - If that goes well, will look at varsity program in 2 years
- Modified football and soccer are being watched for concussion as well as varsity
- Suggest having an athletic trainer 5 days a week to follow-up on concussion related injuries
 - Now have trainer in 1 day a week at no cost
 - Could also follow up with aches and pains, but more important on concussion

Concussions get reported to school nurses

11. Discussion

11.01 The Board will discuss filling vacant Board seats and advertising immediately (proposed 7:45 duration 15 min)

8:15

Realizing will have 2 Board seats vacant

- Reasonable time line to solicit for new Board members
- Commenced after the 1st of the year- posted, but deadline of application should not be until after the holiday
- Look at 2/2/15 to have interviews at Bennett, centrally located
- Post though media – conducting search for 2 candidates – run through last week in January
 - People may not even look until after the holidays
- 1/26/16 as application due date
 - Consensus to move ahead

11.02 Interim Assistant Superintendent for Curriculum and Instruction, Marystephanie Corsones will update the Board on Recess communication procedure (proposed 8:00 proposed 10 min)

8:20

As a follow up to the recess discussion at the November 24, 2015 Board meeting, I met with the principals of both primary schools and both the faculty and principal of the intermediate school to ascertain how records are kept or what monitoring process exists to tract students being involuntarily "kept in" from recess for 15 minutes several days in a row thus creating patterns of students staying in and how this is communicated to parents.

At the primary schools, this is a rare occurrence. In both buildings it is the principals' responsibility to monitor such patterns and to communicate with the parents. As the principals are in the cafeteria and on the playground during these times, it is very evident when the same student repeatedly arrives late.

At the intermediate school, if the above occurs, teachers monitor this and communicate with parents in a variety of ways ranging from notations in the daily home-school logs, students' daily planners, to phone calls home and emails. If there is a repeated pattern, it is noted in the "Work Habits and Behavior" section of the report cards and in IEP progress reports.

Please remember as discussed earlier in all three buildings any time a student is "kept in" involuntarily from recess for 30 minutes, the parents are notified by the principal.

- At last Board meeting Board had follow up question on recess
 - How patterns of students being kept in for 15 minutes are monitored, recorded and communicated to parents
- Met with both primary principals, intermediate principal and teachers
 - If students are kept in for 15 min for more than a week, communicate with parents
 - Teachers gave examples that they have worked with parents that have requested that teacher work with teacher on continual basis for 15 min because parent was not in a situation to support child outside of classroom

Discussion:

- Primary parents are made immediately aware
 - Intermediate level communication may be home-school log, email or phone call depending on how parent wanted communication
 - By second week, parent notified
 - Report card is supplemental
- Parent teacher log usually requires that parents initial it, so that teacher can see that parent received message
- Logs being used in 4th but not in 6th is normal
 - As students mature in 6th grade, one would expect student to assume more responsibility
- Traditionally at Open House teacher uses time to explain to parents what communication mode is – established by grade level team
- Each teacher has page on the web to communicate to parents their method of communication
 - Not every parent attends Open House – if parent not there, parent has to seek information
- Teachers clearly do communicate with parents or attempt to communicate with parents depending on how parents want to communicate
 - If there is a repeated pattern, teachers make sure they have communication with parent

- Interim Assistant Superintendent for Curriculum & Instruction Marystephanie Corsones is impressed with elementary teachers – they are nurturing and compassionate with children and try to have open communication with parents
- Not one specific method of communication that all teachers use –but all teams have a consistent method
 - K-6 should have some standard response to this
- Board member parent experiences:
 - 4th grade uses daily planners and/or log, as well as newsletters, calls and emails
 - Children don't always remember daily planners and were not always notified
- Anytime a child is kept in for behavior parents are notified in writing
- No system can be 100% foolproof

11.03 Discuss the advertising budget for superintendent search and if the superintendent needs to reside in the District (proposed 8:10 duration 30 min)

8:45

Residency in District

- Residency in District has been in the Superintendent contract, it is not policy
 - May not be beneficial to require to get as broad a range of candidates
- Not live in District but live in 25-30 mile limit get more pool of applications
 - May not be feasible because of the rural district with a lot of open space
- Important that Superintendent live in district to make contacts in community
- Not common for that clause to be in contracts
 - Easy to live in Kingston but still involved in district, Interim Superintendent Victoria McLaren lives in Kingston
- Interested in advertising outside of region, will limit pool if require living in District
- Ideal to have someone that lives in district, but does not outweigh importance of the pool of candidates
- Don't include in advertisement – but negotiate in contract

Advertising:

- Surprised NYSSBA is charging for advertising, since we pay high dues
- Maybe do a smaller ad in NY Times, since a job seeker would read the entire page
 - Large amount of budget for 1 ad
- Advertise in National Superintendent Association / National School Board Association
- If comfortable with total number (\$11,634 - \$12,900), do a smaller ad in NY Times and investigate other possible
 - Have Dr. Khoury go ahead with 2 x 2 in NY Times and other places on proposal, but come back with national superintendent and school board sites
 - Last search , candidates sent in from TX, etc. elements that those candidates will not address
 - Perhaps more regional advertising (north east)
- Consensus reached to do a smaller ad in NY Times see if we need the money

further in the process

- Residency consensus:
 - Trustee Storey - not required
 - Trustee Salem – not required
 - Trustee McGillicuddy – will go with Board consensus
 - Trustee Osmond – not required
 - Trustee Kurnit- not required
 - Trustee Davis – not required

11.04 Discussion on a Board Member to join the Shared Decision Making Committee that is revising the SDM Plan (proposed 8:40 duration 10 min)

9:15

Interim Superintendent Victoria McLaren explained:

- In the process of creating a new plan the Committee was under the assumption that a Board member is not to be a member
 - Very clear in the NYS Regulation that a Board member should be a member of the SDM Team
 - Previous plan did not include a Board member
 - Decided that a Board member should be on the committee creating the plan and as an ongoing member
- Trustee Schnell, Trustee Kurnit and Trustee Storey are interested
- Previous plan members had 1 year terms, in new plan will have 2 year terms
- Since there is another Board meeting before the next SDM meeting, postpone discussion until the full Board in attendance

12. ****Break****

12.01 The Board will take a 5 minute break at 8:50

9:20

13. **Discussion and Possible Action**

13.01 The Board will discuss and take action on a recess policy (proposed 8:55 duration 10 min)

9:30

Trustee Kurnit opened the discussion on deciding to take action on a recess policy:

- Trustee Osmond In favor of a policy, but not a restrictive policy
- Trustee Davis, Trustee Salem, Trustee Storey are not in favor of a policy
 - Do not micromanage teachers and staff members and allow competent administrators to do their jobs
- Trustee McGillicuddy - Feel strongly that students go outside everyday-children should not have to choose – things should be at other times during the day
 - In favor of a recess policy and to find another time for the things that make recess expendable
- Trustee Kurnit wants a discussion on how school day is structured – students should have a choice, but change schedule to allow for recess
- Homework policy to be revised – overwhelming at forum was that students have too much homework
- Teachers don't know the Homework policy and that homework can be adjusted for children according to after school activities, and that grade level

teams should look at when homework is given in each subject

- Need to clarify expectations of homework if parents cannot help children
- Trustee Kurnit – difficult to create recess policy – more important to look at schedules

Recommended Action: The Board of Education will draft a policy on recess

Motioned: Trustee Storey

Seconded: Trustee Salem

Result: Failed

Yea: Trustee Osmond, Trustee McGillicuddy

No: Trustee Storey, Trustee Davis, Trustee Salem, Trustee Kurnit

Present: Trustee Kurnit, Trustee Osmond, Trustee McGillicuddy, Trustee Storey, Trustee Davis, Trustee Salem

Not Present: Trustee Schnell

14. Policies (proposed 9:05)

14.01 First Reading of Policy 8450 Homebound Instruction

9:50

- Multiple pathways to homebound instruction, old policy just describes illness

20022015 8450 Instruction **SUBJECT:** ~~HOME TUTORING (TEMPORARY INSTRUCTION)~~ HOMEBOUND INSTRUCTION

Homebound instruction is a service provided to students who are unable to attend school due to medical, emotional or disciplinary problems. Secondary students receive instruction for two hours per day and elementary students receive one hour per day. Students receive credit for successfully completed work assigned by the District while on homebound instruction

The district makes provisions for homebound instruction upon referral from the Medical Director or the Director of Pupil Personnel Services following the guidelines established by the Superintendent of Schools for placing a student on homebound instruction.

Homebound instruction will strive to keep the student on pace to rejoin his/her class and maintain academic progress. The Board recognizes that students who are out of school for extended periods of time are at risk of falling behind academically and/or losing connection to the school community. The Board directs the administration to evaluate periodically whether homebound instruction is effective in keeping students on track to graduate, and if not, to take steps to improve instruction and implement approaches and/or offer services that support the transition back to school.

Resident children attending public or nonpublic schools who qualify for homebound instruction ~~tutoring~~ due to ~~a long term illness~~ medical, emotional or disciplinary action shall be provided with such instruction in accordance with New York State Education Law and Commissioner's Regulations.

Procedures for students requiring home tutoring shall be developed under the direction of the Superintendent or his/her designee.

Education Law Sections 1604(20),

Ref: Education Law §§1709(24); 4401 et seq.

8 NYCRR §175.21 1709(24), 3202, and 4401

14.02 First Reading of 5230 Gifts to the School District

- Added language for clarification

20142015 5230 Non- Instructional/Business Operations **SUBJECT:** **GIFTS TO THE SCHOOL DISTRICT**

The term "Gift" is understood to mean any bequest, gift, money, property good or grant

Only the Board of Education may accept any gift for the school district. ~~any gift.~~

Any gift accepted by the Board shall become the property of the District, may not be returned without the approval of the Board, and is subject to the same controls and regulations as are other properties of the district.

It shall be the policy of the district to accept a gift, provided it is made within the statutory authority granted to school districts and has received the approval of the Board of Education.

The Board reserves the right to refuse any gift which does not contribute towards the achievement of the district's goals or the ownership of which would tend to deplete the resources of the district.

In granting or withholding its consent, the Board will review the following factors:

1. The terms of the gift must identify:
 - a. the subject of the gift
 - b. the purpose of the gift
 - c. the beneficiary or beneficiaries if any
 - d. all conditions or restrictions that may apply.
 2. The gift must not benefit a particular or named individual or individuals.
 3. If the purpose of the gift is an award to a single student, the determination of the recipient of such award shall be made on the basis that all students shall have an equal opportunity to qualify for it in conformance with federal and state law.
 4. If the gift is in trust, the obligation of the investment and reinvestment of the principal shall be clearly specified and the application of the income or investment proceeds shall be clearly set forth
 5. No gift or trust will be accepted by the Board unless:
 - a. it is in support of and a benefit to all or to a particular public school in the district, or
 - b. it is for a purpose for which the school district could legally expend its own funds, or
 - c. it is for the purpose of awarding scholarships to students graduating from the district.
- Any gift rejected by the Board shall be returned to the donor or his/her estate within 60 days together with a statement indicating the reasons for the rejection of such gift.

Gift Giving

The Board of Education recognizes that gift giving, especially during the holiday season, may be a common practice for many District employees. While the giving or exchanging of gifts may be acceptable among staff members, the Board strongly encourages District employees and students to show appreciation through written notes or greeting cards.

Soliciting and Accepting Gifts, Grants or Donations

Prior to seeking any grant or donation, the applicant must obtain prior approval from the district. Teachers seeking grants or donations for their classroom must obtain approval from the Building Principal. Other staff or administrators seeking grants or donations to benefit an entire school or the district as a whole must obtain approval from the Superintendent or his/her designee.

Approval shall depend on factors including, but not limited to: compatibility with the district's educational program and standards; availability of existing district resources; whether ownership would deplete district resources; and its impact on the equitable distribution of district resources.

All grants and donations must benefit the district and be congruent with the following principles:

1. The district's mission and vision.
2. The district and school goals that positively impact student performance.
3. The district's instructional priorities and strategies.
4. Conform to district governance and decision-making procedures of the Board, central office and building-level staff.
5. Provide a value or benefit that is greater than the obligation under the grant award.
6. Not violate management and/or bargaining unit rights and responsibilities.
7. Not carry any conditions that would divert school or district efforts away from the district's primary mission.

The Board reserves the right to deny approval of any funding or grant application which does not contribute towards the achievement of the district's goals, or which would deplete the resources of the district. Any application for a grant which requires a match of district funds or resources when the initiative has been identified as a priority of the Board and when such funds are planned as part of the district budget process or can be accommodated by the current budget, must be pre-approved by the Board.

All solicited grants and donations must be formally accepted by the Board.

Accounting for, and Oversight of, all Donations, Gifts and Grants

All gifts, donations, grants, funds, property and materials received by the district become the property of the district. All items are subject to the same controls and regulations as other district property, and shall be deposited or inventoried accordingly.

 - Students wrote on slips of paper what can be done to help environment, they are now on display in the HS
- Human Rights Club brought Student Government a petition to change the mascot
 - Holding forums for students about this issue

Discussion:

- After-school forum on the mascot will bring in speakers, what students are feeling, why it is a prevalent issue
 - Get all viewpoints, since it concerns students – take pride in and promote acceptance and tolerance
- Having a debate not as welcoming an environment, Human Rights Club's forum will have students discuss problems they are having with the mascot
- MS students may be invited, since it is a shared building and they have sports team

8. Acknowledge Public Be Heard

7:05

Sam Truitt – Representing a cadre of parents who voiced concerns regarding a recent bullying incident at HS. Parents are concerned that there is a culture of on-going bullying. Asking for discussion and protocol, rather incident by incident

Corrine Mol – Reported cyberbullying incident. Measures were taken at Bennett a few years ago to prevent bullying. Needs strong investigation and students need to know that there are very serious consequences. Volunteering to help

Rivka Tadjer – Cyber-threat issue –How do parents get involved to have a reasonable part to help change?

10. Presentation

10.01 Budget Presentation (proposed 7:15 duration 15 min)

7:15

Interim Assistant Superintendent for Business, Don Gottlieb presented:

- State Aid figures are not available until end of this month
- \$900,000 in Gap Elimination Adjustment funds
 - When state was in financial distress, the State reduced aid, now that the State has revenues, eliminating reduction to poorer district
 - Onteora is classified as wealthier district due to property value

- Don't have Health insurance rates – significant expenditure, not predicting what range might be
- Staffing: Draft budget includes all existing positions plus a Director of Technology, as discussed during the previous budget cycle and JV Football Head Coach and Assistant Coach (This year had modified program – enough students that will move to JV level)
- Too early in cycle for Special Education – Special Education committees meet in late winter, early spring
- May get initial budget from BOCES this week for rough idea of where we stand
- Salary and benefits are 70-75% of budget – looking at approximately \$850,000 increase
 - Teachers do not have contract for 15-16 year, need to project for 16-17 by guessing what settlement will be for 16-17 and 17-18
- Retirement System Contributions are currently estimated to decline by approximately \$650,000 due to a projected reductions in employer contribution rates for the Teacher Retirement System (TRS) based on return on investments in stock markets
 - The projected rate for 2016-2017 school year is between 11.50% and 12%, dropped from 16%-18%
 - Also drop in Employee Retirement System (ERS), but salaries are lower, so not as significant a savings
- Energy consumption is also a savings- in transportation contract we supply fuel to bus company
 - Don't have to pay the taxes the contractor has to pay- significant savings to taxpayer
 - Cost of gas dropping- tremendous supply of fuel now, rates are low
 - Savings will trickle to fuel for heat and electricity cost
- Still meeting with principals and directors to get program numbers
- Tax levy cap calculation has preliminary rate- \$300,00-\$400,000 raise but do not have definite Consumer Price Index (CPI) from State – appears to be 0%
- Will project fund balance by next meeting
- Bennett playground also a budget consideration

Discussion

- UCSBA and NYSSBA main goal was for State to focus on GEA and get remainder to Districts this year
- NYSSBA should look into the potential 0% CPI, which will put some districts at a negative number
- DEHIC numbers will come in March/April – in January most conservative range will be given
- Affordable Care Act “Cadillac” taxes held off until 2019 or 2020

10.02 Interim Assistant Superintendent for Curriculum & Instruction Marystephanie Corsones will present a plan for the year (proposed 7:30 duration 20 min)

7:30

Creating intentional processes –identifying goals, build on success of what exists and moving forward from there

- Here for basic purposes through 6/30/16 – what are priorities and focus areas

- First priority is curriculum mapping - teachers concerned because they spent so much time on mapping project
- Next is negotiate 2 new APPR plans compliant with 3012-d
 - Strong background in this area, worked with State on 3012-c to create plans that are fair and reasonable
- Then conduct a comprehensive review and leave summary recommendations and road map to move forward for whoever comes into position
- Mapping had a K-3 focus last year in developing diary maps, what teachers are doing, what skills are being covered
 - Had 15-16 priority of ELA and Math to move mapping forward
 - When reviewed map work, it was clear that the math maps could be easily used to bring to consensus mapping (all teachers in each grade agree on what would be taught when and how to use effective assessments)
 - Lay out framework to ensure all skills needed in one grade build onto next grade so all students get consistency
 - Then vertically align from one grade to another, creating common assessments to ensure all students are mastering skills
 - Project will be completed shortly with common assessments
 - ELA broken in 2 parts last year- reading and writing curriculum
 - Writing curriculum is quick to bring to consensus
 - Reading and literacy components – kicking off on half conference day 1/29/16
 - Need district literacy instruction philosophy to get consistency in district
 - Pulled teachers from classroom for professional development too much last year and no parity among schools
 - Goal is to pull out for 1 day second semester
- At HS level ELA curriculum has been strongly mapped and vertically aligned
- 2 ELA coordinators will work on articulation with grades 6-7 and 8-9
- Social studies- teacher worked with State Education on new framework, she presented it to teachers
 - Curriculum project to identify and incorporate effective strategies which teachers can use to address anticipated changes to the Global Regents, which must be passed for graduation
- Science – maps Nex Gen science standards have not been adopted by NYS – survey for teachers to give feedback
 - Since not finalized, leaving science until State finalizes the standards
- Reviewing all district assessments as instruments for driving instruction
 - Embedded in mapping project
 - Assessment is where teaching starts, need to know what students know before teaching
 - May be 3 well developed questions – used to inform instruction
 - Need to teach effectively
- Maps are loaded on NYLearns – and all future maps will be loaded
 - All staff has access, elementary staff was trained on 11/25/15, rest will be trained
 - All teachers will see all grades curriculum skills to be sure skills needed

- in current grade were previously taught, or needs to be taught this year
- Emergency regulations done last year for APPR
 - Goal is to negotiate new APPR plans for 9/1/16 and train all staff at the end of this year, so they start the year knowing what is in place
- Assess the organization's strengths, challenges we face and opportunities available
 - Make recommendations to ensure maintaining a respectful, positive district culture that is student-centered and focused on teaching and learning
 - To include a comprehensive review of existing programs, practices and services, and incorporate current student & staff data (i.e. attendance, etc.), recommendations and proposed next steps will be outlined and presented
- Work with all Onteora District staff from a practical perspective to continue to build upon past successes, reaffirming a culture to hone skills
 - Believes we owe every student and staff member a parity of experiences to meet students' needs

Discussion:

- Teachers College will remain in K-6, they released a new curriculum in June, 2015 which is CCLS aligned
 - Based on balanced literacy with guided reading at the core, which is best practice in research
 - New curriculum is very large, teachers are working it now; need to fit it in school year and find what must be in curriculum
 - Fit in spelling, phonics- literacy philosophy is critical
- Since 7th grade does not use TC, curriculum needs to use consistent formats and languages of TC, so students understand how their past learning in TC fits in MS and HS
- Nex Gen standards – survey will close 2/5/16
 - Spending 2 days with State on curricular issues in February, will know more when Nex Gen will be out
- Assessments should be easily administered and easily see what students need
- Curriculum needs to reflect student body, can get examples from their districts, but need a curriculum specific to Onteora students
- Student growth scores in State assessments will not be used as part of evaluation for this year – until 2019-20 school year
 - But will be calculating state growth scores for informational purposes
 - Creating “transition score” with an alternative – will be used for this school year and going forward until state growth scores are used again
 - Guidance will be out soon
- Will be able to put the curriculum online for parents
- Have not looked into Project Based Learning at Bennett
 - PBL needs training for teachers, a specific curriculum
 - Needs to see what Bennett has done
 - Can be a rich learning experience but needs to be organized and trained with time to develop
 - Will get back to Board

11. Discussion**11.01 Discussion on a Board Member to join the Shared Decision Making Committee**

- Trustee Kurnit will join SDM
 - Board officer should be on it

11.02 Drug Awareness & Education (proposed 7:50 duration 10 min)

8:15

Trustee Schnell read a statement:

- Addiction is a disease
- The Ontario District is the one common place for all students in the area, important that the District is involved with support
- There are various programs in the county that are available for students and parents

Interim Superintendent Victoria McLaren reported:

- Was in contact with the Route 212 Coalition
 - Invited to next meeting 1/12/16 6pm
- 2/10/16 will be student assemblies and forums for parents
 - Will reach out to all town supervisors (including Lexington and Marbletown) as well as all law enforcement agencies in the area
 - Will work out with county Mental Health what resources will be coming
 - Snow date of 2/11/16

Discussion:

- HS administrators are aware when State Education comes out with requirements
 - Works with Health teacher and PE Director to incorporate into health curriculum
- Intermediate level has a program called Social Thinking that uses the State's guidance document with 7 Personal and Health skills
 - Extend them to include drug related component
- 6th grade science curriculum includes State human sexuality requirement
- Problem goes beyond curriculum, students learn in Health Classes
 - After school anonymous program would be better since problem has stigma attached to it that needs to be erased
 - Friends can report others to help them out
- 212 Coalition offering free Narcan training
- A community member reached out to a former DEA special agent who now consults with schools through assemblies, then meets with students, teachers and parents
 - Creates a plan and then does follow-up with districts
 - Willingness to work with districts in this area
- In what way are we working with the students to help them make good life decisions?

11.03 Review Board Goals (proposed 8:00 duration 15 min)

8:30

Motion to move goals to next meeting

Motion to move to next meeting

Motioned: Trustee Schnell

Seconded: Trustee Osmond

Result: Unanimous

Yea: Trustee Schnell, Trustee Kurnit, Trustee Storey, Trustee Salem, Trustee Osmond

12. ****Break****

12.01 The Board will take a 5 minute break at 8:30
8:35

13. **Policies (proposed 8:40)**

13.01 First reading of Policy 5220 District Investments
8:40

- Language added because our current banks won't deposit our funds without charging monthly fee
- Looking at number of banks to get a better deal – TD Bank is interested but their collateral agreements includes an irrevocable letter of credit issued by a federal home loan bank
 - Policy does not address this particular newer instrument, which is accepted by NYS Municipal Law
- Language developed by attorney
- Can use as vehicle to invest money
- School Districts require that the banks put up collateral in the district name held by independent party so if bank goes bankrupt, district can recoup money
 - Collateral has become very expensive for banks
 - Have to maintain loan to deposit ratio and when we have an influx of a large amount of money, it throws their ratio off
- In spring will need to discuss the relationship with Chase bank

2014-2015 5220 Non-Instructional/Business Operations **SUBJECT: DISTRICT INVESTMENTS**

Scope

This investment policy applies to all moneys and other financial resources available for investment on its own behalf or on behalf of any other entity or individual.

Objectives

The primary objectives of the local government's investment activities are, in priority order:

- a) To confirm with all applicable federal, state and other legal requirements (legal);
- b) To adequately safeguard principal (safety);
- c) To provide sufficient liquidity to meet all operating requirements (liquidity); and
- d) To obtain a reasonable rate of return (yield).

Delegation of Authority

The Board of Education's responsibility for administration of the investment program is delegated to the Treasurer or designee who shall establish written procedures for the operation of the investment program consistent with these investment guidelines. Such procedures shall include an adequate internal control structure to provide a satisfactory level of accountability based on a data base or records incorporating description and amounts of investments, transaction dates, and other relevant information and regulate the activities of subordinate employees.

Prudence

All participants in the investment process shall seek to act responsibly as custodians of the public trust and shall avoid any transaction that might impair public confidence in the Ontario Central School District to govern effectively.

Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the safety of the principal as well as the probable income to be derived.

All participants involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decisions.

Diversification

It is the policy of the Ontario Central School District for all moneys collected by any officer or employee of the School District to transfer those funds to the Treasurer or designee within five (5) working days of deposit, or within the time period specified in law, whichever is shorter.

The Treasurer or designee is responsible for establishing and maintaining an internal control structure to provide reasonable, but not absolute, assurance that deposits and investments are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization and recorded properly, and are managed in compliance with applicable laws and regulations.

Designation of Depositories

The banks and trust companies authorized for the deposit of moneys up to the following maximum amounts are:

	<u>Depository Name</u>	<u>Maximum Amount</u>
Catskill Hudson Bank	varies	
Community Bank N.A.	varies	
Key Bank	varies	
JP Morgan Chase	varies	
NYCLASS	varies	
TD Bank	varies	

Collateralizing of Deposits

In accordance with the provisions of General Municipal Law, Section 10, all deposits of the Ontario Central School District, including certificates of deposit and special time deposits, in excess of the amount insured under the provisions of the Federal Deposit Insurance Act shall be secured:

- a) By a pledge of "eligible securities" with an aggregate "market value," or provided by General Municipal Law, Section 10, equal to the aggregate amount of deposits from the categories designated in Appendix A to the policy.
- b) By an eligible "irrevocable letter of credit" issued by a qualified bank other than the bank with the deposits in favor of the School District for a term not to exceed ninety (90) days with an aggregate value equal to one hundred forty percent (140%) of the aggregate amount of deposits and the agreed upon interest, if any. A qualified bank is one whose commercial paper and other unsecured short-term debt obligations are rated in one (1) of the three (3) highest rating categories by at least one (1) nationally recognized statistical rating organization or by a bank that is in compliance with applicable federal minimum risk-based capital requirements.
- c) By an eligible surety bond payable to the School District for an amount at least equal to 100% of the aggregate amount of deposits and the agreed upon interest, if any, executed by an insurance company authorized to do business in New York State, whose claims-paying ability is rated in the highest rating category by at least two (2) nationally recognized statistical rating organizations.
- d) By an irrevocable letter of credit in favor of the School District issued by a federal home loan bank whose commercial paper and other unsecured short-term debt obligations are rated in the highest rating category by at least one (1) nationally recognized statistical rating organization, as security for the payment of 100% of the aggregate amount of public deposits and the agreed upon interest, if any.

Safekeeping and Collateralization

Eligible securities used for collateralizing deposits shall be held by (the depository and/or a third party) bank or trust company subject to security and custodial agreements.

The security agreement shall provide that eligible securities are being pledged to secure local government deposits together with agree upon interest, if any, and any costs or expenses arising out of the collection of such deposits upon default. It shall also provide the conditions under which the securities may be sold, presented for payment, substituted or released and the events which will enable the local government to exercise its rights against the pledged securities.

The custodial agreement shall provide that securities held by the bank or trust company, or agent of and custodian for, the School District, will be kept separate and apart from the general assets of the custodial bank or trust company and will not, in any circumstances, be commingled with or become part of the backing for any other deposit or other liabilities. The agreement should also describe that the custodian shall confirm the receipt, substitution or release of the securities. The agreement shall provide for the frequency of revaluation of eligible securities and for the substitution of securities when a change in the rating of a security may cause ineligibility. Such agreement shall include all provisions necessary to provide the local government a perfected interest in the securities.

Permitted Investments

As authorized by General Municipal Law, Section 11, the Ontario Central School District authorizes the Treasurer or designee to invest moneys not required for immediate expenditure for terms not to exceed its projected cash flow needs in the following types of investments:

- a) Special time deposit accounts;
- b) Certificates of deposit;

- c) Obligations of the United States of America;
- d) Obligations guaranteed by agencies of the United States of America where the payment of principal and interest are guaranteed by the United States of America;
- e) Obligations of the State of New York;
- f) Obligations issued pursuant to LFL Section 24.00 or 25.00 (with approval of the State Comptroller) by any municipality, School District or District corporation other than the Onteora Central School District;
- g) Obligations of public authorities, public housing authorities, urban renewal agencies and industrial development agencies where the general State statutes governing such entities or whose specific enabling legislation authorizes such investments;
- h) Certificates of Participation (COPs) issued pursuant to GML, Section 109-b;
- i) Obligations of this School District, but only with any moneys in a reserve fund established pursuant to GML, Sections 6-c, 6-d, 6-e, 6-g, 6-h, 6-j, 6-k, 6-l, 6-m, or 6-n.

All investment obligations shall be payable or redeemable at the option of the Onteora Central School District within such times as the proceeds will be needed to meet expenditures for purposes for which the moneys were provided and, in the case of obligations purchased with the proceeds of bonds or notes, shall be payable or redeemable at the option of the Onteora Central School District within two (2) years of the date of purchase.

Authorized Financial Institutions and Dealers

The Onteora Central School District shall maintain a list of financial institutions and dealers approved for investment purposes and establish appropriate limits to the amount of investments which can be made with each financial institution or dealer. All financial institutions with which the School District conducts business must be credit worthy. Banks shall provide their most recent Consolidated Report of Condition (Call Report) at the request of the School District. Security dealers not affiliated with a bank shall be required to be classified as reporting dealers affiliated with the New York Federal Reserve Bank, as primary dealers. The Treasurer or designee is responsible for evaluating the financial position and maintaining a listing of proposed depositories, trading partners and custodians. Such listing shall be evaluated at least annually.

Purchase of Investments

The Treasurer or designee is authorized to contract for the purchase of investments:

- a) Directly, including through a repurchase agreement, from an authorized trading partner.
- b) By participation in a cooperative investment program with another authorized governmental entity pursuant to Article 5G of the General Municipal Law where such program meets all the requirements set forth in the Office of the State Comptroller Opinion No. 86-46, and the specific program has been authorized by the School District.
- c) By utilizing an ongoing investment program with an authorized trading partner pursuant to a contract authorized by the School District.

All purchased obligations, unless registered or inscribed in the name of the School District, shall be purchased through, delivered to and held in the custody of a bank or trust company. Such obligations shall be purchased, sold or presented for redemption or payment by such bank or trust company only in accordance with prior written authorization from the officer authorized to make the investment. All cash transactions shall be confirmed in writing to the Onteora Central School District by the bank or trust company. Any obligation held in the custody of a bank or trust company shall be held pursuant to a written custodial agreement as described in General Municipal Law, Section 10.

The custodial agreement shall provide that securities held by the bank or trust company, as agent of and custodian for, the School District, will be kept separate and apart from the general assets of the custodial bank or trust company and will not, in any circumstances, be commingled with or become part of the backing for any other deposit or other liabilities. The agreement shall describe how the custodian shall confirm the receipt and release of the securities. Such agreement shall include all provisions necessary to provide the local government a perfected interest in the securities.

Repurchase Agreements

Repurchase agreements are authorized subject to the following restrictions:

- a) All repurchase agreements must be entered into subject to a Master Repurchase Agreement.
- b) Trading partners are limited to banks or trust companies authorized to do business in New York State and primary reporting dealers.
- c) Obligations shall be limited to obligations of the United States of America and obligations guaranteed by agencies of the United States of America.
- d) No substitution of securities will be allowed.
- e) The custodian shall be a party other than the trading partner.

APPENDIX A Schedule of Eligible Securities

Obligations issued, or fully insured or guaranteed as to the payment of principal and interest, by the United States of America, an agency thereof or a United States government sponsored corporation.

Obligations partially insured or guaranteed by any agency of the United States of America, at a proportion of the Market Value of the obligation that represents the amount of the insurance or guaranty.

Obligations issued or fully insured or guaranteed by the State of New York, obligations issued by a municipal corporation, School District, or District corporation of such State or obligations of any public benefit corporation which under a specific State statute may be accepted as security for deposit of public moneys.

Obligations issued by states (other than the State of New York) of the United States rated in one (1) of the three (3) highest rating categories by at least one (1) nationally recognized statistical rating organization.

Obligations of counties, cities and other governmental entities of a state other than the State of New York having the power to levy taxes that are backed by the full faith and credit of such governmental entity and rated in one (1) of the three (3) highest rating categories by at least one (1) nationally recognized statistical rating organization.

Obligations of domestic corporations rated in one (1) of the two (2) highest rating categories by at least one (1) nationally recognized statistical rating organization.

Any mortgage related securities, as defined in the Securities Exchange Act of 1934, as amended, which may be purchased by banks under the limitations established by bank regulatory agencies.

Commercial paper and bankers' acceptances issued by a bank, other than the Bank, rated in the highest short term category by at least one (1) nationally recognized statistical rating organization and having maturities of not longer than sixty (60) days from the date they are pledged.

13.02 First Reading of Policy 1510 Regular Board Meeting

- Changed title, took out Superintendent's staff to attend meetings and added about recording and broadcasting public portions of meetings

2012—2015 1510 By-Laws **SUBJECT: REGULAR BOARD MEETINGS**

All Board of Education meetings must be open to the public except those portions of the meetings which qualify as executive sessions. A "meeting" is defined as an official convening of a public body for the purpose of conducting public business and a "public body" is defined as an entity which requires a quorum to conduct public business, including committees and subcommittees.

Whenever such a meeting is to take place, there must be at least seventy-two (72) hours advance notice in accordance with the provisions of the Open Meetings Law. Notice of other meetings shall be given as soon as is practicable in accordance with law.

If a meeting is scheduled at least a week in advance, notice will be given to the public and news media at least 72 hours prior to the meeting. A special meeting may be called upon 24-hour notice to Board members.

Board members are permitted to participate in board meetings via videoconferencing, in accordance with state law. Any site where videoconferencing is to take place must be open to the public. The district will comply with applicable notice requirements (see policy 2340).

Regular meetings of the Board of Education of Ontario Central School District shall take place on the day and time designated by the Board at the Annual Organizational Meeting, except as modified at subsequent meetings of the Board.

The District Clerk shall notify the members of the Board of Education in advance of each regular meeting. Such notice, in writing, shall include an agenda and the time of the meeting.

In the event that a meeting date falls on a legal holiday, interferes with other area meetings, or there is an inability to attend the meeting by Board members to the extent that a quorum would not be present, the Board shall select a date for a postponed meeting at the previous regular meeting, and shall direct the Clerk to notify all members.

Any meeting of the Board may be adjourned to a given future date and hour if voted by a majority of the Board present.

The Superintendent ~~and members of his/her staff at the Superintendent's discretion~~ shall attend all meetings of the Board. The Superintendent shall attend all executive session meetings of the Board except those that concern his/her evaluation and salary determination. The Board may request the attendance of such additional persons as it desires.

Recording and Broadcasting Public Portions of Meetings:

- The Board of Education will video/audio record each Board meeting and broadcast it on the District TV Station and well as post it on the District website.
- The public portion of any meeting of a public body may be photographed, recorded and broadcast.
- There is no privacy interest in statements made during public portions of meetings of public bodies. Distaste or embarrassment shall not constitute a basis for prohibiting or limiting the photographing, recording or broadcasting of those present at a meeting.
- Operation of equipment to photograph, record or broadcast a meeting is permitted unless it is obtrusive, disruptive, or interferes with the deliberative process or the right of persons in attendance to observe or listen to the proceedings.
- Use of equipment necessary to photograph, record or broadcast is permitted without notice to or express permission from the public body or those in attendance at the meeting.
- Use of equipment necessary to photograph, record or broadcast is permitted in a supervised or unsupervised manner.
- Use of special lighting or large equipment necessary to photograph, record or broadcast a meeting is permitted unless it is obtrusive or disruptive to the deliberative process.
- Personnel who operate equipment necessary to photograph, record and/or broadcast a meeting shall be permitted to move about the room, as long as such movement does not disrupt or interfere with the deliberative process, and remains within or behind the public seating area
- If any provision of these guidelines or the application thereof to any person or circumstances is adjudged invalid by a court of competent jurisdiction, such judgment shall not affect or impair the validity of the other provisions of these regulations or the application thereof to other persons and circumstances

Public notice

The recording and broadcasting of public meetings shall comply with sections a-h of this policy and will be made available at a designated location. Written copies of such rules shall be provided upon request, to those in attendance at or who seek to attend a meeting.

~~2002~~2015 8450 Instruction **SUBJECT: HOME TUTORING (TEMPORARY INSTRUCTION) HOMEBOUND INSTRUCTION**

Homebound instruction is a service provided to students who are unable to attend school due to medical, emotional or disciplinary problems. Secondary students receive instruction for two hours per day and elementary students receive one hour per day. Students receive credit for successfully completed work assigned by the District while on homebound instruction.

The district makes provisions for homebound instruction upon referral from the Medical Director or the Director of Pupil Personnel Services following the guidelines established by the Superintendent of Schools for placing a student on homebound instruction.

Homebound instruction will strive to keep the student on pace to rejoin his/her class and maintain academic progress. The Board recognizes that students who are out of school for extended periods of time are at risk of falling behind academically and/or losing connection to the school community. The Board directs the administration to evaluate periodically whether homebound instruction is effective in keeping students on track to graduate, and if not, to take steps to improve instruction and implement approaches and/or offer services that support the transition back to school.

Resident children attending public or nonpublic schools who qualify for homebound instruction ~~tutoring~~ due to ~~a long-term illness~~ medical, emotional or disciplinary action shall be provided with such instruction in accordance with New York State Education Law and Commissioner's Regulations.

Procedures for students requiring home tutoring shall be developed under the direction of the Superintendent or his/her designee.

NEW CHANGE 12-30-15 SUBJECT: GIFTS, GRANTS AND DONATIONS TO THE SCHOOL DISTRICT

The term "Gift" is understood to mean any bequest, gift, money, property good or grant

Only the Board of Education may accept any gift for the school district. ~~any gift.~~

Any gift accepted by the Board shall become the property of the District, may not be returned without the approval of the Board, and is subject to the same controls and regulations as are other properties of the district.

It shall be the policy of the district to accept a gift, provided it is made within the statutory authority granted to school districts and has received the approval of the Board of Education.

The Board reserves the right to refuse any gift which does not contribute towards the achievement of the district's goals or the ownership of which would tend to deplete the resources of the district.

In granting or withholding its consent, the Board will review the following factors:

1. The terms of the gift must identify:
 - a. the subject of the gift
 - b. the purpose of the gift
 - c. the beneficiary or beneficiaries if any
 - d. all conditions or restrictions that may apply.
2. The gift must not benefit a particular or named individual or individuals.
3. If the purpose of the gift is an award to a single student, the determination of the recipient of such award shall be made on the basis that all students shall have an equal opportunity to qualify for it in conformance with federal and state law.
4. If the gift is in trust, the obligation of the investment and reinvestment of the principal shall be clearly specified and the application of the income or investment proceeds shall be clearly set forth.
5. No gift or trust will be accepted by the Board unless:
 - a. it is in support of and a benefit to all or to a particular public school in the district, or
 - b. it is for a purpose for which the school district could legally expend its own funds, or
 - c. it is for the purpose of awarding scholarships to students graduating from the district.

Any gift rejected by the Board shall be returned to the donor or his/her estate within 60 days together with a statement indicating the reasons for the rejection of such gift.

Gift Giving

~~NEW CHANGE 12-30-15 The Board of Education recognizes that gift giving, especially during the holiday season, may be a common practice for many District employees. While the giving or exchanging of gifts may be acceptable among staff members, the Board strongly encourages District employees and students to show appreciation through written notes or greeting cards.~~

Soliciting and Accepting Gifts (NEW CHANGE 12-30-15), Grants or Donations

~~Prior to seeking any grant or donation, the applicant must obtain prior approval from the district. Teachers seeking grants or donations for their classroom must obtain approval from the Building Principal. Other staff or administrators seeking grants or donations to benefit an entire school or the district as a whole must obtain approval from the Superintendent or his/her designee.~~

~~Approval shall depend on factors including, but not limited to: compatibility with the district's educational program and standards; availability of existing district resources; whether ownership would deplete district resources; and its impact on the equitable distribution of district resources.~~

~~All grants and donations must benefit the district and be congruent with the following principles:~~

- ~~1. The district's mission and vision.~~
- ~~2. The district and school goals that positively impact student performance.~~
- ~~3. The district's instructional priorities and strategies.~~
- ~~4. Conform to district governance and decision-making procedures of the Board, central office and building-level staff.~~
- ~~5. Provide a value or benefit that is greater than the obligation under the grant award.~~
- ~~6. Not violate management and/or bargaining unit rights and responsibilities.~~
- ~~7. Not carry any conditions that would divert school or district efforts away from the district's primary mission.~~

~~The Board reserves the right to deny approval of any funding or grant application which does not contribute towards the achievement of the district's goals, or which would deplete the resources of the district. Any application for a grant which requires a match of district funds or resources when the initiative has been identified as a priority of the Board and when such funds are planned as part of the district budget process or can be accommodated by the current budget, must be pre-approved by the Board.~~

~~All solicited grants and donations must be formally accepted by the Board.~~

Accounting for, and Oversight of, all Donations, Gifts and Grants

~~All gifts, donations, grants, funds, property and materials received by the district become the property of the district. All items are subject to the same controls and regulations as other district property, and shall be deposited or inventoried accordingly.~~

9. Presentation

9.01 Budget Presentation (proposed 6:50 duration 20 min)

Interim Assistant Superintendent for Business Don Gottlieb reported:

- Staffing- need to look at enrollment projection and class sections
- Will go over BOCES special education programs with PPS Director Cindy Bishop for proposed student placements
- Health insurance – consortium working on proposals for next year
 - Will get range of rates in next 2 or 3 weeks

- Governor's proposal is \$180,800 increase in aid over current year
 - Lowest proposal, but is usually the base
 - Legislature comes up with more money usually
 - Since election year, may do better than Governor
- Some areas of budget going down – BOCES, textbooks, software
 - Population decrease causes decrease in expenses
 - Less money, less aid from BOCES
- Gap Elimination Adjustment owed to Onteora is \$896,000
 - Due to reservoir, State considers Onteora a wealthy district so not restoring GEA this year
- Building aid is an expenditure driven aid, so slightly higher than in the past
- 16-17 is last year of Payment in Lieu of Taxes (PILOT) for the Emerson property
- Next Steps:
 - Continue to meet with Principal, Directors & Supervisors to determine staffing
 - Determine BOCES budget with submission of the Initial Service Request
 - Determine health insurance expense once rates are established
 - Incorporate State Aid projections into revenue budget
 - Incorporate Tax Levy Limit calculation into revenue budget
 - Continue to consider other projects that might be incorporated into the operating budget for 2016 -2017 such as Bennett playground

Discussion:

- BOCES new Director of Special Education has changed how classes are set up so we need to see where our children will be placed
- PILOT is granted by the Industrial Development Authority to encourage development that creates jobs
 - Make arrangements with company and gives tax break on school, town and county taxes for 10-15 years
 - Authority can grant basic PILOT to any organization on their vote
 - Enhanced PILOT would come to Board of Education for approval
 - If property levied, payment would be more than the PILOT payment
 - Once PILOT over, taxes are subject to local assessor
 - They could apply for another PILOT

[20142015](#) 5220 Non-Instructional/Business Operations **SUBJECT: DISTRICT INVESTMENTS**

Scope

This investment policy applies to all moneys and other financial resources available for investment on its own behalf or on behalf of any other entity or individual.

Objectives

The primary objectives of the local government's investment activities are, in priority order:

- a) To confirm with all applicable federal, state and other legal requirements (legal);
- b) To adequately safeguard principal (safety);
- c) To provide sufficient liquidity to meet all operating requirements (liquidity); and
- d) To obtain a reasonable rate of return (yield).

Delegation of Authority

The Board of Education's responsibility for administration of the investment program is delegated to the Treasurer or designee who shall establish written procedures for the operation of the investment program consistent with these investment guidelines. Such procedures shall include an adequate internal control structure to provide a satisfactory level of accountability based on a data base or records incorporating description and amounts of investments, transaction dates, and other relevant information and regulate the activities of subordinate employees.

Prudence

All participants in the investment process shall seek to act responsibly as custodians of the public trust and shall avoid any transaction that might impair public confidence in the Ontario Central School District to govern effectively.

Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the safety of the principal as well as the probable income to be derived.

All participants involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decisions.

Diversification

It is the policy of the Ontario Central School District for all moneys collected by any officer or employee of the School District to transfer those funds to the Treasurer or designee within five (5) working days of deposit, or within the time period specified in law, whichever is shorter.

The Treasurer or designee is responsible for establishing and maintaining an internal control structure to provide reasonable, but not absolute, assurance that deposits and investments are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization and recorded properly, and are managed in compliance with applicable laws and regulations.

Designation of Depositories

The banks and trust companies authorized for the deposit of moneys up to the following maximum amounts are:

<u>Depository Name</u>	<u>Maximum Amount</u>
Catskill Hudson Bank	varies
Community Bank N.A.	varies
Key Bank	varies
JP Morgan Chase	varies
NYCLASS	varies
TD Bank	varies

Collateralizing of Deposits

In accordance with the provisions of General Municipal Law, Section 10, all deposits of the Ontario Central School District, including certificates of deposit and special time deposits, in excess of the amount insured under the provisions of the Federal Deposit Insurance Act shall be secured:

- a) By a pledge of "eligible securities" with an aggregate "market value," or provided by General Municipal Law, Section 10, equal to the aggregate amount of deposits from the categories designated in Appendix A to the policy.
- b) By an eligible "irrevocable letter of credit" issued by a qualified bank other than the bank with the deposits in favor of the School District for a term not to exceed ninety (90) days with an aggregate value equal to one hundred forty percent (140%) of the aggregate amount of deposits and the agreed upon interest, if any. A qualified bank is one whose commercial paper and other unsecured short-term debt obligations are rated in one (1) of the three (3) highest rating categories by at least one (1) nationally recognized statistical rating organization or by a bank that is in compliance with applicable federal minimum risk-based capital requirements.
- c) By an eligible surety bond payable to the School District for an amount at least equal to 100% of the aggregate amount of deposits and the agreed upon interest, if any, executed by an insurance company authorized to do business in New York State, whose claims-paying ability is rated in the highest rating category by at least two (2) nationally recognized statistical rating organizations.
- d) By an irrevocable letter of credit in favor of the School District issued by a federal home loan bank whose commercial paper and other unsecured short-term debt obligations are rated in the highest rating category by at least one (1) nationally recognized statistical rating organization, as security for the payment of 100% of the aggregate amount of public deposits and the agreed upon interest, if any.

Safekeeping and Collateralization

Eligible securities used for collateralizing deposits shall be held by (the depository and/or a third party) bank or trust company subject to security and custodial agreements.

The security agreement shall provide that eligible securities are being pledged to secure local government deposits together with agree upon interest, if any, and any costs or expenses arising out of the collection of such deposits upon default. It shall also provide the conditions under which the securities may be sold, presented for payment, substituted or released and the events which will enable the local government to exercise its rights against the pledged securities.

The custodial agreement shall provide that securities held by the bank or trust company, or agent of and custodian for, the School District, will be kept separate and apart from the general assets of the custodial bank or trust company and will not, in any circumstances, be commingled with or become part of the backing for any other deposit or other liabilities. The agreement should also describe that the custodian shall confirm the receipt, substitution or release of the securities. The agreement shall provide for the frequency of revaluation of eligible securities and for the substitution of securities when a change in the rating of a security may cause ineligibility. Such agreement shall include all provisions necessary to provide the local government a perfected interest in the securities.

Permitted Investments

As authorized by General Municipal Law, Section 11, the Ontario Central School District authorizes the Treasurer or designee to invest moneys not required for immediate expenditure for terms not to exceed its projected cash flow needs in the following types of investments:

- a) Special time deposit accounts;
- b) Certificates of deposit;
- c) Obligations of the United States of America;
- d) Obligations guaranteed by agencies of the United States of America where the payment of principal and interest are guaranteed by the United States of America;
- e) Obligations of the State of New York;
- f) Obligations issued pursuant to LFL Section 24.00 or 25.00 (with approval of the State Comptroller) by any municipality, School District or District corporation other than the Ontario Central School District;
- g) Obligations of public authorities, public housing authorities, urban renewal agencies and industrial development agencies where the general State statutes governing such entities or whose specific enabling legislation authorizes such investments;
- h) Certificates of Participation (COPs) issued pursuant to GML, Section 109-b;
- i) Obligations of this School District, but only with any moneys in a reserve fund established pursuant to GML, Sections 6-c, 6-d, 6-e, 6-g, 6-h, 6-j, 6-k, 6-l, 6-m, or 6-n.

All investment obligations shall be payable or redeemable at the option of the Ontario Central School District within such times as the proceeds will be needed to meet expenditures for purposes for which the moneys were provided and, in the case of obligations purchased with the proceeds of bonds or notes, shall be payable or redeemable at the option of the Ontario Central School District within two (2) years of the date of purchase.

Authorized Financial Institutions and Dealers

The Ontario Central School District shall maintain a list of financial institutions and dealers approved for investment purposes and establish appropriate limits to the amount of investments which can be made with each financial institution or dealer. All financial institutions with which the School District conducts business must be credit worthy. Banks shall provide their most recent Consolidated Report of Condition (Call Report) at the request of the School District. Security dealers not affiliated with a bank shall be required to be classified as reporting dealers affiliated with the New York Federal Reserve Bank, as primary dealers. The Treasurer or designee is responsible for evaluating the financial position and maintaining a listing of proposed depositories, trading partners and custodians. Such listing shall be evaluated at least annually.

Purchase of Investments

The Treasurer or designee is authorized to contract for the purchase of investments:

- a) Directly, including through a repurchase agreement, from an authorized trading partner.
- b) By participation in a cooperative investment program with another authorized governmental entity pursuant to Article 5G of the General Municipal Law where such program meets all the requirements set forth in the Office of the State Comptroller Opinion No. 86-46, and the specific program has been authorized by the School District.
- c) By utilizing an ongoing investment program with an authorized trading partner pursuant to a contract authorized by the School District.

All purchased obligations, unless registered or inscribed in the name of the School District, shall be purchased through, delivered to and held in the custody of a bank or trust company. Such obligations shall be purchased, sold or presented for redemption or payment by such bank or trust company only in accordance with prior written authorization from the officer authorized to make the investment. All cash transactions shall be confirmed in writing to the Ontario Central School District by the bank or trust company. Any obligation held in the custody of a bank or trust company shall be held pursuant to a written custodial agreement as described in General Municipal Law, Section 10.

The custodial agreement shall provide that securities held by the bank or trust company, as agent of and custodian for, the School District, will be kept separate and apart from the general assets of the custodial bank or trust company

and will not, in any circumstances, be commingled with or become part of the backing for any other deposit or other liabilities. The agreement shall describe how the custodian shall confirm the receipt and release of the securities. Such agreement shall include all provisions necessary to provide the local government a perfected interest in the securities.

Repurchase Agreements

Repurchase agreements are authorized subject to the following restrictions:

- a) All repurchase agreements must be entered into subject to a Master Repurchase Agreement.
- b) Trading partners are limited to banks or trust companies authorized to do business in New York State and primary reporting dealers.
- c) Obligations shall be limited to obligations of the United States of America and obligations guaranteed by agencies of the United States of America.
- d) No substitution of securities will be allowed.
- e) The custodian shall be a party other than the trading partner.

APPENDIX A **Schedule of Eligible Securities**

Obligations issued, or fully insured or guaranteed as to the payment of principal and interest, by the United States of America, an agency thereof or a United States government sponsored corporation.

Obligations partially insured or guaranteed by any agency of the United States of America, at a proportion of the Market Value of the obligation that represents the amount of the insurance or guaranty.

Obligations issued or fully insured or guaranteed by the State of New York, obligations issued by a municipal corporation, School District, or District corporation of such State or obligations of any public benefit corporation which under a specific State statute may be accepted as security for deposit of public moneys.

Obligations issued by states (other than the State of New York) of the United States rated in one (1) of the three (3) highest rating categories by at least one (1) nationally recognized statistical rating organization.

Obligations of counties, cities and other governmental entities of a state other than the State of New York having the power to levy taxes that are backed by the full faith and credit of such governmental entity and rated in one (1) of the three (3) highest rating categories by at least one (1) nationally recognized statistical rating organization.

Obligations of domestic corporations rated in one (1) of the two (2) highest rating categories by at least one (1) nationally recognized statistical rating organization.

Any mortgage related securities, as defined in the Securities Exchange Act of 1934, as amended, which may be purchased by banks under the limitations established by bank regulatory agencies.

Commercial paper and bankers' acceptances issued by a bank, other than the Bank, rated in the highest short term category by at least one (1) nationally recognized statistical rating organization and having maturities of not longer than sixty (60) days from the date they are pledged.

Zero coupon obligations of the United States government marketed as "Treasury strips."

10.02 Second Reading and Adoption of Policy 1510 Regular Board Meeting (proposed 7:15)

Recommended Action: The Board of Education hereby adopts policy 1510 as written

Seconded: Trustee Osmond

Result: Unanimous

Yea: Trustee Schnell, Trustee Kurnit, Trustee Storey, Trustee Salem, Trustee Osmond

2012—2015 1510 By-Laws **SUBJECT: REGULAR BOARD MEETINGS**

All Board of Education meetings must be open to the public except those portions of the meetings which qualify as executive sessions. A "meeting" is defined as an official convening of a public body for the purpose of conducting public business and a "public body" is defined as an entity which requires a quorum to conduct public business, including committees and subcommittees.

Whenever such a meeting is to take place, there must be at least seventy-two (72) hours advance notice in accordance with the provisions of the Open Meetings Law. Notice of other meetings shall be given as soon as is practicable in accordance with law.

If a meeting is scheduled at least a week in advance, notice will be given to the public and news media at least 72 hours prior to the meeting. A special meeting may be called upon 24-hour notice to Board members.

Board members are permitted to participate in board meetings via videoconferencing, in accordance with state law. Any site where videoconferencing is to take place must be open to the public. The district will comply with applicable notice requirements (see policy 2340).

Regular meetings of the Board of Education of Onteora Central School District shall take place on the day and time designated by the Board at the Annual Organizational Meeting, except as modified at subsequent meetings of the Board.

The District Clerk shall notify the members of the Board of Education in advance of each regular meeting. Such notice, in writing, shall include an agenda and the time of the meeting.

In the event that a meeting date falls on a legal holiday, interferes with other area meetings, or there is an inability to attend the meeting by Board members to the extent that a quorum would not be present, the Board shall select a date for a postponed meeting at the previous regular meeting, and shall direct the Clerk to notify all members.

Any meeting of the Board may be adjourned to a given future date and hour if voted by a majority of the Board present.

The Superintendent ~~and members of his/her staff at the Superintendent's discretion~~ shall attend all meetings of the Board. The Superintendent shall attend all executive session meetings of the Board except those that concern his/her evaluation and salary determination. The Board may request the attendance of such additional persons as it desires.

Recording and Broadcasting Public Portions of Meetings:

- a. The Board of Education will video/audio record each Board meeting and broadcast it on the District TV Station and well as post it on the District website.
- b. The public portion of any meeting of a public body may be photographed, recorded and broadcast.
- c. There is no privacy interest in statements made during public portions of meetings of public bodies. Distaste or embarrassment shall not constitute a basis for prohibiting or limiting the photographing, recording or broadcasting of those present at a meeting.
- d. Operation of equipment to photograph, record or broadcast a meeting is permitted unless it is obtrusive, disruptive, or interferes with the deliberative process or the right of persons in attendance to observe or listen to the proceedings.
- e. Use of equipment necessary to photograph, record or broadcast is permitted without notice to or express permission from the public body or those in attendance at the meeting.
- f. Use of equipment necessary to photograph, record or broadcast is permitted in a supervised or unsupervised manner.
- g. Use of special lighting or large equipment necessary to photograph, record or broadcast a meeting is permitted unless it is obtrusive or disruptive to the deliberative process.
- h. Personnel who operate equipment necessary to photograph, record and/or broadcast a meeting shall be permitted to move about the room, as long as such movement does not disrupt or interfere with the deliberative process, and remains within or behind the public seating area
- i. If any provision of these guidelines or the application thereof to any person or circumstances is adjudged invalid by a court of competent jurisdiction, such judgment shall not affect or impair the validity of the other provisions of these regulations or the application thereof to other persons and circumstances

Public notice

The recording and broadcasting of public meetings shall comply with sections a-h of this policy and will be made available at a designated location. Written copies of such rules shall be provided upon request, to those in attendance at or who seek to attend a meeting.

19.01 The Board will discuss New Business (proposed 8:35)

No new business reported

20. Request For Information

20.01 The Board will request information (proposed 8:40)

Trustee Storey asked:

- For an update on the State testing opt-out rate as letters come in
- Status of Narcan in the schools

Trustee Osmond asked if teachers are reporting and recording homework assigned in the mapping process

- How much homework is assigned weekly
- What is the process for conferring with other teachers K-6

Trustee Kurnit asked for data on how much homework is given for the policy committee to review the Homework Policy

- Ask staff for a sense of the gross amount of homework

Discussion:

- Perhaps ask the PTAs and/or student government for students/parents to keep a 1 month diary on voluntary basis, by subject and record time
- Need more efficient way of teachers assigning homework, they don't know how long the work actually takes students
 - Raegan Loheide commented that secondary student government will discuss this
- Students to say if they are taking AP courses, since more homework since more in-depth
- Are only elementary students needing help with their homework?
 - Give the Board data from homework logs 4-12
- Board to see sample packets of homework from each grade level, have access from different classrooms, grades 4-12

4. Welcome

4.01 Bennett Principal, Gabriel Buono will welcome the Board. The Bennett orchestra will perform for the Board (proposed 7:05 duration 10 min)

7:10

- 2/4/16 is Science Fair - kudos to Heather Roberts and the PTA for having the maximum participants yet – half of the school is participating
- Carnival – moved to winter - 2/19/16 6pm
- 2/24/16 Student Government started a tradition a few years ago - Pink Shirt Day – anti-bullying theme
 - Started in a school in the Netherlands- student bullied because he was wearing a pink shirt
- Music Teacher Amelia Wilson presented the 6th grade orchestra to perform 3 songs – students who preformed were Joey Driscoll, Ava Maki, Michael McCutcheon, Sophia Wentland and Layla Sprague

5. Superintendent Search Discussion

5.01 BOCES Superintendent Charles Khoury will bring the results of the public survey on a new superintendent (proposed 7:15 duration 30 min)

7:20

- Update on survey that has been online since early December
- Contained 29 choice questions which covered: desired experiences, skills and personal qualities, open ended questions on strengths of district, challenges facing district, what question would you ask of a candidate, what is the single most important quality of a successful candidate
- 371 responses - majority came from people with children in district (43% of responses)
 - 2nd largest group of responses were residents with no children
 - Almost 30% of responses were staff
 - 50 students responded to survey
- Most wanted in desired experiences - as a classroom teacher, then principal, then superintendent/central office
 - Ranking: Classroom teacher 1st, experience as a superintendent 2nd, experience as a principal 3rd
- Most wanted in skills– establishing a climate of trust and respect, proven leadership, articulating and enacting policies, fostering culture of high expectations and continuous improvement, improving public relations
 - Rank order: culture of trust and respect 1st, leadership of teaching/learning/curriculum 2nd, fostering high expectation 3rd
- Most wanted in personal skills – ability to create positive atmosphere, wisdom, compassion & humor, team builder, demonstrating character of life long learner
 - Rank order: Positive perspective 1st, exhibiting humor and compassion 2nd, inspirational team builder 3rd
- Repeated words
 - In district strength most repeated words: teachers, students, community and staff most often mentioned
 - In challenges to district most repeated words: school, district, student, learning
 - In a question for the candidate most repeated words: school, district, student, education, leadership, students
- Vacancy Announcement Published in: NY Times, Education Week, NY Council of School Superintendents website, NYS School Board Association

website and in On Board Newsletter, Onteora website

- Announcement sent to 36 college placement offices – some place it online as well, to graduates of the NYSCOSS Aspiring Superintendents Cohorts, all district superintendents in NYS (37) to identify candidates, superintendents in contiguous counties
- Also at the NYSCOSS Winter Convening there is a 3 hour session for consultants looking for perspective candidates to give out applications
- 9 applicants now, hope to get to 20-30
- Looking at securing a date to meet with constituents group leadership teams: administration, teacher, non-teacher, PTA
 - Will report to Board
- Screening checks and applications will be delivered- those passed and not passed screening
- Deliver all by 3/1/16 and applications from NYSCOSS open house on 3/7/16 in mid-March
- Need to discuss the process of interviews
 - Typically 1st interview with the Board, then constituent groups
- Happy to come to another Board meeting to discuss interview techniques, etc. in executive session

Discussion:

- No longer take applications mid-March, unless a great candidate comes in
 - NYSBSA printed 1 time in paper
- 120 pending resumes on NYSCOSS website; will reach out to them if viable candidates
- Come to Board and go over resumes
 - 1st batch around 3/1/16, they will be ranked
 - Then second batch few weeks later, which will be ranked afterwards
- Might be good amount of candidates from NYSCOSS website
 - Show Board all qualified applications

6. Board District News

6.01 The Board will announce District news (proposed 7:45)

7:50

Trustee Storey reported that she went with Interim Superintendent Victoria McLaren to Bennett to see the beginner orchestra and band concert, they were excellent

Trustee Kurnit reported:

- Ulster County School Board Legislative Action Committee- every Ulster County district has a representative to help reach out to Albany to tell them our issues
 - Decision made to go to legislators to say that the state aid numbers don't work with a 0% CPI
 - On Lobby Day they will go to see as many of the legislators as possible
 - 8 legislators for Ulster County

- Trying to remind them of the District need to change the proposal from the Governor's budget so that independent of levy limit, burdens should not fall on taxpayers

7. Superintendent District News

7.01 The Superintendent announce District news (proposed 7:50)

7:55

- Attended the concert at Bennett on Friday and it was amazing
 - Not only were the kids wonderful musicians, but it was noted that the students that were not playing, waited for their turn to play, were patient and well behaved
- Attended the Varsity Boys Basketball game at which our seniors were recognized
 - Lost to Rhinebeck, but it was a good game and our boys worked hard the entire game

Woodstock

- The first grade went outside today for Groundhog Day to see if "Woodstock Will" saw his shadow- he did
- This Friday a local dental hygienist will visit the kindergarten classrooms to discuss dental health
- There is a Woodstock PTA meeting on 2/9/16 at 6:30.
- Woodstock will be holding the annual Sweetheart Breakfast on 2/10/16

Phoenicia

- Groovin' in the Garden with Laurie McIntosh, is an interactive musical storytelling performance/workshop
 - Offered in partnership with Farm Catskills, through a grant from the Catskill Watershed Corporation
- The Phoenicia Valentine's Day dance will be this Friday

Middle School

- The 8th grade pre-engineering class will be participating in the First Lego League qualifying tournament at LaGrangeville Middle School this Saturday
 - The students have programmed a robot to complete a variety of challenges on the First Lego League playing field

High School

- The Algebra 2/Trigonometry Regents was administered and all 49 students passed this Regents
 - Of the 49 students, 40 students scored a Level 4 (a score of an 85 or better), 1 obtained a perfect score [100], 22 students scored a 90 or greater, and 18 scored between 85-89
 - Congratulations to the students and their teachers Ms. Robertson and Mrs. Burkhardt.
- Last Friday marked the end of the second quarter/first semester
- On Thursday, there will be grade level assemblies addressing Cyberbullying and Responsible Online Behavior with the assistance of the Saugerties Police Department's School Resource Officers and the Ulster County Sheriff's Department

- Preliminary student course scheduling for the 2016-17 school year has begun
 - New electives include: Adventure PE, Strength Training, Dance Fitness, Writing Poetry, The Short Story, and Dialogue for Debate
 - Additional AP course offerings are: AP Language & Composition, AP Environmental Sciences, AP Psychology and AP Computer Principles A
- Congratulations to Kalo Talley and Jack Warren who represented Onteora High School at the Regional Poetry Out Loud competition at Oneonta State College last night
 - Both Kalo and Jack made it to the "final five" competitors and Jack won
 - Jack will compete at the State Level Poetry Out Loud competition this March in Syracuse
- Next Wednesday, all high school students will attend an assembly about drug abuse, which is being presented in conjunction with the Ulster Prevention Council

Discussion:

- Trustee Osmond will not be able to attend drug forum
- How is Saugerties CSD SRO is funded
 - School district and Police Dept have a close working relationship
 - Interim Superintendent Victoria McLaren to find out how they pay for the SRO

8. Student Representative Report

8.01 Student Representative, Raegan Loheide will report to the Board (proposed 7:55)
8:00

- Mr. Edelman asked Student Government to do a technology survey to ask if students want Chromebooks or I-Pads
 - Questions: What grade are you in? What device do you use? Do you find the device useful and why?
 - 128 responses
 - Overwhelmingly students want Chromebooks rather than I-Pads
 - Comments about I-Pads were disbursed amongst grades
 - Easier to carry and type on
- Spoke to Student Government about homework log/discussion
 - Didn't see a way to have a comprehensive policy about homework because of unique classrooms and teachers
 - Would impair what some teachers would have to do, i.e. AP has more work
 - Homework log would not show any solution because of each person's schedule
 - Homework is stressful, sometimes rushed through, but perhaps not have to study for 3 or 4 tests and have 3-4 hours of homework in the same night and then have nothing the next day – ask teachers to communicate with each other
 - Homework over the breaks is very stressful perhaps ask for no assignments over a long school break

Discussion:

- Teacher response about many midterms in one day was that it was an administrative decision

9. Discussion

9.01 The Bennett PTA will discuss a new playground with the Board (proposed 8:00 duration 20 min)

8:10

Principal Gabriel Buono and PTA Representative Heather Roberts presented:

- Have been discussing the playground with PTA and student government
 - Concerns amongst parents for students not going out
- Surveyed students specifically about the playground
 - Want to play sports, play with each other and want more shade
- Asking for a pavilion for students to hang out and a climbing structure
- Spoke to district insurance company and will be in touch with Parkitechs (company that did Woodstock and Phoenicia playgrounds)
- Solar panels on pavilion – spoke to Solar Generation \$13,000 for 12 panels – use as an educational tool- will work with school on donating some panels

Discussion:

- To move the current structure (Superstation) would add to budget
 - Looking at adding a pavilion and maybe 2 climbing structure
- Area in back is a sink hole, and another part is a hill
 - Ideally – level the entire playground and start again
- Initial ideas should not be limited – don't know how much money will be available for a new playground
- Facilities Committee is discussing solar, maybe combine with other efforts
- Project will go through the Facilities Committee

10. Acknowledge Public Be Heard

10.01 The Board will acknowledge the public be heard comments from the last meeting Weston Blelock, Steve Finlay, Steve Romine

11. Public/Student Comment

11.01 The public and students may comment on any agenda or non agenda item. Please limit comments to 3 minutes (proposed 8:20 duration 10 min or more)

Corey Cavallaro – History Teacher – in last 25 years gone through 10 superintendents – reflect on process used in last 10 years on selecting superintendents – very different now than years before. Be sure process builds respect and trust, as indicated by the superintendent survey

12. Policies

12.01 First Reading of Policy 7140 Student Assignment to Schools and Classes (proposed 8:30)

8:30

- Lengthy policy
- Streamlines policies and makes them cleaner

20022016 7140 & 7141

Students **SUBJECT: STUDENT ASSIGNMENT TO SCHOOLS AND****CLASSES****7140 INVOLUNTARY TRANSFER OF STUDENTS**

— Involuntary transfer of a student from regular classroom instruction to an appropriate educational setting in another school shall be in accordance with the following procedure:

a) — The Principal of the building that the student attends shall send written notice of his intent to consider transfer recommendations to the student and to the student's parent or person in parental relation. The notice shall set the time and place for an informal conference, and advise both the student and person in parental relation of their right to be accompanied by counsel or an individual of their choice.

b) — Following the conference, if the Principal concludes that the student would benefit from a transfer or would receive an adequate or appropriate education in another school program or facility, he shall issue a recommendation of transfer to the Superintendent of Schools, and send copies to both the student and parent/person in parental relation.

The recommendation shall include:

1. — A description of the behavior and/or academic problem indicative of the need for transfer.

2. — A description of the alternatives explored.

3. — The prior action taken to resolve the problem.

c) — If the Superintendent of Schools decides to consider the transfer recommendation, he shall, in writing:

1. — So notify the student and the parent of his decision.

2. — Advise them of their right to a request, within ten (10) days, of a fair hearing in accordance with law.

3. — Advise them that the transfer will not take effect until ten (10) days, or until after formal decision following a hearing if one is requested.

4. — Provide them with lists of community agencies and others that may furnish free legal assistance.

d) — A parent/person in parental relation may consent to an earlier transfer, but still have the right to a hearing.

Education Law Sections 1709(3) and 3214(3) and (5)

7141 INTER-SCHOOL TRANSFERS/("VARIANCES")

— This policy governs the transfer of students from one school to another to meet the needs of parents and students. Transfers may be requested to meet the educational or other special needs of students and their families. The school district shall be responsible for determining the location and extent of available space in its schools for the purpose of inter-school transfers. Priority for available space must go first to the neighborhood schools students and mandated programs. The Superintendent or his/her designee must approve all inter-school transfers. (last sentence moved to end of policy)

— Transfers will need to be renewed and will be reviewed annually. Transfers will occur during the summer of the school year and are otherwise at the discretion of building and district administration.

Transfers require Board of Education approval. (moved to end of policy)

NYSSBA POLICY:

The Board of Education directs that assignment of students to schools and classes be consistent with the best interests of students and the best use of the resources of the district. ~~The Board also recognizes that diversity in school environments has been shown to have a positive impact on student achievement. Such diversity can be on the basis of race, ethnicity, sex and/or gender, religion or religious practice, disability, socioeconomic status, language, neighborhood, academic achievement, and/or academic potential. In addition, schools must prepare students for a future in which they interact with people from all backgrounds. While some aspects of student diversity are outside the scope of the Board's control, the Board aspires to prevent student isolation where possible. This does not, however, prevent the district from placing students into classes based on academic ability when it's in the best interest of those students.~~

Generally, students shall attend the school dictated by their attendance zone which has been Assignment of students to schools and classes may be based on current district population patterns, enrollment projections, building capacity, educational programs, students' educational needs, transportation requirements, and demographic factors, such as those listed in the paragraph above and the presence of diversity where possible. Where necessary, students' educational needs or access to specific educational programs will be considered.

Assignment to Schools

NOTE: This section of the policy will depend on the method used by your district for student assignment to schools. For example, districts could have a lottery system, or open enrollment, or attendance zones, or individual placement, or a combination approach. Obviously, districts with only one school, or one class per grade span, would not need to address this in policy.

~~Instead of providing template language, we encourage the district to develop policy language, which could be based on the following sample text, to summarize the district's process:~~

1. ~~"Students shall attend the school dictated by their attendance zone. Exceptions [will/will not] be considered."~~
2. ~~"Students shall enter a lottery to determine school placement."~~
3. ~~"Students may apply to attend the school of their choice. The district will attempt to honor students' top choices, but placement is ultimately up to the administration."~~

~~Periodically/When necessary, the Board will review the status of enrollment in the district's schools to ensure that the goals of this policy are being met. If the goals are not being met, the Board will solicit input from stakeholders, including but not limited to administrators, teachers, staff, parents and students, to assist in determining changes that could be made to the school assignment process that better aligns with this policy.~~

Assignment to Classes/Teachers

~~NOTE: NYSSBA recommends that the Board set the broad parameters, but not get into detail. The specifics of assignments to classes are generally an administrative responsibility. If the Board wishes to be more specific about the criteria or process, the subject is best addressed in an accompanying regulation.~~

In assigning students to classes/teachers, the following criteria shall be considered: age, social and emotional maturity, ~~demographic characteristics~~ and academic achievement in relation to individual ability, in order to assure appropriate assignments. It is the goal of administration to create classes that can productively learn together.

Parent/Guardian Requests

~~NOTE: The Board has discretion here. The Board can decide to permit parents/guardians to make requests, and can decide to give those requests weight in the decision-making process, or the Board can decide that parent requests will not be considered. However, NYSSBA Policy Services recommends that in either case, the district retain the right to make the final determination.~~

~~The Board recognizes that parents/guardians may wish to make requests as to school, and/or class/teacher assignments. [Choose either: (a) Although the Board respects parents'/guardians' perspective, the district is not able to accommodate requests. Or (b) Parents may write a letter to the building principal describing the ideal learning environment for their child and the attributes that a teacher would have that would most benefit their student's educational growth. This information will be considered as part of the placement process.~~

~~Final decisions regarding assignment of students to schools and classes/teachers rests with the district. Transfers may be requested to meet the educational or other special needs of students and their families. The school district shall be responsible for determining the location and extent of available space in its schools for the purpose of inter-school transfers. Priority for available space must go first to the neighborhood schools students and mandated programs.~~

~~The Superintendent or his/her designee must approve all inter-school transfers.~~

Transfers will need to be renewed and requested annually and upon request, will be reviewed ~~annually~~. Transfers will occur during the summer of the school year and are otherwise at the discretion of building and district administration.

The Superintendent or his/her designee must approve all inter-school transfers. Transfers require Board of Education approval.

12.02 First Reading of Policy 8280 Programs for English Language Learners (proposed 8:35) 8:35

~~2009~~2016 8280 1-of 2 Instruction **SUBJECT: PROGRAMS FOR ENGLISH LANGUAGE LEARNERS** — **INSTRUCTION FOR ENGLISH LANGUAGE LEARNERS OR STUDENTS WITH LIMITED ENGLISH PROFICIENCY**

— The Board of Education recognizes its responsibility to ensure that students of foreign birth or ancestry, who have limited English proficiency (LEP) or English Language Learners (ELL), are provided with an appropriate program of bilingual transitional education or a free-standing program of English as a Second Language (ESL).

— The District has developed a comprehensive plan to meet the educational needs of students with limited English proficiency. The plan will be kept on file in the District and made available for SED review upon request. The plan includes:

- a) — The District's philosophy for the education of ELL/LEP students;
- b) — Administrative practices and procedures to:
 - 1. — Diagnostically screen students for limited English proficiency;
 - 2. — Identify students with limited English proficiency;
 - 3. — Annually evaluate each ELL/LEP student including his/her performance in content areas to measure the student's academic progress.
- c) — A description of the nature and scope of the bilingual and/or English as a second language instructional program and services available to ELL/LEP students;
- d) — A description of the criteria used by the District to place ELL/LEP students in appropriate bilingual or free-standing English as a second language programs;
- e) — A description by building of the curricular and extracurricular services provided to ELL/LEP students;
- f) — A description of the District and school level procedures for the management of the program, including staffing, site selection, parental notification, coordination of funds, training and program planning.

The instructional programs and services available to limited English proficient pupils to help them acquire English proficiency may include, pursuant to Commissioner's Regulations, bilingual education programs, free-standing English as a second language programs, appropriate support services, transitional services, in-service training and parental notification.

The parent/guardian of a student identified as an English language learner or as limited English proficient shall be informed in his/her native language, if necessary, of the student's identification for and/or participation in an English language learner instructional program as well as other school-related information.

The Superintendent shall ensure that all data required by the Commissioner's Regulations is submitted to the State Education Department in a timely manner.

The Board of Education believes that students who, by reason of foreign birth or ancestry, have limited English proficiency (referred to here as "English Language Learners" or ELLs), will be more effective learners of both the language and the curriculum if they receive instruction in both their native language and English. The district will therefore take steps to identify ELL students and provide ELL students with an appropriate program of either Bilingual Education or English as a New Language.

Pursuant to this policy and the regulations of the Commissioner of Education, the Superintendent of Schools is directed to develop appropriate administrative regulations to ensure that students are:

1. screened to determine if the student is an ELL, in accordance with Parts 117 and 154 of the Commissioner's Regulations, a process that will include interviews and assessments and will assign each ELL student to the appropriate subpopulation (newcomer, developing, long term, former or inconsistent/interrupted formal education);
2. identified, as appropriate, as an ELL student with a disability and if so identified shall be provided special education programs and services in accordance with the individualized education program (IEP) developed for such student and shall also be eligible for services available to an ELL/LEP student. Such a student will be counted as an ELL student as well as a student with a disability for purposes of calculating State aid.
3. annually evaluated to determine continued ELL eligibility. Included in the evaluation shall be each student's performance in English language proficiency and academic progress in content areas;
4. assured of access to appropriate instructional and support services, including guidance programs within the timeframes provided by Commissioner's Regulations; and
5. assured of having equal opportunities to participate in all school programs and extracurricular activities as non-ELL students.

— A student who, as a result of a disability, scores below the State designated level on the Language Assessment Battery-Revised (LAB-R) or the NYS English as a Second Language Achievement Test (NYSESLAT) shall be provided special education programs and services in accordance with the individualized education program (IEP) developed for such student and shall also be eligible for services available to an ELL/LEP student when those services are recommended in the IEP. Such a student will be counted as an ELL/LEP student as well as a student with a disability for purposes of calculating State aid.

The Superintendent shall be responsible for ensuring that the Commissioner of Education is provided with a comprehensive plan that describes the district's ELL program and includes all information specified in the Commissioner's Regulations, before the start of each school year. The district will also provide assurances that the

district is providing appropriate school-related information to the parents (or persons in parental relation) of ELL students in English and the language they best understand.

The district will provide an orientation program annually for parents of newly enrolled ELL students. In addition, the district will meet individually with ELL parents at least once a year to discuss the goals of the ELL program, and their child's language development (in both their native language and English), in addition to regular parent/teacher meetings.

In addition, the Superintendent shall ensure that all teachers employed in any Bilingual and/or English as a New Language program are properly certified in accordance with the Commissioner's Regulations, and that all staff receive appropriate professional development on ELL students.

7:15

Trustee Storey reported:

- Visited the P-Tech and Career & Tech BOCES programs
 - P-Tech is a great program, should put more kids in there

Trustee Schnell reported:

- Went to Drug Forum, not a lot of parents out, but a good start
- Echo Trustee Storey comments about P-Tech and Career & Tech – inspired by both programs

6. Superintendent District News

6.01 The Superintendent announce District news (proposed 7:20)

Woodstock:

- Today all students in grades K-3 learned about tapping trees for maple syrup
 - This activity is being led by PE Teacher, Patrick Burkhart
- Last week the PTA held their annual Sweet Heart Breakfast
 - The event was attended by over 200 family and community members
 - Decorations were very impressive
- Last week we met with the director of the Woodstock Public Library to discuss opportunities for the school and library to collaborate
- This month the Woodstock School Leadership team met to discuss student achievement
 - The team has been focusing on improving student attendance and increasing the number of students reading on grade level
- Last week all grades 2-3 students participated in a PBIS Jeopardy game
 - The students were asked to identify both expected and unexpected behaviors
 - The game supported the concepts taught through the Social Thinking curriculum

Phoenicia

- The PTA submitted a grant to the Whole Kids Foundation in December 2015 for the development and expansion of their school gardens
 - Julia Rose, a parent and member of the District Health and Wellness

- Committee wrote and submitted the grant on behalf of the school
- They were awarded \$2,000.00 (maximum amount) to help support a garden coordinator to plan and supervise garden events, a consultant to teach young gardeners how to make our garden more sustainable, trimming of the trees to allow more sunlight and soil, lumber and hardware to build new raised beds and an irrigation system
- The goal is to partner with the community library and community garden to enrich farm to table experiences for our students, staff and parents and to integrate environmental awareness and outdoor recreation, exploration and experiences in the classroom
- Also addresses the New York State Common Core and New York State Standards in ELA, Science, Math and Social Studies

MS/HS

- The MS/HS PBIS team celebrated Valentine's Day on 2/12/16
 - The team decorated the cafeteria in pink and red, and played love songs throughout the lunch periods
 - School Lunch Manager, Chris Downs and her staff provided regular and gluten-free cake to all the students
- Debriefed and discussed the drug forum last week, discussed assemblies at the Middle School and Bennett (age appropriate)
 - The Ulster County Prevention Council will take lessons learned to the county wide forum in New Paltz which will be in the spring
 - We will promote that forum

Other

- Communications plan for the District is being formulated
 - Plan to start being more active in communicating and promote good things happening in the District
- Snow day give back schedule will be shared more broadly tomorrow
 - 1st day Friday, March 18th
 - 2nd day Monday, March 28th
 - 3rd day Friday, April 1st
 - 4th day Friday, April 22nd
 - 5th day Friday, April 29th
 - 6th day Friday, May 27th
 - 7th day Tuesday, May 31st

6.02 Interim Athletic Director Lou Cioffi will recognize students from the Ski Team (proposed 7:25)

7:25 Lou Cioffi is unavailable to introduce Ski Coach Herb Cytrin, who will honor 2 members of our ski team

- Accident by a member of another team on the way to the course
 - A Monticello team member lost control and went to the woods and suffered severe injuries
 - 2 members of Onteora's team, Joseph and John Strauss were first at the scene
 - Their quick and decisive action saved the boys' life
 - The boys' father, John Strauss is director of ski patrol at Bellayre- he explained exactly what happened:

- The boys told him not to move, called 911 and got a sled
- Their swift action allowed the boy to now be in recovery
 - As members of Boy Scout Troup 163, giving a medal of honor
 - National Ski Patrol at Hunter honored them with Guardian Angel pins
- 5 students going to States this weekend, which is more students than any other qualifying school

Trustee Schnell told the boys that the Board is proud

7. Student Representative Report

7.01 Student Representative, Raegan Loheide will report to the Board (proposed 7:30)
Student Representative was not present to give the report

8. Acknowledge Public Be Heard

8.01 The Board will acknowledge the public be heard comments from the last meeting
Corey Cavallaro

9. Public/Student Comment

9.01 The public and students may comment on any agenda or non agenda item. Please limit comments to 3 minutes (proposed 7:35 duration 10 min or more)
7:30

Rebecca Turmo – Read notes on Facebook that bullying is happening at Oteora.
Work toward a proactive program in teaching diversity

10. Budget Update

10.01 Acting Assistant Superintendent for Business, Don Gottlieb will present the Budget Update (proposed 7:45 duration 30 min)
7:40

- Working with the principals and directors to determine staff needs
- 2 new positions in budget: Director of Technology and JV football team coach
- Put necessary money in budget for an additional week of K-8 summer school
- Sufficient money to meet the needs of the new Superintendent salary
- BOCES budget is still being formulated- reduced by \$200,000
- Health insurance- more exact figured in next few weeks – now around 8%
- State aid – traditionally Governor's proposal has been less than what the legislature adopts
- Legislature has traditionally been more generous in election year, so may get more money
- 2016-2017 Budget breakdown:
 - Administrative portion is 6.66%
 - Program portion is 86.33%
 - Capital portion is 7.01%
- Draft Budget is \$52,863,792, Draft Revenue Budget \$52,400,669 Difference is a shortfall of \$463,123
- Gap Elimination is \$627,515 – hope to get it back this year, as the legislature would like to eliminate it in this year's budget
- Draft Levy Increase: 1.83%
- Total estimated revenue accrued in 15-16: \$49,278,861
- Total estimated expenses: \$47,825,024

- Total estimated fund balance: \$1,453,837
- Will present an estimate of the fund balance for the next 5 years at the next presentation

Discussion:

- Hoping the GEA will be restored and the State will allow Onteora to be held harmless on the Foundation Aid
 - State Budget is created by “3 men in a room”
- With a new Commissioner of Education and a change in the Regents there may be an impact on how the money is divided between NYC and the rest of the State
 - NYC has 48% of the students in the State

10.02 The Board will discuss a Director of Technology for the District (proposed 8:15 duration 10 min)

8:00

Interim Superintendent Interim Superintendent Victoria McLaren:

- Director of Technology position was a recommendation in the Technology Audit done by ECC Technologies in the fall of 2015
 - Considered position for 15-16 but too hasty
- Had initial discussions at Administrative Cabinet
 - Waiting to see if Board supports the position before creating a job description and deciding what functions will be under their purview
- Now have a full time network technician and part time network technician from BOCES
 - Possibly bring full time in-district and keep the half time with BOCES
 - Neither eliminated by the Director of Technology
- Introductory conversation with the Board to be sure there is interest in creating the position, then Cabinet will create a job description

Discussion:

- Discuss if Elementary and Secondary Principal Technology Stipends would be eliminated
 - Interim Assistant Superintendent for Curriculum & Instruction is looking at the current data specialist positions and how they fit in as well
- If support position, what existing stipends can be folded into the position
 - Administrative cost are less than 6%, but the perception is that there are too many administrators in the District
- Saugerties does not have the position
 - Feasible to share position with another district?
 - Always an option with BOCES, New Paltz had a part time position, then went to a full time position
 - Day to day responsibilities are difficult when the position is part time
- Get more information as to how many people are involved in data collection in one form or another
 - 2 stipends to administrators – what other positions are in District?
- May be an increased cost, but position is very important

- Not just a technologist, but an educator, part of Cabinet and bring along all curriculum in helping students in what they need to know to go out into the world
 - It is a way to integrate technology into education
- Many roles here: educational piece, network specialist, data, student management system
- Take the principals' stipend responsibilities into this job so the principals can concentrate on their jobs
- Teaching students now for jobs that do not exist yet, technology is fast paced
 - Even the State tests will be on computer
- This position will enhance what is happening in the classrooms now
 - We currently offer professional development on integrating technology in the classroom but have no support or coaching in the classroom
- There is a gap in technology – not consistent building to building, classroom to classroom
 - Need to embed technology- coach teachers in developing lessons and to show how to enhance experience in classroom
- In order to move into 21st century skills need a Director of Technology with an educational background to help integrate technology into the classroom
- What is the rough dollar amount of all stipends- principals, computer coordinators, etc.? How many job functions could be absorbed by this salary?
 - Computer coordinators in buildings troubleshoot teachers' problems with technology, probably can't eliminate them
- What we are missing now is hard to quantify, but 5 years from now, we will see the difference

11. ****Break****

11.01 The Board will take a 5 minute break at 8:25
8:22

12. **Policies**

12.01 Second Reading and adoption of Policy 7140 Student Assignment to Schools and Classes (proposed 8:30)
8:30

Recommended Action: The Board of Education hereby adopts policy 7140 as written.

Motioned: Trustee Osmond

~~2002~~2016 7140- & 7144
CLASSES

Students **SUBJECT: STUDENT ASSIGNMENT TO SCHOOLS AND**

7140 INVOLUNTARY TRANSFER OF STUDENTS

~~—Involuntary transfer of a student from regular classroom instruction to an appropriate educational setting in another school shall be in accordance with the following procedure:~~

~~a) —The Principal of the building that the student attends shall send written notice of his intent to consider transfer recommendations to the student and to the student's parent or person in parental relation. The notice shall set the time and place for an informal conference, and advise both the student and person in parental relation of their right to be accompanied by counsel or an individual of their choice.~~

b) ~~Following the conference, if the Principal concludes that the student would benefit from a transfer or would receive an adequate or appropriate education in another school program or facility, he shall issue a recommendation of transfer to the Superintendent of Schools, and send copies to both the student and parent/person in parental relation.~~

~~The recommendation shall include:~~

- ~~1. A description of the behavior and/or academic problem indicative of the need for transfer.~~
- ~~2. A description of the alternatives explored.~~
- ~~3. The prior action taken to resolve the problem.~~

e) ~~If the Superintendent of Schools decides to consider the transfer recommendation, he shall, in writing:~~

- ~~1. So notify the student and the parent of his decision.~~
- ~~2. Advise them of their right to a request, within ten (10) days, of a fair hearing in accordance with law.~~
- ~~3. Advise them that the transfer will not take effect until ten (10) days, or until after formal decision following a hearing if one is requested.~~

- ~~4. Provide them with lists of community agencies and others that may furnish free legal assistance.~~

d) ~~A parent/person in parental relation may consent to an earlier transfer, but still have the right to a hearing.~~

~~Education Law Sections 1709(3) and 3214(3) and (5)~~

7141 INTER-SCHOOL TRANSFERS/("VARIANCES")

~~—This policy governs the transfer of students from one school to another to meet the needs of parents and students. Transfers may be requested to meet the educational or other special needs of students and their families. The school district shall be responsible for determining the location and extent of available space in its schools for the purpose of inter-school transfers. Priority for available space must go first to the neighborhood schools students and mandated programs. The Superintendent or his/her designee must approve all inter-school transfers. (last sentence moved to end of policy)~~

~~—Transfers will need to be renewed and will be reviewed annually. Transfers will occur during the summer of the school year and are otherwise at the discretion of building and district administration. Transfers require Board of Education approval. (moved to end of policy)~~

NYSSBA POLICY:

~~The Board of Education directs that assignment of students to schools and classes be consistent with the best interests of students and the best use of the resources of the district. The Board also recognizes that diversity in school environments has been shown to have a positive impact on student achievement. Such diversity can be on the basis of race, ethnicity, sex and/or gender, religion or religious practice, disability, socioeconomic status, language, neighborhood, academic achievement, and/or academic potential. In addition, schools must prepare students for a future in which they interact with people from all backgrounds. While some aspects of student diversity are outside the scope of the Board's control, the Board aspires to prevent student isolation where possible. This does not, however, prevent the district from placing students into classes based on academic ability when it's in the best interest of those students.~~

~~Generally, students shall attend the school dictated by their attendance zone which has been Assignment of students to schools and classes may be based on current district population patterns, enrollment projections, building capacity, educational programs, students' educational needs, transportation requirements, and demographic factors, such as those listed in the paragraph above and the presence of diversity where possible. Where necessary, students' educational needs or access to specific educational programs will be considered.~~

Assignment to Schools

~~NOTE: This section of the policy will depend on the method used by your district for student assignment to schools. For example, districts could have a lottery system, or open enrollment, or attendance zones, or individual placement, or a combination approach. Obviously, districts with only one school, or one class per grade span, would not need to address this in policy.~~

~~—Instead of providing template language, we encourage the district to develop policy language, which could be based on the following sample text, to summarize the district's process:~~

- ~~1. "Students shall attend the school dictated by their attendance zone. Exceptions [will/will not] be considered."~~
- ~~2. "Students shall enter a lottery to determine school placement."~~
- ~~3. "Students may apply to attend the school of their choice. The district will attempt to honor students' top choices, but placement is ultimately up to the administration."~~

~~- Periodically/When necessary, the Board will review the status of enrollment in the district's schools to ensure that the goals of this policy are being met. If the goals are not being met, the Board will solicit~~

~~input from stakeholders, including but not limited to administrators, teachers, staff, parents and students, to assist in determining changes that could be made to the school assignment process that better aligns with this policy.~~

Assignment to Classes/Teachers

~~NOTE: NYSSBA recommends that the Board set the broad parameters, but not get into detail. The specifics of assignments to classes are generally an administrative responsibility. If the Board wishes to be more specific about the criteria or process, the subject is best addressed in an accompanying regulation.~~

In assigning students to classes/teachers, the following criteria shall be considered: age, social and emotional maturity, ~~demographic characteristics~~ and academic achievement in relation to individual ability, in order to assure appropriate assignments. It is the goal of administration to create classes that can productively learn together.

Parent/Guardian Requests

~~NOTE: The Board has discretion here. The Board can decide to permit parents/guardians to make requests, and can decide to give those requests weight in the decision-making process, or the Board can decide that parent requests will not be considered. However, NYSSBA Policy Services recommends that in either case, the district retain the right to make the final determination.~~

~~The Board recognizes that parents/guardians may wish to make requests as to school, and/or class/teacher assignments. [Choose either: (a) Although the Board respects parents'/guardians' perspective, the district is not able to accommodate requests. Or (b) Parents may write a letter to the building principal describing the ideal learning environment for their child and the attributes that a teacher would have that would most benefit their student's educational growth. This information will be considered as part of the placement process.~~

~~Final decisions regarding assignment of students to schools and classes/teachers rests with the district. Transfers may be requested to meet the educational or other special needs of students and their families. The school district shall be responsible for determining the location and extent of available space in its schools for the purpose of inter-school transfers. Priority for available space must go first to the neighborhood schools students and mandated programs.~~

~~The Superintendent or his/her designee must approve all inter-school transfers.~~

Transfers will need to be ~~renewed and requested annually and upon request~~, will be reviewed ~~annually~~. Transfers will occur during the summer of the school year and are otherwise at the discretion of building and district administration.

The Superintendent or his/her designee must approve all inter-school transfers. Transfers require Board of Education approval.

12.02 Second Reading and adoption of Policy 8280 Programs for English Language Learners (proposed 8:35)

Recommended Action: The Board of Education hereby adopts policy 8280 as written.

Motioned: Trustee Storey

Seconded: Trustee Osmond

Result: Unanimous

Yea: Trustee Schnell, Trustee Kurnit, Trustee Storey, Trustee Salem, Trustee Ratcliff, Trustee Shands, Trustee Osmond

~~20092016~~ 8280 1-of-2 Instruction **SUBJECT: PROGRAMS FOR ENGLISH LANGUAGE**

LEARNERS — INSTRUCTION FOR ENGLISH LANGUAGE LEARNERS OR STUDENTS WITH LIMITED ENGLISH PROFICIENCY

~~— The Board of Education recognizes its responsibility to ensure that students of foreign birth or ancestry, who have limited English proficiency (LEP) or English Language Learners (ELL), are provided with an appropriate program of bilingual transitional education or a free-standing program of English as a Second Language (ESL).~~

~~— The District has developed a comprehensive plan to meet the educational needs of students with limited English proficiency. The plan will be kept on file in the District and made available for SED review upon request. The plan includes:~~

~~a) — The District's philosophy for the education of ELL/LEP students;~~

~~b) — Administrative practices and procedures to:~~

~~1. — Diagnostically screen students for limited English proficiency;~~

~~2. — Identify students with limited English proficiency;~~

~~3. — Annually evaluate each ELL/LEP student including his/her performance in content areas to measure the student's academic progress.~~

~~c) — A description of the nature and scope of the bilingual and/or English as a second language instructional program and services available to ELL/LEP students;~~

~~d) — A description of the criteria used by the District to place ELL/LEP students in appropriate bilingual or free-standing English as a second language programs;~~

~~e) — A description by building of the curricular and extracurricular services provided to ELL/LEP students;~~

~~f) — A description of the District and school level procedures for the management of the program, including staffing, site selection, parental notification, coordination of funds, training and program planning.~~

~~The instructional programs and services available to limited English proficient pupils to help them acquire English proficiency may include, pursuant to Commissioner's Regulations, bilingual education programs, free-standing English as a second language programs, appropriate support services, transitional services, in-service training and parental notification.~~

~~The parent/guardian of a student identified as an English language learner or as limited English proficient shall be informed in his/her native language, if necessary, of the student's identification for and/or participation in an English language learner instructional program as well as other school related information.~~

~~The Superintendent shall ensure that all data required by the Commissioner's Regulations is submitted to the State Education Department in a timely manner.~~

The Board of Education believes that students who, by reason of foreign birth or ancestry, have limited English proficiency (referred to here as "English Language Learners" or ELLs), will be more effective learners of both the language and the curriculum if they receive instruction in both their native language and English. The district will therefore take steps to identify ELL students and provide ELL students with an appropriate program of either Bilingual Education or English as a New Language.

Pursuant to this policy and the regulations of the Commissioner of Education, the Superintendent of Schools is directed to develop appropriate administrative regulations to ensure that students are:

1. screened to determine if the student is an ELL, in accordance with Parts 117 and 154 of the Commissioner's Regulations, a process that will include interviews and assessments and will assign each ELL student to the appropriate subpopulation (newcomer, developing, long term, former or inconsistent/interrupted formal education);

2. identified, as appropriate, as an ELL student with a disability and if so identified shall be provided special education programs and services in accordance with the individualized education program (IEP) developed for such student and shall also be eligible for services available to an ELL/LEP student.; Such a student will be counted as an ELL student as well as a student with a disability for purposes of calculating State aid.

3. annually evaluated to determine continued ELL eligibility. Included in the evaluation shall be each student's performance in English language proficiency and academic progress in content areas;

4. assured of access to appropriate instructional and support services, including guidance programs within the timeframes provided by Commissioner's Regulations; and

5. assured of having equal opportunities to participate in all school programs and extracurricular activities as non-ELL students.

~~- A student who, as a result of a disability, scores below the State designated level on the Language Assessment Battery Revised (LAB-R) or the NYS English as a Second Language Achievement Test (NYSESLAT) shall be provided special education programs and services in accordance with the individualized education program (IEP) developed for such student and shall also be eligible for services available to an ELL/LEP student when those services are recommended in the IEP. Such a student will be counted as an ELL/LEP student as well as a student with a disability for purposes of calculating State aid.~~

The Superintendent shall be responsible for ensuring that the Commissioner of Education is provided with a comprehensive plan that describes the district's ELL program and includes all information specified in the Commissioner's Regulations, before the start of each school year. The district will also provide assurances that the district is providing appropriate school-related information to the parents (or persons in parental relation) of ELL students in English and the language they best understand.

The district will provide an orientation program annually for parents of newly enrolled ELL students. In addition, the district will meet individually with ELL parents at least once a year to discuss the goals of the ELL program, and their child's language development (in both their native language and English), in addition to regular parent/teacher meetings.

In addition, the Superintendent shall ensure that all teachers employed in any Bilingual and/or English as a New Language program are properly certified in accordance with the Commissioner's Regulations, and that all staff receive appropriate professional development on ELL students.

- On 3/4/16, 15 members of our Literary [Magazine] Club will be traveling to the Woodstock Day School to attend the annual LitCon program
 - During this program, students rotate through stations in which they meet with industry professionals

Reminders:

- Friday is the end of the 5 week mark for the 3rd quarter
- Friday is a half-day for students due to afternoon staff development
- JV and Varsity season begins on Monday

7. Student Representative Report

7.01 Student Representative, Raegan Loheide will report to the Board (proposed 6:55 duration 10 min)

6:55

- Student government went to Bennett to support them in their Pink Shirt Day
 - Great to talk to kids about how bullying comes in different forms and gave them cookies- reinforced the importance to be kind
- The Human Rights Club held a forum to gain a broader student perspective on the mascot – conducive to conversation
 - 24 students attended, turn out was not what was hoped, but gained perspective on how to proceed
 - Holding forums during lunch periods 5, 6, 7 so that students have more ability to voice their opinions, also after school Tuesday
 - Anyone not able to speak will be able to send a request for information through Infinite Campus
 - Questions will be asked so they can write a short blurb on how they feel – just open ended questions

8. Acknowledge Public Be Heard

8.01 The Board will acknowledge the public be heard comments from the last meeting
Rebecca Turmo

9. Public/Student Comment

9.01 The public and students may comment on any agenda or non agenda item. Please limit comments to 3 minutes (proposed 7:05 duration 10 min or more)
No public comment was made

10. Discussion

10.01 The Board will discuss referring to all elementary schools as "Elementary" instead of "Primary" and "Intermediate" (proposed 7:15 duration 10 min)

7:00

Interim Superintendent Victoria McLaren:

- Wanted to touch base again because the Board asked the principals' opinion and they felt elementary was the appropriate term for all buildings, since all are elementary age children
- If Board feels it is an appropriate term, we will switch back to that terminology for the 16-17 school year

No Board member made comment, will go back to “elementary” schools

10.02 The Board will discuss creating a proposition for a Capital Reserve (proposed 7:25 duration 10 min)

7:00

Interim Superintendent Victoria McLaren:

- Begin having a discussion about putting a proposition on the ballot now because needs it to be on the notice for the Budget Vote in April
- In the past had a capital reserve, brought one to the voters in 2011, was a fund for \$5 million over 5 years, then added \$2 million, voters approved the project for \$7 million
- Recently discussed – original project envisioned with \$7 million had to be scaled back, because of rising costs of construction and the time it takes to get it all approved
- New Building Condition Survey this year which is being presented to the Facilities Committee soon
 - This is a good time to start envisioning next projects to maintain the District assets
- Anything less than \$5 million is not worthwhile due to scope of what happened this year

Acting Assistant Superintendent for Business Don Gottlieb:

- Board of Education is empowered by legislative law to establish reserve funds, which are funds that are set aside for specific purposes either by Board resolution or through voter authorization
 - Capital Reserve Fund purpose of improving buildings
- In order to establish fund, it must be approved by voters, proposition must be a specific resolution broad enough to allow board great flexibility in what we want to accomplish but narrow enough to meet requirements

Discussion:

- Building Condition Survey is mandated by the State and needs to be done every 5 years
 - Will be prioritized and the District will deal with as many items that are identified as we can
- Create a fund to be used at later date, not immediately after vote
- Need passed before first meeting in April

10.03 The Board will discuss a Board Retreat (proposed 7:35 duration 10 min)

7:10

- Had the last retreat in the summer, we had decided to have several per year
- This is an unusual year because so many seats are up in May and we may have 5 new Board members
- Need to decide to have a retreat now and whether to bring in facilitator or do on our own

Discussion:

- Used Jim Butterworth as a facilitator and he was fabulous

- Should do retreat before budget vote in house without facilitator
 - Save money by doing it in-house
- After elections with facilitator
- Poll of the Board:
 - Decided to have a retreat before the election in-house and 1 after with facilitator
 - If possible to schedule

10.04 The Board will discuss creating both a Director of Technology and a Network System Specialist (proposed 7:45 duration 10 min)

7:15

Interim Superintendent Victoria McLaren:

- Both of these positions are on this agenda to be created
- Need to discuss both positions, only discussed Director of Technology
 - Director of Technology position does not exist now
- We currently have a full time and a part time BOCES Network System Specialist
 - Hire the full time position in-house and keep part time with BOCES

Discussion:

- Would like to see a job description of Director of Technology
 - Will see after instructional administrators finish
- Explain why we don't want to use BOCES for full time network position
 - Fiscal because through BOCES pay part of an administrative fee
 - Our own purposes – BOCES has different hours and calendar
 - BOCES pulls them back for their own professional development when we might need them
 - Organization- not always same person in position, hiring in-house will give us consistency
 - They are not invested in our District if they are not our employee
- A BOCES Network Specialist has support from everyone else at BOCES
 - The part time person will still work for BOCES and can be called on to help us
- Director of Technology would be part of bargaining unit and will get benefits, step increase, salary and any other negotiated benefits
 - Unfortunately need to create another administrative position, but do need a Director of Technology to help move our students forward
- Need an in-house Network Specialist – certain situations where it was apparent that this person was not a district employee
 - Need to be sure that 1 ½ people is enough
- Also we are paying for increases in BOCES so is more cost efficient to bring in-house
- The State is pushing technology, so these positions are crucial

Motion to move the 2 creations of positions outside of consent agenda and create a resolutions for each one

Motioned: Trustee Salem

Seconded: Trustee Ratcliff

Result: Passed

Yea: Trustee Storey, Trustee Salem, Trustee Shands Trustee Schnell, Trustee Osmond

Nay: Trustee Kurnit, Trustee Ratcliff

10.05 The Board will discuss the District publicizing events from outside agencies that use our buildings (7:55 duration 10 min)

7:35

- On 3/16/16 Josh Fox will be offering a free screening of his movie with a Q & A in conjunction with the Woodstock Film Festival
- In the past – lawyers say we would be obligated to publicize all events, even if a group we don't want to endorse
- We have been discussing how to improve communication, and this will create less of a bubble from the community around us
 - Looks like the school is not being communicative
- Perhaps just on website and calendar, be beneficial to our community
- Why would school district use our resources to give an organization publicity?
 - Taxpayers would be paying for it
- If publicized, may need to have a disclaimer that it is not a school district event
- Last year we spent quite a bit of time going through policy on use of school facilities
 - Did not address if school would be publicizing events
- To what level would we publicize – Facebook, web calendar, website?
- Minimum amount of effort could be done, for example web calendars
- See it as community good will
- Which organizations use our buildings? Have we ever had an organization use buildings that we don't want to publicize?
- Matter of policy – craft policy that allows it on the calendars
- Wouldn't want anyone using schools that we wouldn't want to publicize
- Difference between publicity and notification
- Role school has to play in educating students on environmental needs
- Once allotted space to an organization it is part of our duty to notify them
- Do other school districts publicize when organizations, such as scouts, use our buildings
 - Need to specify that they are not school sponsored events, but they are using our spaces
 - Event on calendar can be asterisked and say not a school event
- To make our community more united, we should at least notify of all events
- Look at this on a policy level and see how what other public schools are doing

11. Policies

11.01 First reading of Policy 7523 Opioid Overdose Prevention (proposed 8:05 duration 10 min)

7:55

- This is similar to what other districts are doing – speaks to storage and inventory
- Not all Districts selected option 2, there were 3 options to choose

- Medical director recommended option 2 – they write an open script for our nurses to administer drug, it needs to be inventoried and reported when used
- Concern of nurses that trainings done with general public did not include CPR and sometimes people react badly
- BOCES nurse in Special Education program in Port Ewen went through training

2016 7523 Students SUBJECT: OPIOID OVERDOSE PREVENTION

The Board of Education recognizes that many factors, including the use and misuse of prescription painkillers, can lead to the dependence on and addiction to opiates, and that such dependence and addiction can lead to overdose and death among the general public, including district students and staff. The Board wishes to minimize these deaths by the use of opioid overdose prevention measures. The signs and symptoms of opioid overdose (e.g., shallow breathing, unconsciousness, unresponsive to stimulation, pinpoint pupils, blue skin on lips and under nails) shall be displayed in school buildings with instructions to contact emergency responders. The district will provide training to all staff and students where developmentally appropriate, on the signs and symptoms of an opioid overdose.

The Board directs the school physician/medical director to issue a non-patient specific order to school nurses to administer intranasal naloxone (also known as Narcan, among other names). The non-patient specific order shall include a written protocol containing the elements required by the regulations of the Commissioner of Education. The Board permits school nurses to administer naloxone to any person at school or a school event displaying symptoms of an opioid overdose. The district shall purchase and provide the naloxone kits to be stored in the nurse's office. Naloxone shall be accessible during school hours and during on-site school-sponsored activities when school nurses are present.

Storage and Inventory

The school physician/medical director is responsible for having approved protocols in place for re-ordering Naloxone in the event it is administered and to ensure that an adequate supply is continuously available in the buildings for use. Similarly, the administration of Naloxone to any student will be documented in his/her cumulative health record and for staff members, in their personnel file.

The District will store its supply of Naloxone in a secure, but accessible, and temperate location consistent with its emergency response plan, in the school nurse's office. The school nurse will inventory the supply of Naloxone on a weekly basis and record this information on a log which will be developed and/or maintained by the school nurse or other designated personnel/administrator. This record of information will include the date, time, and signature of the designated personnel performing the inventory.

Ref: Education Law §§922 (volunteer naloxone responder); 6527 (emergency treatment of anaphylaxis and opioid overdose); 3023 (liability coverage); 6909 (administration of naloxone by nurses); Public Health Law §3309 (volunteer naloxone responder)

8 NYCRR §§ 64.7 (administration of naloxone); Part 136 (school health services program, including naloxone); 10 NYCRR §80.138 (volunteer naloxone responder)

- Earlier today, the middle and high school conducted a lockdown drill in conjunction with the NY State Police, Ulster County Sheriff's Department, and the Town of Olive Police Department

7. Student Representative Report

7.01 Student Representative, Raegan Loheide will report to the Board (proposed 7:25)
7:30

- Student government held forums to talk about the school mascot during 9th and 10th grade lunch which had poor attendance- students showed no interest
- 11th & 12th grader lunch - 30 students attended- there were a range of different views
 - Good discussions, got a better sense of what students may feel about issue and where Student Government should go next
 - After school forum had no attendance
- Reaching out to younger grades by releasing a request for information through Infinite Campus Student Portal questions
 - How do you feel about this issue or what is your opinion on our current mascot? and where would you like student government to go next?

- Closes Thurs after school
- If students don't want to speak perhaps will answer on Infinite Campus
- Will have a 7th & 8th grade forum and request for information after spring break

8. Acknowledge Public Be Heard

- 8.01 The Board will acknowledge the public be heard comments from the last meeting
No one spoke at the last meeting

9. Public/Student Comment

- 9.01 The public and students may comment on any agenda or non agenda item. Please limit comments to 3 minutes (proposed 7:30 duration 10 min or more)
- Raji Nevin - Read a letter given to each Board member and Superintendent about being personal liable for the dangers of Wi-Fi in school due to the various papers they have been given
- Steve Romine – On executive session – the Board improperly handled the disbanding of the Wi-Fi task force in secret. Rescind the decision on disbanding the Wi-Fi Task Force. There is a cumulative effect of Wi-Fi

10. Budget Update

- 10.01 Acting Assistant Superintendent for Business Don Gottlieb will present an update on the 2016-17 Budget (proposed 7:40 duration 20 min)
7:40

New Affordable Care Act requires notices to be sent to all employees by 3/31/16

- Contracted with Rose and Kiernan to help
 - Gave us a spreadsheet of 65 columns and thousands of rows
 - Government changed constantly what would go into forms
- Make mention that District has successfully completed its obligation and were informed yesterday that notices will go in the mail
 - Special mention of people in the Business office who helped make this possible Terry Snyder, Mary Hornung, and special note of Gail Hommel, who wrestled through the gargantuan spreadsheet to complete the process

Budget

- Outstanding issues- staffing, projected incoming Kindergarten, Special Education population
 - Added to the budget Director of Technology and switched around Network Support Specialist from BOCES to Onteora staff, added JV Football coaching staff- head coach and assistant coach, as well as supplies needed
- BOCES initial proposal was a reduction of \$200,000 from this year's contract
- Still looking for health insurance rates, received a projected rate – thought it would be 8%, but looks like it will be less
- State Aid- Governor's proposal is lowest number we would get- legislature increases number, especially in an election year
 - Foundation Aid will not help the District but Gap Elimination Aid will help
- Budget for 15-16 is \$51,656,975; for 16-17 is \$52,762,000

- 2.14% increase
- Bulk of budget is in programs
- Draft Revenue Budget is \$52,350,912 Difference is \$411,866
 - GEA is \$627,000 would eliminate the deficit and give an additional \$200,000
- Tax levy limit plus allowable exclusions is \$41,259,694
 - 1.61% increase
- PILOT will end this year, next year will be on tax rolls
- Estimated Fund Balance as of June 30, 2016 is \$1,219,772
- In May of 2011, the voters approved the creation of a capital reserve to be funded in the ultimate amount of \$5,000,000 over a term of five years.
- In May of 2014, the voters authorized the use of the \$5,000,000 Capital Reserve, with an additional \$2,000,000 to fund a \$7,000,000 project
- During the 2015-2016 school year, this project has been put out for bid several times, due to higher than anticipated costs
 - The total scope of the project has been reduced each time in order to remain within the budget
- During the 2015-2016 school year, the District is completing a new Building Condition Survey (BCS) to identify areas where improvements are still needed
 - Once the BCS is complete, the Facilities Committee will review the recommendations and prioritize the areas identified with the goal to be to formulate the next capital project to continue to maintain the facilities
 - Looks like \$10 or \$11 million worth of repairs, may not include architect fee and insurance
 - Take funds to set aside for Capital fund – must be created by taxpayers, Board funds it
- The Interim Superintendent and Interim Assistant Superintendent for Business recommend that the Board approve a proposition for the creation of a new Capital Reserve to be funded in the ultimate amount of \$8,000,000 over the term of seven years. Such a proposition would be presented to the voters in May with the budget vote and election of Board Trustees.
- Also discussing the Bennett playground cost and possible SRO

Discussion:

- NYSSBA is lobbying for the end of Gap Elimination and return of Foundation Aid, holding Districts harmless if it would hurt them
 - Hoping budget will be in place by April 1

11. Discussion and possible Action

11.01 Interim Asst. Supt. for Curriculum & Instruction will discuss the Professional Development Plan (proposed 8:00 duration 30 min)

8:05

Assistant Superintendent for Curriculum & Instruction Marystephanie Corsones reported

- Started chairing Professional Development Committee in September
 - Quickly pulled together professional development for the year
 - Thanked committee for pulling that together
- Conference days have had 92% attendance for teachers, slightly less for TAs

- ½ day in Jan and ½ day in March had high attendance
- K-6 level is completing mapping initiatives
 - Completed math map and now are completing assessments
 - Credit to teachers of district to complete in 1 day with a very supportive BOCES facilitator
 - Teachers reached consensus of what the priorities should be in curriculum
 - Same approach with literacy – goal is that in 1 day per grade level they be on target for completion
- Instilled a 10 day notice for professional development approval – staff and administration were very supportive of having a consistent protocol
- Focus on teacher mentoring program – having a meeting with them at the May Professional Development Committee meeting to share successes of the program and how it can be improved
 - 13 new positions being supported with mentors
- Historically plan was one year plan, and plan for this year was not approved
 - Committee is asking to approve this plan and goal is to have more detail for 16-17 school year and put on line prior to the end of June

Discussion

- Team for committee does not have parent on it, also no TA
 - Reached out to TA from last year and she could not commit
 - Reached out to head of union, who put out in newsletter, no volunteers
 - Instead of monthly meetings for an hour, having less meetings and more time for collaborative discussions- hoping that will help with volunteers
 - That will be consensus decision of committee – 3 meetings in the year for 2-2 ½ hours
- Specialists need to get outside district, can't do PD for a few people, how does conference requests work?
 - Changed timing of protocol- used to be 30 days, now 10 day, so more opportunities are available
 - Staff enter into MLP, then goes to principals, then some go to the Director of PPS, or directly to Assistant Superintendent for Curriculum & Instruction
 - Offered MLP expert to go into schools to work with staff to understand the process
 - Take exceptions to the 10 day rule
- As professionals need to be life-long learners and have a commitment to help support an infrastructure of continuous support in our organization
- The Board thanks Marystephanie Corsones, the BOCES staff and the teachers for getting the math mapping done
 - Looks like there are a lot of professional development opportunities listed

2016 7523 Students SUBJECT: OPIOID OVERDOSE PREVENTION

The Board of Education recognizes that many factors, including the use and misuse of prescription painkillers, can lead to the dependence on and addiction to opiates, and that such dependence and addiction can lead to overdose and death among the general public, including district students and staff. The Board wishes to minimize these deaths by the use of opioid overdose prevention measures. The signs and symptoms of opioid

overdose (e.g., shallow breathing, unconsciousness, unresponsive to stimulation, pinpoint pupils, blue skin on lips and under nails) shall be displayed in school buildings with instructions to contact emergency responders. The district will provide training to all staff and students where developmentally appropriate, on the signs and symptoms of an opioid overdose.

The Board directs the school physician/medical director to issue a non-patient specific order to school nurses to administer intranasal naloxone (also known as Narcan, among other names). The non-patient specific order shall include a written protocol containing the elements required by the regulations of the Commissioner of Education. The Board permits school nurses to administer naloxone to any person at school or a school event displaying symptoms of an opioid overdose. The district shall purchase and provide the naloxone kits to be stored in the nurse's office. Naloxone shall be accessible during school hours and during on-site school-sponsored activities when school nurses are present.

Storage and Inventory

The school physician/medical director is responsible for having approved protocols in place for re-ordering Naloxone in the event it is administered and to ensure that an adequate supply is continuously available in the buildings for use. Similarly, the administration of Naloxone to any student will be documented in his/her cumulative health record and for staff members, in their personnel file.

The District will store its supply of Naloxone in a secure, but accessible, and temperate location consistent with its emergency response plan, in the school nurse's office. The school nurse will inventory the supply of Naloxone on a weekly basis and record this information on a log which will be developed and/or maintained by the school nurse or other designated personnel/administrator. This record of information will include the date, time, and signature of the designated personnel performing the inventory.

Ref: Education Law §§922 (volunteer naloxone responder); 6527 (emergency treatment of anaphylaxis and opioid overdose); 3023 (liability coverage); 6909 (administration of naloxone by nurses); Public Health Law §3309 (volunteer naloxone responder)

8 NYCRR §§ 64.7 (administration of naloxone); Part 136 (school health services program, including naloxone); 10 NYCRR §80.138 (volunteer naloxone responder)

Introduced Acting Assistant Superintendent for Business, Dr. Don Gottlieb to give an update on the construction project:

- Facilities Director Jared Mance was unable to be here to give update
- Impressed with the positive interaction between the contractors and the Clerk of the Works during the first meeting
 - A very important aspect of a construction project
- Refining schedules now and optimistic that all work will be completed before beginning of school 2016
- Asbestos contractor did some work in the music area of HS during break
 - Impressed with quality and neatness of the work done
- HVAC/plumbing contractor started preliminary work, brought in piping
 - Will begin with sub-basement in off hours
- Testing done on 2 boilers in HS, they were shut down
 - 1 needs to be on for hot water
 - The 2 boilers were thought to contain asbestos, but don't, can delete work with contractor and put demolition with general contractor
 - HVAC can start earlier
- General contractor will be putting up construction fencing in Phoenicia and will begin excavation for pad and trenching to get power and other items needed for bio-mass boiler be completed
 - Very optimistic
- EPC – did get another rejection from SED on Amereco submittals
 - Hoping will be rectified in near future

Discussion:

- Believe the EPC will be approved in the next month - one of the major concerns is windows at Woodstock - spoke to Ameresco today

7. Student Representative Report

7.01 Student Representative, Raegan Loheide will report to the Board (proposed 6:55 duration 10 min)

6:50

- Focusing on green and sustainability issues – looking into selling reusable water bottles instead of buying disposable water bottles
 - Sell for less money than disposable bottles
 - Have water fountains that will fill bottles around the school, need one in cafeteria
 - Probably when most water bottles are purchased
- Received the Request for Information send to students
 - Need to meet as group to discuss what we will take from it
 - Categories of comments
 - Questions: What is your position on school's current mascot?
 - What would you like student government's next step regarding this topic?
 - Comments included: Suggested ideas for new mascots, want to do nothing and keep the mascot, they do not care about this issue and want student government to be focused on other things like bullying and drugs, should have had forums not during sports times and have an assembly where students can talk
 - Get word out better about events they were holding
 - Has to be done- kids feel that we don't have school spirit because of mascot, that it is disrespectful
 - Good to get a broad view

8. Acknowledge Public Be Heard

8.01 The Board will acknowledge the public be heard comments from the last meeting
Raji Nevin, Steve Romine

9. Public/Student Comment

9.01 The public and students may comment on any agenda or non agenda item. Please limit comments to 3 minutes (proposed 7:05 duration 10 min or more)

Jack Warren – Student in HS and Vice President of the Human Rights Club. Remind of importance of Indian mascot issue. Beyond taste and spirit – degrades learning. Cited Education Law and other American organizations on the degradation of a racial stereotype of the Indian mascot. Put the learning environment first. Change the mascot soon.

10. Budget Update

10.01 Acting Assistant Superintendent for Business Don Gottlieb will present an update on the 2016-17 Budget (proposed 7:15 duration 20 min)

7:00

- DEHIC declared a rate increase of 6.79% for overall health insurance
 - 75% of employees are members of this plan
 - Reduce health insurance line by \$120,000
- Restoration of all but \$52,712 of GEA
- Funds have been allocated to accommodate for the potential of a School Resource Officer, but can be modified based on the Board of Education decision

- A modest budget has been created to support the potential Director of Technology position
- 16-17 Budget is \$ 52,772,778
 - Budget Increase of \$1,115,803 or 2.16%
 - Not changed since last presentation
 - Bulk is for students
- GEA money takes care of gap in revenue budget
- Tax Levy of \$41,129,962 increase of 1.29%
 - Allowable levy limit is \$130,000 greater than current levy
- In 17-18 school year, due to demographics and next year being an off-election year there is small chance of getting an increase in State Aid
 - With current carryover on tax levy calculations, gives money for carryover next year to give cushion in the future
 - Next year will not have the GEA money coming back, may have a deficit
 - Hold leftover GEA money of \$52,000 to offset potential deduction in state aid
 - Local shared deduction of \$66,962- from children who are incarcerated and handicap students' placements
 - School District of student's residence is responsible for providing service and reimburse State for these children
- Estimated fund balance \$844,705 right now
- Anticipated unappropriated fund balance
 - Unassigned Fund Balance as of 07/01/2015: \$2,318,900.82 (4% of 15/16 budget)
 - Offset revenues for 15-16 :\$2,500,000.00 – may not need to use
 - Proposed Capital Project Closeouts: \$280,490.00
 - Proposed Appropriation for 16/17 Budget \$2,500,000.006 (4% of proposed 16/17)
 - Difference of \$1,333,000
 - In discussions of Capital reserve and Bennett playground, may want to use these funds
- Next steps:
 - Drainage issue on Bennett playground needs to be corrected
 - Decide on SRO
 - Continue to project fund balance figures
 - Adopt budget at the next meeting on 4/20/16

Discussion:

- Retirement incentives may be over estimation– as people come forward to retire they cash out unused sick and vacation days
 - Overestimate expenses and underestimate revenue to be responsible

11. Discussion

11.01 High School Textbook Presentation by MS Principal Jen O'Connor (proposed 7:35 duration 15 min)

7:25

AP Psychology will be offered next year, so textbooks were reviewed according to syllabi that have been approved

- HS Committee looked at several textbooks
- Textbook prepares students for the exam
- Electronic version is included in price
- Important to use a textbook that will be accepted by college board for the AP credits

Discussion

- Purchased 2nd edition – just a few years passed 1st edition
 - Online version updates
- Published in 2011 Revised in 2014
- For this class needs to be a textbook approved by College Board
 - Very few educational resources
- Up to college if they give credit for AP – depends on score on test
 - Onteora has seniors that have graduated with 15 or more college credits from AP classes

11.02 Request for Proposals for Realtor (proposed 7:50 duration 15 min)

7:30

- On Board Docs is the original document used for selecting first realtor, unless specific changes, will use this format
 - Discuss timeframe to proceed
- Publicize this to try to get a broad audience and when Board wants to review or have administration review responses and bring to Board
 - Need feedback on how much involvement Board wants and timeframe

Discussion:

- 1 month was a sufficient time for realtors to respond
- Send to all commercial brokers in region
- All Board members prefer recommendation from administration rather than interviewing themselves
- Bring back in the summer- perhaps at Reorganization meeting

11.03 School Resource Officer for 2016-2107 (proposed 8:05 duration 20 min)

7:40

- Onteora used to have a SRO and have had several presentations over the years
 - Came from State police paid for by the State
- It is an added resource that District can have as a whole
- Creates relationships with children, positive presence in building, some children will speak to SRO
- Their gun is part of their uniform, they must wear it
- Valuable resource for students and their families – make solid connections with kids
 - Another resource for kids in crisis or see something and want to tell the appropriate person
 - Also safety, but relationships are more important

- Former SROs have been able to diffuse situations outside of school and inside school due to relationships formed
- Process- contract with Sheriff's office and mutually come up with right person because they need to be a good fit for the district and administration
- Contract provided is one year and expense is \$85,739- sample contract is on Board Docs
- Questions: What is the training they receive? How many SROs are available?
 - Trust that they are appropriately trained and feel it is more important that they have a good heart
 - Police officer received a standing ovation at drug forum
- Don't have option on where to get SRO, unlike some local Districts that have town police – they can hire their local police
- Targeting someone for beginning of school year
- Program was stopped in Onteora because it used to be provided by the State, when program was cut, SROs taken from district and we did not fund position
- Money is appropriated in the budget, if budget is adopted then will work with Sheriff's office to work on contract then pass contract

12. ****Break****

12.01 The Board will take a break (proposed 8:25)
8:00

13. **Policies**

13.01 First Reading of Policy 7132 Education of Homeless Children and Youth (proposed 8:30)
8:15

- Policy has been in effect, underlined text has been added

~~2009~~2016 7132 Students **SUBJECT: EDUCATION OF HOMELESS CHILDREN AND YOUTH**

The parent/person in parental relation to a homeless child; or the homeless child, together with the homeless liaison designated by the School District in the case of an unaccompanied youth; or the director of a residential program for runaway and homeless youth established pursuant to Executive Law Article 19-H, in consultation with the homeless child, where such homeless child is living in such program, may designate either the school district of current location, the school district of origin, or a school district participating in a regional placement plan as the district the homeless child shall attend.

Pursuant to Commissioner's Regulations, a "homeless child" means a child or youth who lacks a fixed, regular, and adequate nighttime residence, including a child who is:

- a) Sharing the housing of other persons due to a loss of housing, economic hardship or a similar reason;
- b) Living in motels, hotels, trailer parks or camping grounds due to the lack of alternative adequate accommodations;
- c) Abandoned in hospitals;
- d) Awaiting foster care placement; or
- e) A migratory child who qualifies as homeless in accordance with Commissioner's Regulations. As defined in the No Child Left Behind Act of 2001, the term "migratory child" *includes* a child who is, or whose parent or spouse is, a migratory agricultural worker, including a migratory dairy worker, or a migratory fisher, and who has moved from one school district to another in the preceding 36 months, in order to obtain, or accompanies such parent or spouse in order to obtain, temporary or seasonal employment in agricultural or fishing work.
- f) A child or youth who has a primary nighttime location that is:
 1. A supervised, publicly or privately operated shelter designed to provide temporary living accommodations including, but not limited to, shelters operated or approved by the state or local department of social services, and residential programs for runaway and homeless youth established pursuant to Executive Law Article 19-H; or
 2. A public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings; including a child or youth who is living in a car, park, public space, abandoned building, substandard housing, bus or train station or similar setting.
- g) Considered an "unaccompanied youth":

1. An unaccompanied youth is a homeless child (for whom no parent or person in parental relation is available) or youth not in the physical custody of a parent or legal guardian.

2. An unaccompanied youth **shall not include** a child or youth who is residing with someone other than a parent or legal guardian for the sole reason of taking advantage of the schools of the district.

The term "**homeless child**" **shall not include** a child in foster care or receiving educational services pursuant to Education Law Sections 3202(4), (5), (6), (6a) or (7) or pursuant to Articles 81, 85, 87 or 88. For example, a child in a family home at board, a school for the mentally retarded, a hospital or other institution for the care, custody and treatment of children; youths under the direction of the Division for Youth incarcerated in county correctional facilities or youth shelters; or children residing in child care institutions or schools for the deaf or blind would not be considered "homeless."

Enrollment, Retention and Participation in the Educational Program

Enrollment of homeless children shall not be delayed and their ability to continue or participate in the educational program shall not be restricted due to issues such as:

- a) Transportation;
- b) Immunization requirements;
- c) Residency requirements;
- d) Birth certificates, medical records, individualized education programs (IEPs), school records and other documentation;
- e) Guardianship issues;
- f) Comprehensive assessment and advocacy referral processes;
- g) Resolution of disputes regarding school selection;
- h) Proof of social security numbers;
- i) Attendance requirements;
- j) Sports participation rules;
- k) Inability to pay fees associated with extracurricular activities such as club dues and sports uniforms; or
- l) Other enrollment issues.

Educational Programs and Services

The School District shall provide homeless children and youth with access to all of its programs, activities and services to the same extent that they are provided to resident students.

Homeless children and youth shall be educated as part of the school's regular academic program. Services must be provided to homeless children and youth through programs and mechanisms that integrate homeless children and youth with their non-homeless counterparts, including programs for special education, vocational and technical education, gifted and talented students, before and after school, English language learners/limited English proficiency, Head Start, Even Start, and school nutrition. Services provided with McKinney-Vento funds must expand upon or improve services provided as part of the regular school program. Consequently, the School District shall ensure that homeless children and youth are not segregated in a separate school, or in a separate program within the school, based on their status as homeless; and to the extent feasible consistent with the requirements of Commissioner's Regulations, keep a homeless child or youth in the school of origin except when doing so is contrary to the wishes of the child's or youth's parent or guardian. Further, the School District shall review and revise policies and practices, including transportation guidelines, that may act as barriers to the enrollment, attendance, school success, and retention of homeless children and youth in the School District.

All homeless children and youth are automatically eligible for Title I Part A services whether or not they meet the academic standards or live in a Title I school attendance area. Homeless students may receive Title I educational or support services from schoolwide and targeted-assistance school programs.

Transportation

If the local social service district or the Office of Children and Family Services is not required to provide transportation, the designated district is responsible for the provision and the cost of the student's transportation. Where a homeless student designates the school district of current location as the district the student will attend, then that district shall provide transportation to the student on the same basis as a resident student. Where the homeless student designates the school district of origin or a school district participating in a regional placement plan, then that district must provide transportation to and from the homeless child's temporary housing and school.

Transportation responsibilities apply to all school districts regardless of whether or not they receive McKinney-Vento funds. Transportation must be provided during the pendency of enrollment disputes. If the designated district provides transportation for non-homeless preschool children, it must also provide comparable transportation services for homeless preschool children.

If the student in temporary housing or a district participating in a regional placement plan designates Ontario Central School District as the school district of origin, then transportation will not exceed 50 miles each way, unless the Commissioner of the State Education Department determines that it is in the best interest of the child.

School District Liaison for Homeless Children and Youth

The School District shall designate an appropriate staff person, who may also be a coordinator for other federal programs, as the local educational agency liaison for homeless children and youth to carry out the duties as enumerated in law, Commissioner's Regulations and applicable guidance issued by the U.S. and New York State

Education Departments. The District will inform school personnel, local service providers and advocates of the office and duties of the local homeless liaison.

Training

The District will train all school enrollment staff, secretaries, school counselors, school social workers, and Principals on the legal requirements for enrollment. School nutrition staff, school registered professional nurses, teachers, and bus drivers will receive training on homelessness that is specific to their field.

Outreach

The District will make every effort to inform the parents or guardians of homeless children and youth of the education, transportation and related opportunities available to their children including transportation to the school of origin. The parent(s)/guardian(s) will be assisted in accessing transportation to the school they select, and will be provided with meaningful opportunities to participate in the education of their children. Public notice of educational rights of homeless children and youth will be disseminated by the District in places where families and youth are likely to be present (e.g., schools, shelters, soup kitchens), and in comprehensible formats (e.g., geared for low literacy or other community needs).

Dispute Resolution

The District shall establish procedures for the prompt resolution of disputes regarding school selection or enrollment of a homeless child or youth and provide a written explanation, including a statement regarding the right to appeal to the parent or guardian if the School District sends the student to a school other than the school of origin or the school requested by the parent or guardian. These disputes shall include, but are not limited to, disputes regarding transportation and/or a child's or youth's status as a homeless child or unaccompanied youth.

If there is a factual dispute over whether a student is homeless, the District will immediately enroll the student and then provide the parent/guardian the opportunity to submit verification of homelessness. The student will remain enrolled until a final determination is made by the District and for a minimum of thirty (30) days after the final determination to allow the parent/guardian opportunity to appeal to the Commissioner of Education. If the student files an appeal that contains a request for a stay within thirty (30) days of such final determination, the District must continue to enroll the student until the Commissioner rules on the stay request.

Record and Reporting Requirements

If the District, as the school district of origin, receives a request to forward student records to a receiving district, the records must be forwarded within five (5) days.

The School District shall maintain documentation regarding all aspects of the District's contact with and services provided to homeless students and youth for possible on-site monitoring by the State Education Department.

The District shall collect and transmit to the Commissioner of Education, at such time and in the manner as the Commissioner may require, a report containing such information as the Commissioner determines is necessary to assess the educational needs of homeless children and youths within the state.

- Revise policy based on Comptroller's Audit, used recent NYSSBA policy update
 - Added textbook language to NYSSBA policy from old policy

~~2002~~2016 5250 Non-Instructional/Business Operations

SUBJECT: SALE AND DISPOSAL OF SCHOOL DISTRICT PROPERTY

Sale of School Property

No school property shall be sold without prior approval of the Board of Education. However, the responsibility for such sales may be delegated.

Equipment

~~School District equipment that is obsolete, surplus, or unusable by the District shall be disposed of in such a manner that is advantageous to the District.~~

~~The Superintendent will be responsible for selling the equipment in such a way so as to maximize the net proceeds of sale which may include a bona fide public sale preceded by adequate public notice. If it is determined that reasonable attempts to dispose of the equipment have been made and such attempts have not produced an adequate return, the Superintendent or his/her designee may dispose of the equipment in any manner which he/she deems appropriate.~~

Building administrators and support staff supervisors are responsible for identifying obsolete or surplus equipment and supplies within their area(s) of responsibility. Each year, a determination shall be made of which equipment, supplies and/or materials are obsolete and cannot be salvaged or utilized effectively or economically by the school district. Such equipment, supplies, or materials shall be sold through bid procedures, if possible, for the highest possible price. The net proceeds from the sale of school property shall be deposited in the General Fund.

The Assistant Superintendent for Business shall be authorized to dispose of obsolete or surplus equipment and supplies in the following manner:

1. reassign the items, as needed, to other locations within the school district;
2. centralize the storage of items of potential usefulness; and/or
3. discard or sell as surplus those items determined to be of no further use or worthless.

Prior to reassigning, storing, discarding or selling any equipment or supplies (including computer hardware and software), the district shall ensure that all district-related data and information is permanently and completely removed. If such data or information is of a sensitive, personal or confidential nature, and cannot be permanently and completely removed prior to discarding or selling, the equipment or supplies shall be destroyed, and if reassigned or stored, the district shall note that district data or information has not been permanently and completely removed. The district shall also ensure that all district-related data and information is permanently and completely removed from equipment that is leased from a third party, prior to returning the equipment. The district shall work with the third party provider to ensure that district data and information is able to be permanently and completely removed from the equipment.

Textbooks

Textbooks may lose their value to the educational program because of changes in the curriculum or they contain outdated material and/or are in poor condition.

If textbooks are no longer useful or usable, the procedures for disposal shall adhere to the following order of preference:

- a) Sale of textbooks. If reasonable attempts to dispose of surplus textbooks fail to produce monetary return to the School District; then
- b) Donation to charitable organizations; or
- c) Disposal as trash.

- All Board members should sign up for 3

Trustee Storey reported:

- Went with Trustee Kurnit, Trustee Shands and Interim Superintendent Victoria McLaren to the BOCES dinner that the Culinary students cooked
 - Food was excellent
- Friday night – Onteora's Got Talent was a fundraiser
 - We have some very talented students

Trustee Kurnit – faculty music concert was great - good to see events well attended

5. Superintendent District News

5.01 The Superintendent announce District news (proposed 6:15)
6:15

Wi-Fi Best Practices

- Established a document for the staff to post that describes best practices for Wi-Fi. The practices listed are:
 - Turn off the device when not in use and at the end of each day.
 - If device is to stay on, turn Wi-Fi off when not in use.
 - Always place device on a solid surface.
 - Viewing distance should be a minimum of 12 inches from the screen.
- Staff was asked by the Principals to post this in areas that contain computers and devices
 - They are reminding staff to follow it

Purchasing new desktops to replace classroom computers in the elementary schools

- Desktop are so old they are not functioning

Director of Technology

- Job description is being finalized and will be brought back to the Board at the next Board meeting
 - Hopefully will be able to fill it before the school year begins

Music Department

- Assistant Superintendent for Curriculum & Instruction Marystephanie Corsones and I met with the MS/HS music staff last week in light of the retirement of the HS Band teacher
- We will be reviewing the schedules of the existing staff and how the rotations are set up in an effort to ensure that we are planning for a successful transition
 - Pulling students from classes for rotation lessons has become more difficult in recent years
 - Priority is to provide the music program that we always have and are looking at the ways we can deliver lessons and schedule students so that we can alleviate some of stress on students
- Attended the concert that showcased our talented staff

- Each staff member showed their talent

Phoenicia

- Phoenicia PTA hosted a Square Dance last Friday with over 150 students, staff and parents in attendance
- Earth Day is scheduled for tomorrow
 - Matt Savatgy, our resident science coordinator, has planned and organized a whole day of outdoor activities for our students to explore which include: Stream Critters, Earth Day Sing Along, Enviroscope Pollution Exhibit, Campfire and Forest Fire Safety, Nature's Water Filter, In the Garden (projects and plantings) and Recycling Games and Activities
- All this week The Golden Notebook is on site to sell books and activities to support literacy growth and achievement for all our students
- Teachers College Reading and Writing Professional Development for all 1st and 3rd grade teachers in the District on 4/25-4/26/16
- Kindergarten Screening is on 4/27-4/28/16

Woodstock

- The second installment of Kidstock ended last week
 - PTA added a few new classes including a cooking class
 - Ms. Kothe created a book that highlights the student experiences in this class
 - A copy of the book will be placed in the school library
- All K-3 students will be visiting WAAM this week to check out their art work on display
- Woodstock Book Fair will be held next week.
- Report Cards go home on 4/22/16

Bennett

- All-star jazz Band from South Africa visited the Bennett School
 - Uhadi a band from Johannesburg, South Africa, visited on 4/12/16
 - Held a music workshop for members of the Beginning Bennett Jazz Band (Grades 4-5), Select Bennett Jazz Ensemble (Grades 5-6), and the Junior High Jazz Ensemble (Grades 6, 7, and 8).
 - They played several songs, fielded questions from students

Middle School

- At the MS Science Olympiad state competition, Onteora finished 22 overall out of 35 teams
 - Onteora students placed in the top 10 in five events
- Championship of Battle of the Books showdown took place on 4/20/16 after school in the library

High School

- Joli Perfit (Grade 9), Hominy McMahon (Grade 9), Sara Chazik (Grade 10), and Alexis Nguyen (Grade 9) have been selected for a four-week visual arts program that will take place on the campus of SUNY Fredonia this summer
 - The students will have the opportunity to participate in drawing, painting, printmaking, sculpture, and mixed media projects
 - Related activities will include drawing and painting from a live model, trips to farms and lakes in the area, and hands-on immersion in various art processes, including welding, casting, direct carving, printmaking,

- and modeling life-size objects in clay
 - Upon completion of the program, participants will receive one high school credit
- Voice Theatre (www.voicetheatre.org) has been conducting innovative workshops at Onteora High School
 - The workshops utilize creative writing, theater games, and improvisation, challenge students to identify and combat bullying
 - Onteora students are now being invited to apply for scholarships to the Voice Theatre Summer Youth Workshop
 - Applications are available online or through the guidance department
 - This past Saturday, the Art Club and our TUFS (Teaming up for Success) Program went on a field trip to NYC
 - Approximately 30 students attended and received a private tour of the Metropolitan Museum of Art
- Last Friday high school students participated in the Day of Silence
 - The premise behind the Day of Silence, a national student-led initiative that aims to create safer schools for all students, regardless of sexual orientation, gender identity, or gender expression
 - Event was led by the school's Pride Alliance (formerly called the Gay-Straight Alliance), which is a club that welcomes all students interested in making the school a better, safer place, where all students' voices can be heard, and where diversity is celebrated
- Last Friday was the end of the third quarter
 - Report cards were mailed home to parents earlier this morning
- 18 students from our new Science of Survival elective course spent the day at the Ashokan Center to apply some of the skills learned: shelter building, water filtration and purification, fire-by-friction, wild edibles, wild medicinal, tracking, movement, awareness and orienteering

- Tomorrow the National Honor Society will be hosting Quiz Bowl, which will begin at 6:30 P.M.
- This Friday, 32 students who are enrolled in either Physics or A.P. Physics will be going on a field trip to Six Flags, N.J. to participate in their Physics Day program
 - Event is designed to get students out of the classroom and see and feel the principles of physics first hand
- In an effort to increase student awareness of global issues, our new Global Issues in the 21st Century Class has teamed up with the Human Rights Club to present various facts and statistics each day through the morning announcements
- The high school will be offering several after school Regents review sessions.

6. Student Representative Report

- 6.01 Student Representative, Raegan Loheide will report to the Board (proposed 6:20)
6:20

- This week the Student Government looked into the idea of getting water bottles to sell for less than the disposable water bottles
 - Hoping to put in order early next week
- Mascot- request for information reviewed – mixed with their impressions of the forums held trying to come up with what to do next
 - Feeling of student government is that they would like to move forward with creating a comfortable environment for all students conducive to learning and not stereotyping
 - Hopefully will have an effect on bullying because stereotypes are a large part of bullying and since a lot of students said they think it is a stereotype- good to not have that as an example for students
 - Student Government wanted to ask Board about what is potential next step – thinking of asking students in school for new mascots names or artwork
 - Information gathered from student body in forums and request for information allowed them to get a good look at how the whole school feels, listening to everyone because they received a large range of views
 - This is what Student Government thinks is best, but wanted to ask the Board what would be supported

Discussion:

- Support student taking initiative and the way they have been handling it
 - Appreciate the thoughtful deliberations that have been going on
- Be interested in feedback that the student government received- can it be forwarded to the Board to read replies
 - Request for information is really a continuation of forums – students who spoke at forums didn't write in RFI
 - RFI is not whole picture
 - There were several forums, but put out RFI as another way to get input

7. Acknowledge Public Be Heard

7.01 The Board will acknowledge the public be heard comments from the last meeting
Jack Warren

8. Public/Student Comment

8.01 The public and students may comment on any agenda or non agenda item. Please limit comments to 3 minutes (proposed 6:25 duration 10 min or more)

Michael Allison – hire a full time athletic trainer for healthier workouts and to work with injured students

9. Budget Adoption

9.01 Acting Assistant Superintendent for Business Don Gottlieb will present an the recommended budget for the 2016-17 school year (proposed 6:35 duration 20 min)

Significant issues addressed:

- SRO position is incorporated into budget – pending Board approval
- Money set aside for Director of Technology position, supplies and materials

- Transitioned Network Support Specialist from BOCES to Onteora
- Put into place JV Football coaching staff and supplies for program
- K-8 summer program expanded from 15 to 18 days
- Normally there is a \$100,000 line transfer to capital expenses, increased to \$550,000
 - Prime focus is Bennett playground-drainage issues must be addressed – is part of Building Condition Survey
- Use same figures for Bennett playground as Phoenicia and Woodstock
- Recommended 16-17 Budget is \$53,222,778, an increase of \$1,565,803 or 3.03%
 - \$550,000 increase over the current year for drainage issue and equates to 0.9% of the budget increase. Without this, the increase would have been \$1,115,803 or 2.04%
- Components- Capital 8.02%, Administrative 6.7% Programs 85.28%
 - Bulk of money is on student program
- Revenue increase \$1,565,803 or 3.03%
 - Increase in levy of \$469,806 or 1.16%
 - Allowable levy is 1.61%
 - E-rate is part of everyone's telephone bill meant for schools to help with computer infrastructure
 - Change in Gap Elimination increased revenue from State
 - Next year no Gap Elimination money, so bulk of revenue will be from taxes
- Estimate Expenses \$48,287,000
- Estimated Fund Balance \$1,039,836
- Unappropriated Fund Balance – allowable 4% is \$2,128,911
- Vote is May 17, 2016 for budget and Board members
- Will be conducting Budget Forums around the District

Discussion:

- Clarify that \$550,000 is mostly because of drainage issues on Bennett playground, not for the playground
- Difference in the State Aid \$7,871,000 to \$8,675,000 is the GEA money
 - Modest increase in Building aid from a project that was closed
 - All categorical aid- textbook, library materials, etc. is student driven, so with declining enrollment will not increase
 - BOCES aid is dependent on enrollment in programs
- Low percentage for transportation aid because of State-determined wealth in District
 - Contract with Mulligan is just under \$3 million, our transportation is \$1 million
 - Scarcity is an issue in this District
 - Transportation is in Program part of budget

Recommended Action: Superintendent recommends Board of Education approval of the following Proposition: Proposition # 1 – 2016-2017 Budget BE IT RESOLVED, that the Onteora Central School District Board of Education be and is hereby authorized to expend the sums set forth under the various headings which are voted

upon in gross and not in detail in the total amount of \$53,222,778 (which includes \$20,000 to support public library) for the year commencing July 1, 2016 and ending June 30, 2017, and the Board is authorized to levy and collect the necessary tax thereof on the taxable property of the District.

~~2009~~2016 7132 Students **SUBJECT: EDUCATION OF HOMELESS CHILDREN AND YOUTH**

The parent/person in parental relation to a homeless child; or the homeless child, together with the homeless liaison designated by the School District in the case of an unaccompanied youth; or the director of a residential program for runaway and homeless youth established pursuant to Executive Law Article 19-H, in consultation with the homeless child, where such homeless child is living in such program, may designate either the school district of current location, the school district of origin, or a school district participating in a regional placement plan as the district the homeless child shall attend.

Pursuant to Commissioner's Regulations, a "homeless child" means a child or youth who lacks a fixed, regular, and adequate nighttime residence, including a child who is:

- a) Sharing the housing of other persons due to a loss of housing, economic hardship or a similar reason;
- b) Living in motels, hotels, trailer parks or camping grounds due to the lack of alternative adequate accommodations;
- c) Abandoned in hospitals;
- d) Awaiting foster care placement; or
- e) A migratory child who qualifies as homeless in accordance with Commissioner's Regulations. As defined in the No Child Left Behind Act of 2001, the term "migratory child" *includes* a child who is, or whose parent or spouse is, a migratory agricultural worker, including a migratory dairy worker, or a migratory fisher, and who has moved from one

school district to another in the preceding 36 months, in order to obtain, or accompanies such parent or spouse in order to obtain, temporary or seasonal employment in agricultural or fishing work.

f) A child or youth who has a primary nighttime location that is:

1. A supervised, publicly or privately operated shelter designed to provide temporary living accommodations including, but not limited to, shelters operated or approved by the state or local department of social services, and residential programs for runaway and homeless youth established pursuant to Executive Law Article 19-H; or

2. A public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings; including a child or youth who is living in a car, park, public space, abandoned building, substandard housing, bus or train station or similar setting.

g) Considered an "unaccompanied youth":

1. An unaccompanied youth is a homeless child (for whom no parent or person in parental relation is available) or youth not in the physical custody of a parent or legal guardian.

2. An unaccompanied youth **shall not include** a child or youth who is residing with someone other than a parent or legal guardian for the sole reason of taking advantage of the schools of the district.

The term "**homeless child**" **shall not include** a child in foster care or receiving educational services pursuant to Education Law Sections 3202(4), (5), (6), (6a) or (7) or pursuant to Articles 81, 85, 87 or 88. For example, a child in a family home at board, a school for the mentally retarded, a hospital or other institution for the care, custody and treatment of children; youths under the direction of the Division for Youth incarcerated in county correctional facilities or youth shelters; or children residing in child care institutions or schools for the deaf or blind would not be considered "homeless."

Enrollment, Retention and Participation in the Educational Program

Enrollment of homeless children shall not be delayed and their ability to continue or participate in the educational program shall not be restricted due to issues such as:

- a) Transportation;
- b) Immunization requirements;
- c) Residency requirements;
- d) Birth certificates, medical records, individualized education programs (IEPs), school records and other documentation;
- e) Guardianship issues;
- f) Comprehensive assessment and advocacy referral processes;
- g) Resolution of disputes regarding school selection;
- h) Proof of social security numbers;
- i) Attendance requirements;
- j) Sports participation rules;
- k) Inability to pay fees associated with extracurricular activities such as club dues and sports uniforms; or
- l) Other enrollment issues.

Educational Programs and Services

The School District shall provide homeless children and youth with access to all of its programs, activities and services to the same extent that they are provided to resident students.

Homeless children and youth shall be educated as part of the school's regular academic program. Services must be provided to homeless children and youth through programs and mechanisms that integrate homeless children and youth with their non-homeless counterparts, including programs for special education, vocational and technical education, gifted and talented students, before and after school, English language learners/limited English proficiency, Head Start, Even Start, and school nutrition. Services provided with McKinney-Vento funds must expand upon or improve services provided as part of the regular school program. Consequently, the School District shall ensure that homeless children and youth are not segregated in a separate school, or in a separate program within the school, based on their status as homeless; and to the extent feasible consistent with the requirements of Commissioner's Regulations, keep a homeless child or youth in the school of origin except when doing so is contrary to the wishes of the child's or youth's parent or guardian. Further, the School District shall review and revise policies and practices, including transportation guidelines, that may act as barriers to the enrollment, attendance, school success, and retention of homeless children and youth in the School District.

All homeless children and youth are automatically eligible for Title I Part A services whether or not they meet the academic standards or live in a Title I school attendance area. Homeless students may receive Title I educational or support services from schoolwide and targeted-assistance school programs.

Transportation

If the local social service district or the Office of Children and Family Services is not required to provide transportation, the designated district is responsible for the provision and the cost of the student's transportation. Where a homeless student designates the school district of current location as the district the student will attend, then that district shall provide transportation to the student on the same basis as a resident student. Where the homeless student designates the school district of origin or a school district participating in a regional placement plan, then that district must provide transportation to and from the homeless child's temporary housing and school.

Transportation responsibilities apply to all school districts regardless of whether or not they receive McKinney-Vento funds. Transportation must be provided during the pendency of enrollment disputes. If the designated district provides transportation for non-homeless preschool children, it must also provide comparable transportation services for homeless preschool children.

If the student in temporary housing or a district participating in a regional placement plan designates Onteora Central School District as the school district of origin, then transportation will not exceed 50 miles each way, unless the Commissioner of the State Education Department determines that it is in the best interest of the child.

School District Liaison for Homeless Children and Youth

The School District shall designate an appropriate staff person, who may also be a coordinator for other federal programs, as the local educational agency liaison for homeless children and youth to carry out the duties as enumerated in law, Commissioner's Regulations and applicable guidance issued by the U.S. and New York State Education Departments. The District will inform school personnel, local service providers and advocates of the office and duties of the local homeless liaison.

Training

The District will train all school enrollment staff, secretaries, school counselors, school social workers, and Principals on the legal requirements for enrollment. School nutrition staff, school registered professional nurses, teachers, and bus drivers will receive training on homelessness that is specific to their field.

Outreach

The District will make every effort to inform the parents or guardians of homeless children and youth of the education, transportation and related opportunities available to their children including transportation to the school of origin. The parent(s)/guardian(s) will be assisted in accessing transportation to the school they select, and will be provided with meaningful opportunities to participate in the education of their children. Public notice of educational rights of homeless children and youth will be disseminated by the District in places where families and youth are likely to be present (e.g., schools, shelters, soup kitchens), and in comprehensible formats (e.g., geared for low literacy or other community needs).

Dispute Resolution

The District shall establish procedures for the prompt resolution of disputes regarding school selection or enrollment of a homeless child or youth and provide a written explanation, including a statement regarding the right to appeal to the parent or guardian if the School District sends the student to a school other than the school of origin or the school requested by the parent or guardian. These disputes shall include, but are not limited to, disputes regarding transportation and/or a child's or youth's status as a homeless child or unaccompanied youth.

If there is a factual dispute over whether a student is homeless, the District will immediately enroll the student and then provide the parent/guardian the opportunity to submit verification of homelessness. The student will remain enrolled until a final determination is made by the District and for a minimum of thirty (30) days after the final determination to allow the parent/guardian opportunity to appeal to the Commissioner of Education. If the student files an appeal that contains a request for a stay within thirty (30) days of such final determination, the District must continue to enroll the student until the Commissioner rules on the stay request.

Record and Reporting Requirements

If the District, as the school district of origin, receives a request to forward student records to a receiving district, the records must be forwarded within five (5) days.

The School District shall maintain documentation regarding all aspects of the District's contact with and services provided to homeless students and youth for possible on-site monitoring by the State Education Department.

The District shall collect and transmit to the Commissioner of Education, at such time and in the manner as the Commissioner may require, a report containing such information as the Commissioner determines is necessary to assess the educational needs of homeless children and youths within the state.

~~2002~~2016 5250 Non-Instructional/Business Operations

SUBJECT: SALE AND DISPOSAL OF SCHOOL DISTRICT PROPERTY

Sale of School Property

No school property shall be sold without prior approval of the Board of Education. However, the responsibility for such sales may be delegated.

Equipment

~~School District equipment that is obsolete, surplus, or unusable by the District shall be disposed of in such a manner that is advantageous to the District.~~

~~The Superintendent will be responsible for selling the equipment in such a way so as to maximize the net proceeds of sale which may include a bona fide public sale preceded by adequate public notice. If it is determined that reasonable attempts to dispose of the equipment have been made and such attempts have not produced an adequate return, the Superintendent or his/her designee may dispose of the equipment in any manner which he/she deems appropriate.~~

Building administrators and support staff supervisors are responsible for identifying obsolete or surplus equipment and supplies within their area(s) of responsibility. Each year, a determination shall be made of which equipment, supplies and/or materials are obsolete and cannot be salvaged or utilized effectively or economically by the school district. Such equipment, supplies, or materials shall be sold through bid procedures, if possible, for the highest possible price. The net proceeds from the sale of school property shall be deposited in the General Fund.

The Assistant Superintendent for Business shall be authorized to dispose of obsolete or surplus equipment and supplies in the following manner:

1. reassign the items, as needed, to other locations within the school district;
2. centralize the storage of items of potential usefulness; and/or
3. sell, RECYCLE IF POSSIBLE OR DISCARD as surplus those items determined to be of no further use or worthless.

Prior to reassigning, storing, discarding or selling any equipment or supplies (including computer hardware and software), the district shall ensure that all district-related data and information is permanently and completely removed. If such data or information is of a sensitive, personal or confidential nature, and cannot be permanently and completely removed prior to discarding or selling, the equipment or supplies shall be destroyed, and if reassigned or stored, the district shall note that district data or information has not been permanently and completely removed. The district shall also ensure that all district-related data and information is permanently and completely removed from equipment that is leased from a third party, prior to returning the equipment. The district shall work with the third party provider to ensure that district data and information is able to be permanently and completely removed from the equipment.

Textbooks

Textbooks may lose their value to the educational program because of changes in the curriculum or they contain outdated material and/or are in poor condition.

If textbooks are no longer useful or usable, the procedures for disposal shall adhere to the following order of preference:

- a) Sale of textbooks. If reasonable attempts to dispose of surplus textbooks fail to produce monetary return to the School District; then
- b) Donation to charitable organizations; or
- c) **RECYCLE** or Dispose as trash.

12.03 First Reading of Policy 6560 Employee Assistance Program

- Free to employees can receive different type of services, very confidential

20022016 6560 Personnel SUBJECT: EMPLOYEE ASSISTANCE PROGRAM (EAP)

The District will provide an Employee Assistance Program for employees who are experiencing personal difficulties. The purpose of the program is to assist employees in obtaining help to resolve such problems in an effective and confidential manner. This program recognizes that the primary obligation to seek assistance and to resolve the problem rests with the employee. Information on this confidential program is available in school offices, central administration and/or through Principals or Supervisors.

The Board recognizes that a wide range of problems that are not directly associated with an employee's job function may have an effect on an employee's job performance. The problems may involve physical illness, mental or emotional illness, alcohol abuse or alcoholism, drug abuse or dependency, or personal problems such as those of a marital, family, or financial nature.

~~A joint District/employee organization committee will be established to assist in the implementation of this policy.~~

12.04 First Reading of Policy 7112 Leaving School Grounds**20022016 7112 Students SUBJECT: LEAVING SCHOOL GROUNDS**

- a) All students must remain on the school grounds through the school day. No student will receive permission to leave the school for any reason during the day unless called for by parent or legal guardian.
- b) Students who are participating in school activities after school hours must remain on the school grounds and may not leave the school grounds. Any middle or high school student who leaves the school grounds without permission, may not be transported on the late bus that evening and further forfeits his/her privilege to participate in that day's school sponsored activities.
- c) Students leaving school grounds during the school day without permission will be subject to appropriate disciplinary action.

~~2002~~2016 6560 Personnel **SUBJECT: EMPLOYEE ASSISTANCE PROGRAM (EAP)**

The District will provide an Employee Assistance Program for employees who are experiencing personal difficulties. The purpose of the program is to assist employees in obtaining help to resolve such problems in an effective and confidential manner. This program recognizes that the primary obligation to seek assistance and to resolve the problem rests with the employee. Information on this confidential program is available in school offices, central administration and/or through Principals or Supervisors.

The Board recognizes that a wide range of problems that are not directly associated with an employee's job function may have an effect on an employee's job performance. The problems may involve physical illness, mental or emotional illness, alcohol abuse or alcoholism, drug abuse or dependency, or personal problems such as those of a marital, family, or financial nature.

~~A joint District/employee organization committee will be established to assist in the implementation of this policy.~~

7:05

School Psychologists Dianna Johnson and Jen Simco (not present); Speech Pathologists Ariel Maisenhelder, Maryanne Fraser and Jackie Hanzl; Social Workers Patty Rosenbloom and Alice VanWagner showed a video presentation on the Social Thinking Program in the schools:

- Whole body listening – listening with eyes, ears, mouth, hands, body, brain and heart
- Expected and unexpected behaviors
 - Unexpected – socially unacceptable
 - Expected - socially acceptable behaviors
- Reaction to problems should be related to the size of problem
- Good thoughts are expected, wacky thoughts are unexpected
- Zones of regulations: green – ready to work, yellow - frustrated or anxious, red– mad and frustrated, blue - tired or bored
 - Use tools to get to green zone
- Rigid vs. flexible
- Social thinking helps get along with people, better friends

Discussion:

- Mindfulness is incorporated into Social Thinking in 4th grade – part of zones of regulation
 - Curriculum is adjusted to the group being taught
- K-6 grade teams developed curriculum to address incorporating Drug Education into Social Thinking
 - Tried to intertwine Social Thinking into 2 programs
 - Finished Woodstock K-2
 - Healthy choices, tobacco, drug use
 - K-3 designed a curriculum modeled after McGruff curriculum
 - 4-6 modeled theirs after a direct drug and alcohol prevention program
 - Need to do more work to develop a comprehensive curriculum
 - Need to look at past curriculum and healthy choices curriculum
- Most teachers use language of Social Thinking so students are using it as well
 - 4th graders came in using the language learned in K-3 schools
- In Primary schools – in classroom once a week all year long
 - Drug curriculum started in April/May
- Parents are given a cheat sheet with vocabulary and basics for new students
 - Teachers integrate language and explain it and have students explain it

Middle School

- Grade 8 student Siena Beck, whose essay "Across the Stars" won 3rd place and a \$100 award in Long Island of a contest sponsored by the American Institute of Aeronautics and Astronautics (AIAA) and the AIAA Space Systems Technical Committee (SSTC)
 - This year's theme was "Discuss how either a moon base or a Mars base could help us learn about the Earth and space."

High School

- Sophomore Ethan Jobson and junior Kalo Talley won full scholarships to educational programs and will be spending a good part of their summers doing college-level work on university campuses
- Seniors Raegan Loheide and Alexander Schaef, were honored at the annual Mid-Hudson Athletic League (MHAL) Scholar-Athlete Breakfast held on 5/25/16 at the Poughkeepsie Grand Hotel
- A "Senior Summit" held at Belleayre Lodge on 5/26/16
 - Learned tools to become savvy consumers, careful money managers, well-adjusted college students and safety-conscious drivers
 - Also learned about healthy dating relationships
- Bullying, exclusion, racism and violent behavior were addressed in a series of workshops held this spring at six Ulster County schools, including Onteora High School conducted by Voice Theatre
 - 9th period English class will be attending a matinee performance of Voice Theatre's production of "End Days" by Deborah Zoe Laufer at Woodstock's historic Byrdcliffe Theater
- Onteora's Gifted and Talented Community Mentor Program, shared what they had learned and accomplished during their mentorships during a 6/2/16 event

held at the High School

- Academic Achievement Awards ceremony for students in grades 9-11 was held 6/1/16
 - 66 students were provided awards for their academic achievement in various disciplines.
- Tomorrow evening at 5 PM is the high school's National Honor Society Induction Ceremony and at 7 PM is the Senior Scholarship and Awards Ceremony
 - 141 awards, totaling approximately \$230,000 will be awarded
 - A total of 73 different students will be receiving these awards

7.02 Director of Facilities, Jared Mance, will update the Board on the water testing for lead
7:45

- Boiceville campus (every building) is a private well, always followed appropriate tests on a schedule
 - Testing lead every 3 years – all samples below action levels
- Phoenicia & Woodstock are served by municipal water systems – they test water in the same manner as Boiceville campus
 - All samples below action levels of lead
- Due to the problems in the country, took samples from classrooms, fountains and from older plumbing fixtures of the buildings
 - All under action level except 1 classroom at Phoenicia
 - Found problem and now will fix problem
 - A flush of the system (running faucets for 5 minutes) made the samples below action level
 - Do not have lead pipes, but some solder used had lead
 - Will send communication to parents and staff
 - Will look at long term solution such as changing out old plumbing parts

Discussion:

- Now will flush fixtures in morning to greatly reduce risk – will consult with resources for best course of action
- All modern fixtures have near 0 lead levels
 - Bottle fillers have active carbon filters
 - Installed in each building
- Random samples taken - targeting places where there is older piping
 - Not all piping, but specific places
- Water shut off to fixture that came up as a higher reading
- Commend Mr. Mance for going above and beyond in testing

8. Student Representative Report

8.01 Student Representative, Raegan Loheide will report to the Board (proposed 8:00)
7:55

- Last time reported on Mascot contest for ideas for new mascots- Student Government picked top 4 for the student body to vote
 - Black Bears, Eagles, Thunder and Mountain Lions
 - Members of Student Government went into lunch periods to help students with Infinite Campus survey

- Eagles won – Student Government is recommending the following:
 - In seeking to change the dynamic around stereotypes, bullying and acceptance at our school and to foster a welcoming learning environment, Student Government recommends the Board of Education change the Onteora mascot from the Indians to the Eagles
 - Great representation of school for sports and academics-representing strength, integrity, freedom and exploration

Discussion:

- Had 20 suggestions of mascots, some duplicated
- 107 out of 600 students voted
- The choice to keep the mascot the same was not on this ballot, it was gathering information about if there is a new mascot, which one
 - Important to be as comprehensive as possible
- Survey about changing the mascot had a 50-50 response, forums were hugely in favor of one idea over another, cannot make everyone happy
 - Student Government felt that bullying and acceptance in school is more important
- Forums attendance: 11 & 12 grade lunch was 30 students, after school forums around the same
 - One lunch period no one showed
- Efforts through Human Rights Club, Student Government, 2 advisors and Principal Edelman
 - Human Rights Club brought it to Student Government
- Apathy at forums and votes is same in any vote – people who care, vote

9. Acknowledge Public Be Heard

- 9.01 The Board will acknowledge the public be heard comments from the last meeting
No one spoke at the last meeting

10. Public/Student Comment

- 10.01 The public and students may comment on any agenda or non agenda item. Please limit comments to 3 minutes (proposed 8:05 duration 10 min or more)

Cindy O'Connor – Large stakeholder group that doesn't want mascot changed, students that want to keep mascot feel they haven't had representation. Hate to see the District brought back to 2002, Board should concentrate on education, policy and other areas

Jack Warren – Human Rights Club acting on mascot issue history: Started in history classroom on atrocities committed against Native Americans – owe people an enormous debt. Alcoholism, poverty and suicide rates are very high among Native Americans. Several Native American advocacy groups are very vocal that Indian mascots should be retired. American psychologist findings are that Indian mascots hurt Native American students' sense of self-esteem and identity. Noticed a slur of intolerance around school with this mascot and decided to replace mascot.

Gabby Raphael – Process: Human Right Club brought to Student Government due to bullying and other issues in school. Concern about the divide this mascot debate brings: the divide has been there whole time – many people felt that mascot did not represent student body, not inclusive to all. Hosted lunchtime forums on changing

mascot. Made public – did get some different opinions. Then did a request for information – to get everyone's opinions included, then a contest for ideas to change mascot, which was made public.

George Becker – Son goes to Kingston for extended services. He was pulled from school 20 min early, arrived at tutor house early – instructor was at the house this time, which they were not last year. More to be said or done with transportation – no one was informed that he would be taken from school early and arriving at extended services early. He is a 12 year old with learning disabilities.

Victoria Becker – Need to know child is safe, not leaving school early without knowledge of teacher, principal or anyone. Hear of too many instances where child was removed from school and taken to the wrong place, then harmed. Third time this has happened. Services are questioned at every CSE meeting. Arrange private meeting with Board president

Lucia Legnini – No matter what outcome, large group of students will not get what they want. Everyone had same chance to share opinions, can't say that because not everyone has voted or attended forums shouldn't change mascot. Mascot is politically wrong – especially in a PBIS school. Movement is from students not parents as in 2002. Mascot should unite community, not divide. Only way is to vote for change.

11. Discussion

11.01 Discussion on the Mascot (proposed 8:15 duration 20 min)

8:25

- Every point of view has the Board's respect
 - Thanks to students
- Board consensus was to leave it to the students
- If 1/6 students participated, is more than voted for budget
- Rest of society is moving past us on this- don't want to go back to the struggle of 2002, but don't want to be stuck in 1962
- Eagle represents American ideal and strength
- Change of mascot will happen whether it is today, or years down the road
 - Nothing to lose by changing name – is just a name- don't lose traditions, values, common advocacy or anything educationally
 - No mascots will be racial stereotypes
 - Onteora is only place that changed their mascot and then changed it back
- Reinvigorate student athletics – sporting events not as well attended as could be
- Name Onteora was created from a number of Iroquois terms for mountain and sky, not a Native American word
- Read article aloud about the use of Indians as mascots – started in 60's as civil rights issue
 - Social science research says that sports mascots and images have deep psychological effects
 - Form of ethnic stereotyping when used by non-Native Americans
 - Harmful to Native Americans because others are dominant over mascots and goes to the suppression indigenous groups
 - Some think that it refers to the positive traits like bravery, dedication and pride, but it is based on the image of on savages – ignores

extensive evidence of harmful effects of stereotypes and biased

- Onteora has grown since 2002, violence should not reoccur
- Painting of the Indian is a violent looking caricature
- Term Indian coined by a European who thought he was somewhere else
- Commend students for using learning and civil discourse
- Students did not feel great outcry to go to forums or participate because the thinking was that the Human Rights Club and Student Government are changing this because wanted it to be their legacy
 - Bring back next year and have a poll asking “do you want to keep mascot?” – during social studies or English to get more input from students
 - 107 votes is not enough information
- What will be done to reach out to each side as to how to move forward as a community?
 - If not discussed properly as a community, becomes winners and losers
 - Reach out to someone on the other side of your opinion for discussion
- Should be discussed more in classrooms – a lot of students have families that grew up in this area and don’t think Indian is degrading, but as part of their roots
 - Some students have trouble speaking out, but would be able to speak in the classroom
- Student Government tried to promote that all opinions were welcome
 - Students matter more than broad community because they represent the mascot on the sports fields
 - Student Government felt a strong opinion to change the mascot
- Part of student identity – but not because of name, but because of bond instilled in hearts of players
- In 2001 Commissioner of Education sent a memo on public school use of Indian names and mascots
 - Commission on Civil Rights called for end of using Indian names with mascots
- Some see Indian mascot as savage and aggressive instead of brave and proud
- Today history is being taught differently – Westward expansion is not a virtuous thing, but something that cost a lot of lives and changed our common culture
 - This is a right and wrong issue
- Civil rights was 50-50 in the 1960’s, now know it is right

Motion to change the agenda to add a vote on the mascot

Motioned: Trustee Salem

Seconded: Trustee Osmond

Result: Passed

Yea: Trustee Schnell, Trustee Salem, Trustee Osmond, Trustee Ratcliff

No: Trustee Kurnit, Trustee Storey, Trustee Allison

Motion to change the Onteora Central School District Mascot from the Indian to the Eagle

Motioned: Trustee Osmond

Seconded: Trustee Salem

- Not the right way to do this, should be at a later meeting
- Will be mayhem tomorrow if just put to a vote now, not sure why community is not here now
- Happening too fast – many people have strong feelings pro and con
- Will be a divided community whether this is voted on tonight or not
 - Need to bridge the divide and get people have conversations on opposing sides
- Not discussed amount of money to change mascot
 - All students buy uniforms, warm ups, etc. – will cost taxpayers money
 - Addidas will pay for part of cost
 - Ties school into Addidas – business decision
 - There is no plan right now
- Need to talk to community and get more information
 - Have not heard from stakeholders, who voted the School Board members into office
- To vote on it tonight is too fast – had no intention of voting tonight- need more information
- If done at next meeting, perhaps the sides would talk to each other
- Board had decided to have discussion at one meeting and voting at another
 - Procedural, not decided by resolution
 - Always occasions to have voting and discussion at 1 meeting
- Nothing changes if decide to wait 2 weeks, might as well vote now

Result: Passed

Yea: Trustee Schnell, Trustee Kurnit, Trustee Salem, Trustee Osmond, Trustee Ratcliff

No: Trustee Storey, Trustee Allison

Trustee Schnell read an excerpt from the Code of Conduct

The District is committed to providing an orderly, respectful, and safe environment that is conducive to learning. All persons on school property or attending a school function, whether on or off school property, consistent with Policy 3410 Code of Conduct on School Property, shall conduct themselves in a respectful and orderly manner.

No person, either alone or with others, while on school property or attending a school function, shall:

Intentionally injure or threaten to injure any person.

Intentionally damage or destroy school property or the property of others, or remove or use such property without authorization.

- Disrupt the orderly conduct of classes, school programs, and activities.
- Distribute or wear materials that are obscene, advocate illegal action, appear libelous, obstruct the rights of others, or are disruptive to the school program.
- Intimidate, harass, or discriminate against any person on the basis of actual or perceived race, color, creed, weight, national origin, ethnic group, religion, religious practice, age, gender, sexual orientation, or disability or any other discriminatory reason.
- Harass, including creating a hostile environment by conduct or by threats, intimidation, bullying, cyberbullying, or other abuse, as defined in Attachment A.
- Intimidate, including engaging in actions, statements, or threats that put an individual in fear of bodily harm.
- Enter any school property without authorization or remain in any school premises after it is closed.
- Obstruct the free movement of any person.
- Violate traffic laws, parking regulations, or other vehicle restrictions.
- Possess, consume, sell, distribute, or exchange alcoholic beverages, tobacco, or controlled substances (including synthetic drugs such as synthetic cannabinoids), or be under the influence of any of the above.
- Possess or use weapons (unless specifically authorized by the District).

- Loiter, gamble, litter, spit, or urinate in public.
- Refuse to comply with reasonable directives of school officials while they are performing their duty.
- Willfully incite others to commit any acts prohibited by the Code of Conduct.
- Violate any federal or State law, local ordinance, or Board policy.

Cindy O'Connor – Seemed that the vote for mascot already prepared before Board meeting. Process lacked transparency. Board convenes community committee for other things, but not for the mascot. Done before testing and graduation and after a death in the District. Reverse decision and put out in a vote in May.

Brooklyn Parslow – There is a person behind every opinion tonight. Mascot was meant well as a tribute to Native Americans but it is not our place to know what is honorable and appropriate when we are not part of that group. Native Americans do not want Indian mascots - respect Native Americans opinion.

Kathy Jordan - Part of OCSD community since age of 4, employee for 33 years. Believed was part Native American because was an Oteora Indian. Became part of the tribe as an athlete at Oteora. Being part of a tribe as an athlete helped get through school. It united the district by fellowship and community spirit, not by bigotry.

Sierra Smith – The Indian mascot is more than a mascot, is the spirit of district. Is it discriminatory? Represented Oteora since 1950s, community should have been informed of vote. Was done by a student club with little representation from students. A transparent Board would have given notice to community. American Indian is ideal representation of bravery, friendship, strength and leadership.

Lisa Phillips - Compliment initiative of HS students. When living in Newtown, CT mascot was Indian. After graduation, became aware of the ways Native American mascots demean Indians. Newtown SD changed to Night Hawks. Traditions are important, but country is always changing, live in a wider world. In the world there was been an outcry against Indian Mascots – 2/3 of Indian mascots have changed. Give students a mascot that includes tolerance and respect for others.

Sally Rothchild – Divisive issue – thank you to Board for this vote. No imagery allowed on uniform or a mascot that dresses up for fear of being culturally insensitive.

Alexandra Bailey – Shocking that still debating that using Indian mascot is morally wrong and incorrect. Native Americans have been asking that people stop calling them Indians and using them as a mascot. District is not predominately Native American. Can't take other people's heritage and make it ours. Her mother asks people to respect her heritage as a Romanian, although people continue to call her Russian.

Robert Burke Warren – There is tension in the room. Chose to make the Oteora District home, because so much disagreement in room and yet it's peaceful. Thanks to the Board for all their volunteer time and great example of how to behave. Constituents knew where you stood on this issue before the vote. Vote did not seem like it was prepared. Unlike in 2002 this began with students who are more connected to world than any other students in history. Native Americans' fight is ongoing. Thank you for taking the risk on this vote.

Aiden Ferris – Thanks to Board for decision on behalf of Earth Guardians – youth led organization on human rights. Call for district-wide training on cultural appreciation. (Played an audio recording of a Native American against using Indians as a mascot) Culture is not for show. Using an Indian mascot is telling younger people that it's ok to keep racist stereotypes. It is not appreciating or honoring culture.

Rachel Marco-Havens – Was a brown student at Oteora. Oppressors are telling oppressed with why it is ok to be oppressed. Confrontation and lash back does not work. Will not change the mind of people fighting for right to honor people of

indigenous land. No right to appropriate culture of another people. Telling Indians they are the mascot is demeaning. Address issues to better educate our young people on culturally diversity.

Natalie Rubin for Milo Himberger – Recent retirement of mascot was right decision. Argument to keep mascot is that it celebrates Native American values but really denigrates them. Native American in cafeteria depicts an Indian with teeth bared, ready to fight. Tradition is important, but value is distorted. Change traditions that are in line with school values. Eagle can give foundation for new traditions, free of intolerance.

Andre Senecal – Has experience as an athlete; 7-10 grade participated in football, then was captain. Throughout the experience it wasn't the word Indian that connected them – it was the labor. Important to find tradition in the right manner, not in a word that is incorrect and causes controversy and pain for some.

Troy O'Connor – VP of senior class. Main objective of Board to do what is best for community as a whole. Student government is a small group of students not elected, and their most important goal was to change mascot. Students were under the impression that the vote to find a contender was just that- a contender, not that it would be brought to the Board. Open meetings were held during time students couldn't be there. No choice to keep Indian in the survey. 107 out of 600 vote. 82% had no vote. Movement to keep mascot is not racist, but honoring. Have a binding public referendum – let the numbers speak.

Megan Wiacek for Will Davis (President of the Class of 2017)– Concerned about injustice to community. History shows the Board does not have ability to have a lasting decision. Issue will continue until is put to community as a binding referendum and vote in the school.

Dawn Wiacek- Nothing against Eagles, but will always be an Onteora Indian. Do not commend Board because of the timing. 2016 graduates started this, why- they are leaving school. Horrible death of a boy that was honored by community. Every tax payer should have a vote on the Indian.

Herb Cytrin – Coach for 30 years at Onteora. Most took Indian respectfully. Told story how football team was losing – used the Indian as motivation and team came back.

Megan Wiacek for Rhona Schiffres – Mascot is a symbol to represent a sports team and to bring good luck. From Huffington Post: Indian reservations refer to themselves as Indians; Amanda Blackhorse- Indian is not preferred or not, just a choice.

Washington Post: 9 out of 10 Indians say not offended by Washington Redskins name. No one has measured what Native Americans think, most ambiguous, few against, most admired name. Concentrate on bullying, celebrating diversity, cracking down on crime, drugs.

Jack Warren – VP of Human Rights Club. Thank Board for approving and allowing PBH session. Here to speak to audience. Understand Indian pride, but not when it is imposed on others that feel it is offensive and decisive.

Mikaila Bergenn, Matthew May and Carol Roberts– Indian represents Onteora as a mascot – taken away when need for pride, power and dedication. Area is rich in history of Indians – Onteora is a word for Mountain of the Sky. First cheerleaders wore fringed outfits with a feather. Change the mascot in the right way. Allowing 7 people to pick something that our community represents when it should be a community wide vote. Focus on drug addiction of student, bullying and potential death of students due to bullying.

Joseph Prusack – With the passing of my best friend, Indian tribe came together.

Fight to get mascot back. Family, brotherhood on the field- go to war with my tribe – being an Indian is about family and loyalty, not about racism. Honor and hold it above our heads. Was welcomed to a team as part of a tribe. School has been torn apart due to this decision.

Douglas Eighmey – Don't buy that Indian mascot is disrespectful, American Indians are war heroes. Reconsider – made a huge mistake, stop disrespecting voters and Indians as American heroes.

Kelly Sinclair – understand both points of view. Support decision to change mascot. Go Eagles!

Jacob Bergenn – Many friends and family that have gone through this schools and still consider themselves Indians. Removing mascot destroys legacy they left. It is asking them to forget what they did and forget who we are.

Alexander Wacksman – Huge learning experience for Onteora. Challenging issue- both sides have merits and faults – drastic change in tradition. Problems with mascot is human rights and cultural equality. Mascot issue is not limited to Onteora. Cultural appropriation is the adoption of another culture. Our ancestors destroyed their culture. Issue not just racist and politically incorrect it is trivializing a culture. The truth behind the mascot, represents dark place in history. The mascot takes away all achievements of Native Americans and should not be shrugged away or may happen again.

Ernest Longhi Jr. – On behalf of fellow alumni who have reached out to him and himself. Democracy not followed in this decision by elected officials - majority of opinion should prevail. Indians are hard working, fought for everything they had, prideful, caring. Indians should be symbol of all of these characteristics. Taking the mascot away is disrespecting them.

Keith Davis-, Catskills means wild cat creek. Name stuck for 300 years. Indians spoke of this area as Onteora – means mountain in the sky. Back cover of 1980 newsletter is dedicated to the history of Onteora. School district adopted the Indian name Onteora as a fulfillment of dream – give children best education in rural setting. Democracy taught in this school was not used by Board members. Never seen mascot looked down upon, always held high to every student live up to name Indians. Allow decision to be made in binding public referendum.

Debra Roberts – Whole family graduated Onteora. Disappointed that our children taught corrupt politics. Student government is a club, not representative of students. They misled the Board. Caused a rift in student body– alienated friends when should be focusing on finals and regents exams . Accept change in mascot if made by fair, unbiased vote by entire student body followed by vote of entire community. Asked for resignations of school board members who voted against mascot.

Sue Clark Greene – Family all went to Onteora. Raised in a time that material items, people and opinions were respected. Grew up with Indians – taught to respect, honor and proudly represent the Indian. Process was used to create Indian name. Many things in area are named after Indians. Name Onteora filled need the public need to pay homage to American Indian culture in our area. Choice of Indian mascot was great choice to represent district. Why change mascot instead of educating on a mascot?

Mike Shultis – Common thread – 57 years of history. Feel the spirituality on football field as looking over the mountains. Change is good – angry at process taken. When in public office, never made a decision that was not put to public first. The only way to save face and bring back – rescind resolution and put out to public referendum and

let the majority decide.

Danyelle Kovacs – Damien Kovacs was son who died in car crash. During that time, the school district united and supported family. Son was a true Indian, leader of his pack. Cheered on all Onteora Indians at different sports. Tell children to never compromise integrity and always do what's right. Board compromised integrity and the integrity of the district. Made a decision without telling anyone. Listened to students that were not elected into office. Chose Onteora – came from Rondout. Made decision while the community was mourning son's loss

Bernie Zahn – Is part Indian – Great grandmother was full blooded Indian. Never been offended by being called Indian. A lot of movement to remove the term Indian. To remove Indian is to try to remove Indians here, but there are still Native Americans here. Using name honors that there are still Indians in this country. Honor Indians by remembering them. It is an honor to have Onteora called Indians.

Carol Maltby – Congratulations to the Human Right Club and Board. That was ethical decision making. Alumni that considers themselves Indians – will always be your history. Ethnic stereo types are still stereo types – no place in education of children. Board is elected to make educational decisions for the district. Make decisions on educational criteria, not nostalgia. Fewer than 1% of District are Native Americans. Hundreds of Native American organizations have spoken out about Indian mascots. Know much more now.

Matoaka Little Eagle – Intense opinions and emotions here. Native American from 3 tribes. Father was rounded up with other Native Americans children and forced to go to government boarding school, where he was not allowed to speak his language, hair cut, etc. Thousands of Native Americans were taught to be ashamed of themselves. Father was a strong man and taught children to be proud of who we are. Mascots make Native People caricatures. Be proud and strong for something that is meaningful to you from your culture. Be strong in who you are. Get strength and courage from family and ancestors. Eagle is wise, strong and far seeing and no one's feelings will be hurt.

Bridget Chartrand – Will always be an Onteora Indian. Brother in 10th grade said the process not taken the way it should have happened. Majority of students do not agree with vote that was held. Change is not a bad thing, but the way it was done was not ok, many more things need to focus on than mascot.

Siobhan Scanlon Puccini for Evan Puccini - Proud to hold name of every alma mater attended. Moved son back to district last year, proud to be Indian. Board changed the name without knowledge or vote of people who live here and without proper representation of students. Take it to a vote by the people – the American way.

Ava Ratcliff – Middle school student in support of the eagle. Thank you – to the Board and students who changed the mascot. Decision has united my friends in school pride. Will help to become a more tolerant and kind school district. These Board members are elected officials – you knew where they stood during election.

Hilary Partridge – Bigger than our Board. In 2001 Commissioner of Education implored all NYS districts to change Indian Mascots. Bigger than Onteora. Common goal to teach about tolerance - see this as a teachable moment. Teach students to believe in themselves, foster self-respect and to respect all others. Changing the mascot to one that soars needs to be done for social justice.

Linda Arnold - Indian logo, Tomahawk Dance have been used for many years, now is not correct. If the gym picture is incorrect, remove it, but not the name. Indians have long legacy in area. American custom to name roads, parks to honor people. What is

wrong with honoring local heritage through using the Indian? Had a great, great grandfather who was an Indian chief – not offended by name Onteora. Indian is sign of respect and what Onteora represents.

Kristen Rotella - Neighbors chance to be heard when referendum was on ballot. Neighbors were not consulted. When neighbors are not respected, respond with great passion. Can be valuable discussion on both sides. Just because something can be done doesn't mean it is the right thing to do – changed protocol for this vote. No representation of stakeholders who voted you there. Asking people to agree to disagree is unjust and wrong – we are standing up to the impromptu vote.

Margaret Jones - Appreciate all Native American here. Thanked the Board, but it comes down to how it happen. Love the eagles – take pictures all the time. Onteora has heritage Onteora built by someone who was part Indian. Not racial – offended of being accused of being racial. Process and democratic way was not used. Intentions were good, but should have reached out to public.

Trustee Storey asked what is the process of telling special teachers when child has 504 or IEP their accommodations

Trustee Osmond asked:

- For a report on PBIS:
 - How it's implemented at each grade level, how it is included in curriculum, what are the objectives and teachings, what is intended result, what is the data or anecdotal evidence on success to show what impact it is having, what is annual cost of program
 - People are not clear what being a PBIS school means and if it is a truly successful program here
- Update on progress on finding an Athletic Director and Director of Technology
- Where we are with curriculum mapping and as it is completed, what are the next steps, what are the improvements/changes to curriculum and how it will be rolled out, how far away are we to have comprehensive K-12 curriculum on website for parents

Trustee Schnell asked for the K-12 drug curriculum, believe secondary is complete

Trustee Salem asked for an update on the Bennett playground

- Facilities report at the last board meeting –field will not happen this summer – still seeing if can do upper level this summer
- Next facilities meeting will see if can move along for this summer
